the launguage. There are a few rules

that may be relied upon to some extent,

but most of them have nearly as many

all the only sure way is to learn to spell

each seperate word. Considering the

vast amount of work to master such a

branch, it is no wonder the poor spellers are so numerous. Yet, but these diffi-

culties do but little toward excusing the

wholesale butchery of spelling, so com-

mon in business correspondence. Good

spelling is not always an evidence of }

culture, but bad spelling is invariably

taken as an indication of ignorence.

Nothing looks more hideous in a busi-

ness document or grates more harshly

upon the feelings of good educated

business men, than misspelled words.
