

What's The Matter With Plattsmouth?

POPULATION ABOUT 9,000 AND RAPIDLY INCREASING.

Over 100 Residences will be Constructed during the Year 1887.

Plattsmouth is situated at the mouth of the Platte River, at a point about half way between Chicago and Denver, only two hours by rail from Lincoln the capital, and 40 minutes from Omaha, the Metropolis of the State.

Has one of the finest systems of Water Works in the State; Streets are well lighted by gas; A Street Railway in process of construction; Grades of the streets established, and bonds voted for the purpose of constructing sewerage and the paving of Main Street; Has a fine four story High School building and six ward school houses; An Opera House costing \$50,000; Nebraska Preserve and Canning Factory, capital \$13,000, capacity 300,000 cans per year and employs 40 hands; Brick and Terra Cotta Works, capital \$50,000, capacity 10,000 bricks per day, employs thirty hands; Plattsmouth Canning Factory, capital \$30,000, capacity 1,500,000 cans per year and employs 125 hands, turns over in one year's business about \$100,000; Schnelbacher buggy and wagon factory; Pepperberg's cigar manufactory, employs 15 hands, and largely supplies the trade of southwestern Nebraska; The Great C. B. & Q. Railroad Machine Shops, Roundhouses, Storehouses, &c. are maintained at this point for the use of its system west of the Missouri River, employing many hundreds of hands, and disbursing to employes monthly about \$30,000; One of the finest railroad bridges in the United States spans the Missouri River at the southern limit of the city; Ten Passenger Trains leave Plattsmouth daily for north, south, east and west; Over 2,000 miles of railroad conveys its freight into and through our city.

The cheapness of land around Plattsmouth and its nearness to Omaha markets together with good railroad facilities, make it not only a pleasant place to reside, but a desirable place for the establishment of manufactories, and they are coming. While real estate values are growing more firm each day, yet there is nothing speculative or fictitious about them, and good residence lots can be bought at from \$100 to \$250; land near the city can be purchased at from \$100 to \$250 per acre. Within the next twelve months our city expects to welcome the Missouri Pacific and the Omaha and Southern Railways into its corporate limits.

These are facts and our city is well prepared for a boom. Now is the time for you to invest in South Park Property. Many lots have already been sold and a number of handsome cottages are now going up in this beautiful addition. Prices of lots \$150 each on monthly or yearly payments. "No trouble to show goods." Call and see us.
