EXTENDED SYMPATHY.

TO THE FRIENDS OF "BUDDIE" DRUMMOND.
For THE HERALD by O. T. Wood.
Extended sympathy and tears
Are all of an avail;
Yet friends have tender sympathies
"Tis friends, of "Buddie," pale.
Though tears of friends availeth not,
The lifeless form to raise,
True sympathy from friendly hearts,
May lighten cloudy days.
How vividly this brings to mind,
While gay, "we are in death,"
Inspiring, how many buds are clipped
By sleet's cold, icy breath?
Though some remain till fall winds blow:
Withstand the drought and sun;
By silver frost, which comes at night
We know they're almost done.
How much like buds and leaves are we?
Some blight in spring winds chill;
Seems age, like frost, at night to come,
Then a fall low and still.
Unlike the leaf, in a soft soul,
To live forever more,
Fall soon, or late, he can have hope
To meet those gone before.

ASHLAND REPUBLICANS.

The Plattsmouth Clubs Invited to Attend Their Rally Oct. 16.

The republicans of Ashland have decided on Friday next, the 26th, as the day on which to hold their rally. Their club left a most favorable impression upon Plattsmouth people, and it is needless to say that there will be an overwhelming turnout from this city to attend their rally on the 26th. The ladies' club of this city has also been invited, and we hope they will not fall short of doing their duty, as the Ashland ladies' club did in Plattsmouth. The presence of ladies on such an occasion certainly lends much enthusiasm, and we know the young ladies of Plattsmouth will hold their own on that day. We only hope that they will turn out in full force and do justice to our city and to themselves.

Clubs will be present from Omaha, Lincoln, Plattsmouth, Wahoo and other points. A large meeting will be held in the afternoon, and a torchlight procession in the evening. Both meetings will be addressed by prominent speakers. Senator Manderson, Rev. J. G. Tate, W. J. Connell, Judge Cronse, Geo. D. McKeljohn, and others will be present. Special accommodations will be furnished for the Plattsmouth people, and it is expected that all republicans of this city who can will attend and participate in the rally.

The following invitation to the club has been received:

OFFICE OF REPUBLICAN LEAGUE,
Ashland, Neb., 10-18, 1888.
Mr. John A. Dantes, President of

Young Men's Republican Club, Plattsmouth, Nebraska.

DEAR SIR—The republicans of Ashland cordially invite your club to join us in a grand rally on the eve of Friday, October 26th. Omaha, Lincoln, Wahoo and other points are expected to send good delegations. Please address us of your actions as soon as possible, that you may be assigned a prominent position in the parade.
Yours truly,
G. J. RAUBACK, Sec.

Grand Island Republicans Join the Campaign Enthusiasts.

GRAND ISLAND, Neb., Oct. 15.—An enthusiastic meeting was held here tonight. Bartenback's opera house was packed at 8 o'clock and when Hon. G. W. E. Dorsey, Captain Hill, Captain Hayes and C. O. Whedon marched down the aisle a cheer went up that fully demonstrated the feeling in Hall county. Mr. Dorsey was first introduced to the audience and in his pointed way discussed the tariff question for an hour. He was followed by Captain Hayes, C. O. Whedon and Captain Hill. Thomas Robinson, a mechanic, made a speech, and speaking as he did from experience with the wages of England, his talk was very telling.

Breeding Buffalo

TOPEKA, Kan., Oct. 19.—C. S. Jones closed a contract here yesterday with parties in Manitoba for the only herd of domestic buffalo in the world of any note outside of his herd here. They were bought by parties in Pennsylvania and will be brought to Garden city next month and placed with Mr. Jones' herd. There are six three-quarter and eight half-breeds, and when added to Mr. Jones' herd will make 150 head. The half and three-quarter buffalo is a new race of cattle, and Mr. Jones says that they will surprise the world and be the coming animal for robes and meat, as they require no shelter or food except the native range. Mr. Jones has completed the organization of a stock company with a capital of \$200,000, which will establish an extensive ranch in Finney county for propagation of the buffalo.

The Yellow Fever.

SHEFFIELD, Ala., Oct. 18.—A special from Decatur says: No deaths and three new cases were reported today.
JACKSONVILLE, Fla., Oct. 18.—The following is the official bulletin for the twenty-four hours ended at 6 o'clock this evening: New cases 36; deaths, 3; total number of cases to date, 3,633; total number of deaths, 321. Advices from Fernandina say there were thirty-two new cases and two deaths there on Oct. 15, and on the 16th, thirty-seven new cases and three deaths.

From Thursday's Daily.

—The funeral of "Buddie" Drummond took place this afternoon at 2 o'clock. All the schools were closed for the afternoon.

—The sewer work is at present progressing rapidly and the contractors expect to complete their work within three weeks. The paving is also being pushed, over one block and a half already having been completed.

—Mrs. Peterson, mother of the Peterson Bros. of this city, who fell down a cellar stairs some time ago and dislocated her hip and also received other severe injuries, is rapidly overcoming her misfortune, and will soon be able to be around again.

—Mr. C. F. Smith, a prominent tailor of this city, carried a box of cigars under his arm for a good portion of the day. If a friend approached him with a smile he only opened up the box, and after requesting him to help himself, informed him that "It's a boy."

—Charles Ellis and Harvey Westlake, who were tried before Judge Stiles yesterday afternoon for waylaying and robbing Jas. Keough of his money and watch last Saturday night, were bound over to the district court by the sum of \$200 each. Keough was also held by the sum of \$100 as a witness.

—Judge Haynes, whose return to the city was mentioned in this paper several weeks ago, has again taken his departure for the east. His former wife still resides in this city, and many think she has only a short time longer to live. As many thought who were acquainted with the reprobate judge, he returned to her for no good, but only for the purpose of robbing the old lady of what property she still has remaining in her name. He persuaded her to make a will, willing him all the property. He had interviewed a prominent lawyer of this city and asked for information as to which would be the easiest way to secure the property. As the attorney was in sympathy with the old lady, he understood the situation immediately. He informed the old judge that the best way for him to do would be to persuade the old lady to will her property to him, and he made out the papers for him. We learn that when Mrs. Haynes again makes a will that the first one will not be valued at the cost of the paper it is written on. After she had made her

will, he informed her that he had been married nearly ever since they had been separated. The news almost broke the old lady's heart. He now resides at Jackson, Mich., with his second wife and five children. He left this city for there last Friday.

—One of the noted public feasters more commonly known as a tramp, infested a wrong house the other day in this city with the intention of working it for a meal. After the man covered a meal which could find room in nothing smaller than a bushel basket outside of his vest, he was in the act of returning thanks to his entertainer for the goodness shown him and making way for the door to take his departure when he was abruptly halted. The gentleman who fed the tramp, realized that he had been sorely imposed upon by the public spirited people, and had sworn vengeance on the last tramp who had promised to do enough work for his dinner and skipped and he had made up his mind to even up on the next one who should try to impose upon him for the sins of the many. The sudden halt which his honor was obliged to make at the door surprised him. The landlord had a whale-bone horse whip laid conveniently away for the occasion, and quickly securing it he requested the tramp to accept of a saw which he offered him and make his way to the wood pile, the sight of which unnerved the unfortunate man. The poor canvasser marched to the wood pile with a dropped head and apparently suffering from as much timidity as he would had a death sentence been passed upon him. His employer did not value his own time just then, for it was vengeance he wanted, as he stood at a distance from the man without horse whip in his hand while the unfortunate tramp sawed enough wood to pay for a week's meals some where where people would be more generous. The landlord informs us that he is under the impression that when this intruder spreads the news to his chums that he will ever more be free from tramps.

—The funeral of "Buddie" Drummond took place yesterday afternoon about 2 o'clock. Services were held at the residence of his father, by the Rev. H. B. Burgess, of the Episcopal church, before the removal of the remains. At the grave the regular Episcopal burial service was held. Six of the boy's classmates were selected as pall bearers, and six more acted as escorts: Guy Vandervoort, Francis Ballance, Bertie Hadley, Frank White, Charles Murray, Robert Brown. Escorts: Wallace Thresher, Noble Smalley, Fred Hawksworth, Chas. Kennedy, Jimmy Stewart, Wayden Hunt. A large number of the most beautiful bouquets were donated by children of the school and teachers, while numbers of others offered similar tributes of respect. Although the little fellow was only about six years old, he had gained many friends and was a general favorite where ever he was known. He was uncommonly bright for a child of his age, and gave great promise; but he was cut down in his youth and his death has caused the deepest bereavement to his parents.

—The funeral was uncommonly large. The HERALD sympathizes with the parents in this, their severest trial.

—Hon. L. D. Richards, chairman of Nebraska republican state central committee informs us that the Hon. Chas. F. Manderson is billed to speak at Ashland on Friday, the 26th.

—Ami Todd has served the people of Cass county faithfully for two terms, he has been nominated for a third term

because he has dealt fairly with all questions, let us elect him again.—Weeping Water Eagle.

—Mr. John W. Clark, of Weeping Water, brother of City attorney Byron Clark, is now in the city at the home of his parents. At present he is suffering intensely from the effects of Bright's disease, and his eyesight has almost entirely failed him. He has traveled to the hot springs and over the entire country to find relief, and returned to his home here thinking he was speedily overcoming the disease, but we learn that he is now suffering as much as at any time.

—The following is a copy of part of a letter to Mrs. —, who works in the recorder's office; from her uncle who lives in New York City: "I hope that you, as many other of our democratic friends do, see before you a sure defeat of democracy, and that you, as hosts of others, have concluded to work for the republican ticket and help to secure protection to our homes." The sentiment was well received but hard to rejoice over.

Mr. V. S. English, assistant superintendent of the B. & M., is in the city today on business.

—The district court calendar for the adjourned September term was forwarded to the Weeping Water *Republican* this week for publication by the clerk, Mr. W. C. Showalter. It contained one hundred and seventy-six civil and twelve criminal cases.

—Our juvenile base ball club, the Browns, informs us that the base ball season is not yet at an end, and that it is their intention to play another game before retiring for the winter. They will play a nine from Rock Creek this afternoon on the base ball grounds west of the city.

—Men were employed yesterday in hauling out the *Journal* office. As the "stin's creek" which flowed by that journalistic corner had been interrupted in its flow by the street mechanics, the river overflowed its banks and flooded that office. If the inhabitants of that cellar do not die of yellow fever, cholera or something of the kind, bad water does not contain the germ.

Celestials Allowed to Land.

WASHINGTON, Oct. 19.—A telegram received at the treasury department from the collector at San Francisco announces the arrival at his post of the American steamer Bertha with ninety Chinese laborers. The steamer he says, cleared at Kodiak island, Alaska, whither they went from San Francisco. The collector asks for a ruling whether the Chinese should be allowed to land. In reply Assistant Secretary Maynard says that these Chinamen may be regarded as never having left the United States, and may therefore be permitted to land. He advises, however, that strict proof of this be demanded.
