BLAINE DELEGATES.

Egan, Thurston, Heist and Norval Are the Brilliant Men Selected to Represent Nebraska.

A Meeting of Harmony and Great Enthusiasm.

There were 671 delegates in the convention at Omaha last night from all parts of the state and a most enthusiastic meeting was had, and after some discussion and the different delegates were put in nomination the vote was taken which was as follows:

Adams county led off by casting 4 votes for Thurston, 7 for Egan, 14 for Heist, 3 for Boggs, 14 for Norval and 14 for Palmer. Antelope and Arthur fell in by casting their entire vote for Thurston, Egan, Heist and Norval. Blaine county gave the first three named and Boggs its entire count. Cheyenne followed suit except that Norval got the last 11 votes instead of Boggs. Douglas county cast 36 votes for Thurston, 33 for Egan, 22 for Heist, 8 for Boggs, 34 for Norval, 3 for Palmer and 17 for Hartman. Gage gave Thurston 18, Boggs 1, and Egan, Norval and Palmer 19 each. Hall cast 11 for Thurston, 11 for Egan, 11 for Heist, and 11 for Palmer. Lancaster gave Thurston 20, Egan 25, Heist 19, Boggs 6, Norval 22, Palmer 5, and Hartman 2.

At the conclusion of the vote the secretary of the convention asked for a little time to compile the figures, and while waiting Colonel W. P. Hepburn, of Iowa, made a speech in which he reviewed with alarm the course the democratic party was taking in regard to protection, railroad monopolies and trusts, and pointed with pride to the brilliant record the republican party had succeeded in piling up—a grand and glorious record. The republican party had increased the wealth of the nation from \$14,000,000,000, in 1860 to \$43,000,000,000 in 1880. He severely criticised all reformers and said he did not believe in reforms anyway.

The secretary then announced the vote as follows:

Egan	594
Norval	508
Thurston	449
Heist	399
Palmer	291
Boggs	270
Hartman	150

Amid tremendous cheering Mr. Thurston came on the platform and thanked the convention for the honor conferred upon him in electing him for the second time a delegate to the national convention. His heart beat in sympathy with the republicans of the state and nation, and his only hope was that the national convention would deliberate in its action and would nominate James G. Blaine (great applause), who was honestly elected in 1884. With a promise to honestly represent the party in the convention, Mr. Thurston closed, and was followed by Mr. Egan, who promised to vote for a man whom the party would not be ashamed of.

Judge Norval made a short speech, in which he pledged his hearty support to the ticket.

The chair asked that the convention excuse the non-appearance of Judge Heist, who was unable to attend, and then announced the report of the committee on resolutions. Mr. Irwin of Douglas then read

A PLATFORM OF PRINCIPLES AND PLEDGES ADOPTED ON WHICH WE STAND.

We, the representatives of the republican party of the state of Nebraska, in convention assembled, do hereby condemn and arraign the democratic party and its administration of public affairs for its failure to keep the promises it made in its platform and by its leaders of the campaign of 1884; for denying to the people of Dakota the rights of statehood; for its failure to reduce the surplus by reduction of taxes and proper and necessary expenditures of public improvements; for the effort it is now making to tear down the American system of protection, fostered and built up by the republican party around the farm and factories of America.

As the business of the country now demands revision the republican party, alive to the demands of every material interest, will see to it that such revision shall be made at the earliest practical day. We condemn the action of the democratic majority in congress that after repeated pledges of tariff reform, it has utterly failed, while having a large majority in the house of representatives where tariff bills must originate to bring about such reform which must come from the party that has ever been the friend of the American laborer and producer.

We denounce the Mills bill as an attempt to force free trade upon the farms and manufactures and workmen of the north while giving protection to the sugar and cotton planter of the south. Under democratic administration great corporations have formed trusts, and no attempt has been made by the democracy in power to check their growth. We condemn President Cleveland in the use

he has made of the veto power and in ordering the return of the rebel flags, thereby disgracing an office that has been honored by Washington and sanctified by the blood of Lincoln.

We pledge ourselves to place in control of the nation men who will carry out the great mission of the republican party—a free ballot and a fair count.

Protection to each citizen everywhere, at home and abroad.

Protection to manufacturers and farmers, that this nation may keep her proper place as the grandest nation amidst the nations and the ages.

The enactment of such laws as will destroy trusts and prevent corporations from controlling the commerce of this nation.

The enforcement of the civil service laws.

The enactment of such laws as will compel corporations to listen to the voice of labor and submit to arbitration any difference of opinion, to the end that labor, while ever careful of property rights, and holding no sympathy with those who would with the communist divide, or with the anarchist destroy, re-asserts its determination that the great railway corporations of this state which hold relations of closest interests to the people shall be the fairly paid servants of the state and not its masters. The work of legislative control in the state and nation shall continue until all cause for complaint of exorbitant rates and unjust discrimination in favor of individuals or localities shall cease to exist. Assuming the responsibility which fairly belongs to it of having originated all legislation looking to railroad control and the creation of those tribunals and commissions which have been enabled to grapple with corporate power, the republican party will see to it that by all needed enlargements of power these commissions, national and state, shall be armed for battle and victory. While favoring such change in the constitution of this state as will permit the railroad commissioners to be elected by the people, it hereby voices its confidence in the existing board of transportation, and commends its efforts to obtain for Nebraska the same tariff of rates for freight and carriage of passengers as is accorded neighboring states similarly circumstanced. It is grossly unjust and a grievous wrong that Nebraska should pay more for the transportation of her products and the carriage of her supplies than her neighbors, Iowa, Minnesota and Dakota, and the republicans of this state, with its 3,000 miles of westerly constructed and cheaply maintained lines of railroad, will not cease their efforts until all wrongs be righted.

We renew our pledge made in the platform of the last state republican convention in the following words:

Sympathy for the wronged and oppressed of every land is avowed, and at this crisis in the affairs of the people of Ireland, hearty encouragement is expressed to them in their struggle for liberty and self government.

Liberal pensions to disabled and needy veterans of the union army are recommended to congress; but jobbery and favoritism, such as were exposed by President Cleveland's veto measures are emphatically condemned.

For the best interests of all the people of the United States, and their more harmonious contenting into a fraternal national sectional issues and the keeping alive of the hatreds of the late civil war are reprehended and denounced.

A motion was then made by a delegate from Cass that Messrs. Palmer, Boggs, Hartman and Likes, the latter of Hayes county, be elected alternates by acclamation, which was carried.

Delegate Gurley, of Douglas, arose in his seat and kicked against the proceeding and was supported by Judge Hascall, but both were promptly "quelled" by the chair.

After an announcement by the secretary to the effect that all desirous of attending the Chicago convention should meet at the Millard at 10:30 this morning to make arrangements, the convention adjourned sine die.

A better set of delegates could not be had anywhere and they go untroubled but favor the Plumed Knights.

Clerks from St. Louis.

PALESTINE, Tex., May 15.—Thirty clerks of the International and Great Northern headquarters force arrived here from St. Louis last night and are now engaged at their posts in the general office building. Some apprehension has been felt on the part of citizens that the change of the road headquarters from St. Louis to Palestine was only a temporary move by Mr. Gould to effect some design of his own in connection with the settlement of the present differences between himself and other systems, but the belief is now pretty well settled that the change will be permanent. The change will add greatly to the financial status of Palestine, bringing, it is expected, a large increase in the shop force as well as in that of the general offices.

The Tangier Trouble Settled.

WASHINGTON, D. C., May 16.—Acting Secretary Rives received a cablegram from United States Consul Lewis, at Tangier, this morning, saying that all questions of disagreement between Morocco and the United States had been settled and that he had gained all the points contended for.

DIDN'T MIND THE BITE.

An Old Chap in Arkansas Who Wasn't Afraid of Hydrophobia.

A Georgia man, while standing in front of a blacksmith's shop, was bitten by a dog. "Gracious alive!" exclaimed the blacksmith, "run home and pray for the salvation of your soul, for your body is lost."

"How so?" the old fellow asked as he rubbed the place where the dog had bitten him.

"Why, that dog is mad. Look how he foams at the mouth. That's the dog the neighbors have been looking for!"

A puff of smoke came from the bushes near by, the "bang" of a gun was heard and the dog fell dead in the road.

"Neighbors been lookin' fur him, eh?" said the old fellow who had been bitten. "Well, I ain't been lookin' fur him, but it 'pears sorter like he's been lookin' fur me."

"Run to a doctor, man."

"No, I kain't afford it. I hired one last spring to cure the chills on my daughter Nan, an' I thought it would break me bodily, an' as I got him paid, Nan, you know, married Abe Slater shortly afterwards, an' I says to Abe, 'I, 'Abe, you oughter pay a part of that chill bill, 'cause chill bill' says he, 'Why Nans', 'I, 'Oh, says he, 'I didn't marry the chills too. I only married Nan, an' I inachually expected the chills not to cut no figger in the transaction.' An', sir, Abe he never would pay a cent on that chill bill, but puffy soon 'long come the yaller ager, creppin' down the big road. Well, sir, it hopped a-straddle av ole Abe an' rid him puffy nigh ter death."

"But that ain't got nothing to do with that mad dog. You'll be dead man in less'n nine days."

"Well, I'll wait an' see, an' if what you say comes true, w'y I'll own up. I ain't no ban' ter dispute after the facts have dug gone agin me. Tain't thater way with Abe, though. He'll argy when he knows he ain't got no show. I like ter see a man stick up fur what he believes, but when a fellow finds he's wrong, w'y he jest natchally ought ter cave. Well, good mornin', I've got a loss trade on hand 'over yander cross the branch an' I believe I'll fix it up befo' the feller gits outen the notion."—Arkansas Traveler.

Life in a Russian Prison.

A Russian army officer who was condemned to "katorga" for an assault committed in a moment of excitement, and who was pardoned by the czar after several years' detention, describes the Omsk prison, where he was confined, as follows:

"For smoking and minor offenses of that sort, a prisoner could be made to kneel for two hours on the bare, frozen floor. The next punishment for the same minor offense was the black hole—the 'kazar'—the warm one and the cold one, underground, with a temperature at freezing point. In both prisoners slept on the stones, and the term of duration depended on the will of the director. Several were kept there for a fortnight, after which they were literally dragged out into daylight and then dismissed to the land where pain and suffering are not. During the four years of my confinement the average mortality in the prison was 30 per cent. per annum. I must not be thought, that those on whom penalties of this kind were inflicted were hardened desperadoes. We incurred them if we saved a morsel of bread from dinner for the supper, or if a match was found on a prisoner. The 'desperate' characters were treated after another fashion. One, for instance, was kept for nine months in solitary confinement in the line of the dark cells, and came out blind and insane.
