CALIFORNIA IS ALL RIGHT.

Republicans Claim the State by About Five Thousand.

The Coast States in Line.

SAN FRANCISCO, Nov. 8.—The count of 41,462 votes in the city out of a total of 55,370 gives Harrison 20,007 and Cleveland 21,455. It is expected that the canvass of the vote of the city will be completed this afternoon. The republican state committee estimates that the democratic plurality in the city will be about 5,900, but contend that outside counties will furnish a republican plurality of 14,000, and that the republican electoral ticket will be elected by 9,000 plurality. The prohibition vote, as far as canvassed, falls below that of 1884.

M. H. DeYoung, chairman of the sub-committee of the national executive committee, telegraphed to Chairman Quay last night that all the Pacific coast states had gone for Harrison, and California, particularly, by a rising vote of 8,000. The estimates of the democratic state committee does not vary from the one made recently, of a probable plurality of 2,000 - 3,000 in the state. The Examiner editorially claims California is still in doubt. The Chronicle says: "We think we are entirely safe in saying

that California has gone republican by from four to five thousand.

Late this afternoon the vote has been counted in 140 precincts in this city out of a total of 176, and the result is as follows: Cleveland 25,986, Harrison 26,116.

Indiana. INDIANAPOLIS, Ind., Nov. 8.—948 precincts in Indiana give Harrison 150,588, Cleveland 144,153. The same in 1884 gave Blaine 136,895, Cleveland 137,031.

Harrison's majority will not be less than 3,000 and probably 5,000. The state ticket is elected by about the same majority.

Under the law of Indiana this is the day when supervisors of elections convene in each county to canvass the returns. These boards are consequently now in session throughout the entire state and it is thought that by tonight the vote of the state by counties will be obtainable.

Democratic Waterloo in Nebraska.

LINCOLN, Neb., Nov. 9.—The McShane sensational scheme certainly met a Waterloo on Tuesday in Nebraska. The republican state committee estimated the total democratic in both houses of the next legislature at 21, but later returns have so greatly improved the legislative outlook in the state, that the total democratic strength is set down at about 31.

This would leave the republicans 103 on joint ballot, and Senator Manderson will be the most splendidly re-elected and endorsed man in the federal senate who has met a conspiracy and overwhelmed it through the confidence of his fellow citizens.

Nor is Governor Thayer much behind in the public approval he has received. He has come out of the democratic carnival of calumny, corruption and misrepresentation with a plurality which the state committee estimates at fully 22,000, and the later returns may increase this to 25,000.

The electoral ticket will have a plurality probably of not less than 30,000, which would seem to indicate that those democrats and dyspeptic republicans who were so confident that Nebraska was a doubtful state and could now sell their judgment at a premium in the glare of the light cast on the situation by the recent election.

The vote for Fisk and Brooks in the state is estimated at 4,500.

Kansas. TOPEKA, Kan., Nov. 8.—The dispatches

received by the republican state central committee from every county in the state show that the victory achieved by the republicans of Kansas was the grandest in the history of the state. In spite of the desperate fight made by the democrats and the active opposition of the union labor party and the third party prohibitionists, the republican candidates have undoubtedly received the largest majorities ever given to a republican candidate in Kansas. Secretary Hutchins of the republican state central committee states that from telegrams received from almost every county in the state General Harrison will receive a plurality of 70,000, and Governor Humphry's plurality will without doubt be 65,000, but the greatest victory was in the election of a legislature which is more unanimously republican than it has ever been before. Up to 9 o'clock the committee had information of only five opposition members of the legislature. In view of the fact that in nearly every county in the state the democrats and union labor party had combined on members of the legislature, makes the victory all the more satisfactory. Wyandotte county, which has always been a democratic stronghold, elects the entire republican county ticket for the first time in its history.

Kentucky. CONINGTON, Ky. Nov. 8.—A story is in circulation here, that Speaker Carlisle is to be deprived of his certificate of election. The ground of this action is the alleged illegality of ballots cast for him in Campbell and Kenton counties. It is assumed that if they are thrown out his majority in the district will be overcome. The Kentucky law requires that a ballot shall be on plain white paper, with no distinguishing features, but the Carlisle ballots were printed on large sheets of perforated paper, so that when the tickets were torn apart perforations appeared on the edges and made them easily distinguishable from the other tickets. Color is given to the story by the fact that the canvassing board in Campbell county is republican.

West Virginia. WHEELING, Nov. 8.—Dispatches just received tonight from the capitol of the state announce that the democratic state treasurer, Thomson, concedes the state to the republican by from 400 to 700 majority. This is simply a confirmation of the steady

republican gains that have been coming in today. The republican state committee here claims the state by a much larger majority. They claim to have at least three, and probably a solid delegation of five congressmen. They claim majorities for the electoral ticket and a majority in the legislature.

The scene of republican enthusiasm in this city tonight is unprecedented. Thousands of people have crowded the streets in front of the Intelligence building to read the bulletins, and on every hand is heard the cry that the "solid south" is broken at last by the vote of this state.

From Friday's Daily.

Notice the log cabin and its protection in Smith & Co's window tonight. It was purchased by 25 young republicans as a present to Mrs. Harrison. It is the most elegant and complete thing we have seen.

Mrs. Ed Gerrans, of Lincoln, who has been visiting her mother, Mrs. Cooper, and her many friends here, for some time, returned home last evening.

Mr. W. J. Warrick returned from Chicago this morning after purchasing a fine holiday stock. The stock is twice as extensive as the one purchased for the holidays last year and cost about \$1,500. The goods are only first class.

Mr. Charles Campbell who was a delegate from here to the Brotherhood of Locomotive Engineers convention held at Richmond, Va., returned home this morning. He reports a very pleasant trip and a delightful visit to the empire city.

About twenty couples assembled at the home of Miss Annie Kroehler, last night, preparatory to giving their friend Miss Carrie Gutham, a surprise. After all arrangements were completed, the party started for her home on Walnut street between 10th and 11th. The surprise was complete, and a very enjoyable evening was spent.

Invitations were issued yesterday for the marriage of Miss Julia Oliver to Mr. Charles D. Eads, on Wednesday afternoon November 14th. The marriage will occur at the residence of the bride's mother, corner of Third and Vine streets. A large number of invitations have been issued, and it is expected that the happy event will be witnessed by many friends.
