From Tuesday's Daily. -A special train consisting of seven coaches and three baggage cars, the former of which were filled with United States troops, arrived in Omaha yesterday over the Union Pacific from Salt Lake city, and made a stop of twenty minutes. The commanding officers were extremely reticent concerning their movements and would only state that they had been ordered to Chicago to garrison the new fort. From a minor officer under promise that his name would not be mentioned as authority for the statement, itwas learned that the commanding officers of many western forts have been ordered to concern forts have been ordere former of which were filled with United

OSITUARY.

1887, aged twenty-three years, seven months and eighteen days.

Deceased was a daughter of Hon. Samuel Richardson of Eight Mile Grove precinct. She was a young lady admired and beloved by a large circle of friends, all of whom suffer deeply in this sorrow. Her death was preceded by a long and painful sickness. About three years ago she was attacked with rheumatism, from which she suffered greatly; this was folstanger, and must have excluded himself | lowed by heart disease, which terminated in dropsy, from which she was released by the hand of death. Though her sufferings were long and severe, she bore them with great patience and fortitude, never murmaring at her lot.

She was a Christian, having accepted the Savior, and confessed him before men, by joining herself to the people of God. On several occasions during her illness she gave her friends strong evidence of her confidence in the Savior. and her readiness to depart and be at peace. Shortly before she reached the end, she said to her attendants that every thing seemed so bright, they thinking she spoke of the light in the room removed the lamp, when she said "No, that is not it, everything is so bright! so bright!" Thus she passed from earthly scenes. There is not a shadow of doubt but she has gone to share the blessedness of that land where there is no sicknes and death, and where Jesus shall appear in glory, she will be among the glorified. Her funeral was conducted by Rev. W. B. Alexander of this city, and a large company of sorrowing and sympathising friends joined in the solemn service.

Mr. EDITOR,-We desire through the columns of your paper to extend our heart-felt thanks to the friends who so and death. We trust that He who hath said "and whosoever shall give to drink unto one of these little ones a cup of cold water only in the name of a disciple, verily I say unto you he shall in no wise lose his reward." May He bless you abundantly in this life and in the world to come crown you with everlasting life. MR. AND MRS. S. RICHARDSON,

-A pleasant reception party was given Tuesday night at the home of the Misses Weekbach in honor of Mr. and Mrs. Chas. Hempel, who recently returned from their wedding tour to Chicago and returned here to make this their home.

FIRE BELLES.

Plattsmouth Guarded by a Volunteer Woman's Fire Corps. F. om Tuesday's Daily.

This morning what might and would have been a serious little conflagration, had it not been for the presence of mindand activity of several ladies, broke out in the fourth ward. The scene of the fire was the property of Judge A. N. Sullivan, on Marble near 5th street.

On the grounds is situated a double house occupied by Mrs. May Kennedy, her sister Miss Nana Sampson, and Fireman McLennan and family, and near by lives Engineer Beatty and family, but none but the women folks were at home.

About 10 o'clock a fire broke out behind a wood and coal shed used by Mrs. Kennedy and Mrs. McLennan and the entire back of the building was in flames and a pile of kindling wood at each end and the fence before being discovered, The alarm was given by one of the above mentioned ladies and two tubs and a boiler full or water sitting in the back yard about forty feet from the Died-Jane C. Richardson was born | shed were quickly transported there and March 20th 1864 and died November 6th this not being onough to quench the flames a pump near by did good service in furnishing water and the flames were soon extinguished. The fire had almost gained a hold on the adjoining shed, in which a cow was tied and there was also a considerable amount of hav in the building. The shed which was on fire contained a ten gallon can full of gasoline but lucky for the ladies the fire did not reach it. The fire burned for a distance of about twenty feet and was just getting a good hold on the inside of the shed when dis covered. The ladies who formed this volunteer fire brigade were Mrs. Kennedy and sister, Mrs. McLennan and Mrs. Bent ty and sister. No alarm or screaming was done and the ladies certainly deserve credit for the good work and no doubt Judge Sullivan will ever be thankful for the rescue of his property.

The fire was certainly set by some one as there was nothing near in the line of defected flues or ash boxes.

We are authorized by the ladies to state that they would like to see the well drilled bucket brigade that could do better work, and it would certainly be ha.d to find.

What am I to Do? .

The symptoms of biliousness are unhappily but too well known. They differ en difierent individuals to some extent, A bilious man is seldom a breakfast iater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough

The digestive system is wholy out of order and diarreha or constipation may be a symptom or the two may alternate. There are often hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the stomach. To correct all this if not effect a cure try Green's August Flower, it cost but a trifle and thousands attest its efficacy.
