OUR NATION DISGRACED

C. Whopper Slightly Disfigured but Still in the Ring.
From Wednesday's Herald.

C. Whopper, editor of the Journal, was led off of the depot platform this morning by a special detective. This disgrace to our nation was witnessed by our special artist, and the following is the way the Pinkerton men appeared:

A Boy Drowned.

FREMONT, Neb., May 23.—On Saturday a four-year-old son of a farmer named Hendrickson, living on Spooner & Lyman's farm near Hooper, fell into the Elkhorn river and was drowned. A constant search for the body of the little fellow has not, at this time, resulted in its recovery.

State Sunday School Association.

YORK, Neb., May 23.—The Nebraska Sunday-school association meets here at 2 p. m. today and continues until Thursday evening. A large attendance is at this early hour assured. The order of exercises this afternoon is, a prayer and praise meeting led by Rev. G. W. Martin, Ph. D., of North Platte; addresses of welcome by Hon. A. D. Wycoff, mayor of York; response by President C. C. White, of Valparaiso; report from county associations and schools. This evening there will be a praise meeting, led by Rev. J. H. Presson, Seward, and an address on the subject of "More Room" by Rev. Willard Scott, of Omaha. Ralph Wells, of New York, will address the association upon "How to use the Bible." The programme for Wednesday and Thursday is excellent, and great interest is being manifested in it.

The Methodists Succeed in Electing Two Bishops.

New York, May 22.—At the session of the General Methodist conference today the report on the election of a second missionary bishop to India came up. Before actual voting began much time was taken up in settling the question as to whether ballots containing less than the required number of names should be counted or thrown out. After much discussion it was decided to count them, and voting began in earnest.

On the third ballot this evening Rev. Dr. J. H. Vincent, of Rock river conference, and Rev. W. J. Fitzgerald, of the New Jersey conference, were elected bishops. A journal was taken before the result of the fourth ballot could be known.

A Collision at Humboldt

HUMBOLDT, Neb., May 22.—A collision occurred at 12:30 today between engine No. 77 and freight No. 78 and the Lincoln passenger No. 71. The freight had orders to side track here for the passenger and cut loose the engine from the train about one-half mile from the depot, intending to run in and open the switch. Train No. 71 was standing on the main track and the engineer seeing that the engine had lost control of the incoming engine, reversed and had the train under pretty good headway before the collision took place and by his prompt action saved his engine and nothing is damaged but the pilot broken off. Men are now engaged in clearing the track. Engine No. 77 is badly damaged. Fortunately no one is injured although the passengers were badly shaken up and scared. The wrecked engine was running about eight miles an hour at the time of the accident. The cause of the collision was that the

link block pin had worked out and caught in the link saddle, making it impossible to reverse the engine.

Court House Robbed.

WILBER, Neb., May 23.—The court house at this place was burglarized last night. The county judges' office, the sheriff's office, the county clerk's office and the county treasurer's office all were forced open and more or less plunder taken, but little cash is believed to have been stolen. The sheriff's office was entered through a window and the safe opened and about \$6 or \$7 in cash abstracted therefrom. No other loss, save that of a pair of excellent revolvers belonging to the sheriff. From the sheriff's office the provokers entered the clerk's office by a partition which was not locked, where they opened all drawers and handled papers rather carelessly and finally selected a fine cigar-holder, a present from an old county friend of the clerk's, and left in disgust.

The judge's office was entered through a window from the north. The vault was opened and papers promiscuously scattered, but nothing is missing so far as Judge Rhine has examined. The vault was evidently on the day lock and easily opened.

The treasurer's office door was forced open and the vault door drilled, considerable powder burned, the knobs and handles broken off, but it is believed that no entrance was effected. If this vault was opened the safe inside was probably robbed of about \$700 cash, all it contained and the vault door closed and battered up to mislead or baffle the officers. The thief carried away the treasurer's revolver, but nothing further is missing. A part of the tools used by the burglars were taken from a Bohemian's blacksmith shop in Bohemian-town and consisted of a pick, a hammer, an adz, chisel and a few iron bars, all of which were left in the court house but the drill with which the drilling was done in the treasurer's office has not been found.

No definite clue has been settled upon as to the party or parties perpetrating this crime but it is believed that the parties followed the deputy sheriff Pat Malloy from Crete yesterday, where he had sold a farm at sheriff's sale and carried back to Wilber with him the proceeds of the sale, \$2,625 but which he had fortunately placed in a bank on his arrival in Wilber.

They Went Through the Town.

WAHOO, Neb., May 23.—Last night Wahoo was visited by a set of sneak thieves and burglars. They first entered the house of N. H. Bell and took his gold watch, pocket-book, \$49.70 in cash and two pair of pantaloons, then crossed the street to the house of R. S. Franck and left the pantaloons taken at Bell's, and took a half case of beer. From there they went to the house of Emile Fisher, and abstracted his pants and loose change, then to the house of Dr. Hawes, where they were discovered and fled. No clue to the identity or whereabouts of the scoundrels has been discovered.

A Soldier Fatally Shot.

VALENTINE, Neb., May 23.—A fatal accident occurred at Fort Niobrara today. Private Hoolahan, of Company A, Eighth Infantry was shot through the arm and body while on target duty. He had arranged the target and was in the act of backing out from it when he received the shot which will undoubtedly cost him his life.

Louisville.

The agent for the American Bible society was in town Saturday. He sold quite a number of books. Surely such men are welcome here.

Notwithstanding the inclemency of the weather the ice cream social was a great success.

The school entertainment was very good and was largely attended. Two of the teachers left town Saturday.

Mr. Conety who has been foreman of the "Western Union Pottery" for the past year left town Monday for Red Oak Iowa. Mr. Lillie takes his place.

Mr. C. Clifford's infant child died of measles last Wednesday and was buried on Thursday.

The meat market owned by H. Boedeker closed last Saturday. Mr. Charley Schlaff takes the old stand again.

W. W. Valentine, the efficient sign painter, is in town doing some work.

Mr. William Smith, night operator of the M. P., and Miss Mollie Johnson were married last Monday by G. C. Cleghorn.

District No. 32 has an enumeration of 216 children of school age, and of that No. 175 have been enrolled during the school year. Where is the district which can better that? SMILE.

Scientific Study of Crime.

Criminal biology is a new development of science, but one of eminent value. The New York Academy of Anthropology sends out the following questions: 1. What categories of criminals may we distinguish? And what are the fundamental characteristics, physical and psychical, which they display? 2. Is there a general bio-pathological constitution which predisposes its subject to the commission of crime? How does it originate, and what form does it assume? 3. What is the proper classification of human actions, based on the affections which give rise to them? What effect does the education of the moral nature have upon the passions and indirectly upon crime? 4. Does the number of suicides stand in inverse ratio to the number of homicides? 5. Epilepsy and moral insanity in prisons and insane asylums. 6. Malingering among the insane. 7. The utility of a museum of criminal anthropology. 8. The influence of atmospheric and economic conditions on crime in America. These questions are followed by others under the title of criminal sociology. "We cannot highly value the method of study of crime which begins with the study of the criminal himself."—Globe-Democrat.

The Collapsible Clerk.

A little miss from Dearborn avenue entered a North Clark street stationery store wearing an expression that plainly told that she knew just what she wanted. In truth, she had been repeating the name of the article she had been sent for from the time she had left her home, and thought she had it just. "Give me," said the little miss, "a dime's worth of stubbed pens." And the clerk rolled up his eyes and flopped over quite extinct.—Chicago Herald.

Making a Good Impression.

"Bobby," cautioned his mother, "the bishop is to dine with us today, and you must be very quiet at the table. I want him to think that you are a good little boy." "Very much impressed," Bobby ate his dinner in silence until his plate needed replenishing. "Pa," he said devoutly, "will you give me some more string beans, for of such is the kingdom of heaven."—The Epoch.

A Hard One in Division.

"I see," observed Mrs. Suggs, "that theultan of Zanzibar left twenty-seven widows." "Yes," replied Suggs, heartlessly, "the ripened a heavy crop of weeds very suddenly." "That wasn't what I was thinking of. What I can't understand is how all these widows will get their thirds."—Pittsburg Chronicle.

She Knew Him Well.

"Have you a very stylish young girl you could recommend me?" said a gentleman in an employment bureau. "Excuse me, sir," replied the affable man, "but do you live in the corner house?" "Yes, but why do you ask?" "Because your wife was here only a moment ago to see if we had a tow headed girl with a wart on her nose."—Judge.

SHAKER BOY!

—Will make the season—
Mondays and Tuesdays at Home,
one mile east of Eight Mile Grove.
Wednesday to Saturday in Plattsmouth
At Louis Khroell's stable at the foot of Main Street.

SHAKER BOY

Is a Dark-Bay Pacer, 15 1/2 hands high, weighing 1,200 pounds. His close, compact form and noted reputation for endurance and speedy progeny have justly earned for him the reputation, and encomium from the Editor of the "Spirit of the Turf," that he is one of the Best Sires of the age. His record is 2:26, and has paced trial miles in 2:16. His colts, Little Baby, 2:27 1/2, and J. W. Huey, 2:24 1/2, with more to follow in the charmed circle this summer, is certainly a great showing, and affords the public in this vicinity a grand opportunity to get valuable horses at low prices. His service of \$15.00, with \$2.00 added if not paid till after foaling, or \$20 to insure colt to stand, is only the price of a good ordinary horse, while horses of SHAKER BOY'S blood lines receive from \$100.00 to \$300.00 in other localities. Horses of this kind, if not wanted for sporting purposes, can do more general work on a farm, on account of their extra nerve power, than unwieldy draft horses, and can go to town or to meeting in one half the time, and time is money. Owners of fine mares have a rare chance now for one of the cheapest horses in the United States. Embrace the opportunity.
