Thirty-five tickets were sold this morning for Omaha and western points.

Cal Walton Jr. informs a curious public that there's "a new coon in town."

John Leitch, the painter, has moved into one of Capt. Palmers new houses on Pearl street.

Work on the great Kearney cotton mill that is to employ one thousand hands will begin soon.

Regular meeting of the W. C. T. U. Thursday, March 27th, at three o'clock p. m., at the Y. M. C. A. hall.

J. M. Johns, J. P. Antill, W. P. Cook and Jim Shoemaker made up a hunting party yesterday and brought in twelve ducks and one goose last night.

The Lincoln Call facetiously remarks that there is a paper in Wyoming called the Platte Valley Lyre and the hardest part of it is that a woman is its editor.

You can buy 2,500 wooden toothpicks at J. P. Youngs for 5 cents, also the best box of papeteries for 25 cents—sewing machine oil, etc. 151 ft

Billy O'Brian has just turned out some very handsome cherry desks for the citizens bank. Harry Miller, the painter, put on the finishing touches.

Col James Fitzgerald arrived here and hearty from the woolly west yesterday. Jim says he heard while he was away that we had a county seat contest and was anxious to know the result of it.

Frank Dixon, the accommodating deputy county clerk, was out locking for a house yesterday. The report that his sister would keep house for him is not generally believed.

Twenty-one east bound cars were billed out of Plattsmouth yesterday, and we are informed that this is not a large number for busy times on the road. Two railroads would certainly do a handsome business here.

S. L. Wickesham, Plattsmouth's leading jeweler, has just opened a neat branch store at Greenwood, with his father in charge. The evidence of a growing trade, and desire to spread out is gladly mentioned.

Major Kilfoil had a stroke of paralysis about six o'clock this morning at the Pacific House. This is the second stroke and Mr. Kilfoil is very uneasy, though his physician says he thinks he may recover.

From the draft and specifications we learn that the residence of Julius Pepperberg, to be erected on the old Gordon lots, east of Frank E. White, will probably be the finest in the city. The inside finish is especially elaborate and stylish.

Owing to the sand having banked up against the mouth of the supply pipe at the river, the water is hard to get and very scarce, a fire jet now might be very disastrous. Everything is being done that can be done to clear away the obstructions.

Sam Archer found a ladies pocket-book in the west part of the city this morning, containing an old one cent piece, a silver bangle, a three-cent piece, a crochet hook, a five-cent piece, a false tooth, a cake receipt and some poetry. The owner can get the same by calling on Sam Archer.

The shipment of corn over the M. P. during the past week has been heavier than at any time during the past six months. The average number of cars per day was about one hundred. The corn came in on the Elkhorn and was transferred to the M. P., and the bulk was shipped to Toledo, O.

The Union Pacific system, which now stops in the Pacific Northwest at Portland, has engineers in the field surveying an extension from Portland to a point on Puget Sound. This extension is made necessary owing to the difficulties which the Northern Pacific, which owns all the rail lines from Portland to Puget Sound, puts in the way of the Union Pacific in delivering business to Puget Sound points or securing traffic from that territory.

Mr. and Mrs. B. Elson entertained very pleasantly, a party of friends at High Five last evening, at their commodious residence on South Sixth street. Those present were Mrs. Pepperberg, Mr. and Mrs. Gehring, Mr. and Mrs. J. A. Connor, Mr. and Mrs. J. N. Summers, Mr. and Mrs. Dr. Higgins, Mr. Henry Herold and the Misses Eda, Mia and Barbara Gehring.

A notice is posted at the Burlington depot announcing the fact that the rate to Denver and Colorado springs will be reduced to \$7.50, the reduction to go into effect tomorrow. The U. P. will probably make the same reduction.

PERSONAL.

Mrs. Fred Murphy of Ceeder Creek is visiting relatives here today.

Miss Florence Richardson and brother, Frank, came up from the state normal to spend vacation with their father, S. Richardson Esq., of Mt. Pleasant precinct.

Miss Anna Gorder returned this morning from a five month's visit with her uncle in Watertown Wis. Mr. Gorder is Prest. and Manager of a big boot and shoe factory in that city. She was accompanied by her Cousin Miss Ida.

We clip the following railway items from the Lincoln Journal:

No. 2 on the Burlington carried a large number of passengers east yesterday, having an extra coach in addition to the regular number. A majority of the passengers were bound for Chicago.

Four young men, two of them the Shipley boys, and two the sons of a well to do farmer, started out in a boat Sunday to go to Calhoun, with the intention of spending the day shooting ducks. This morning the boat was found upside down in shallow water on the west side of the Missouri, where it had evidently drifted. After this discovery became known a careful search was made up and down the river, but nothing could be found except two hats, which were identified as belonging to the boys. Their families are, of course, very much exercised over the disappearance and seem to think they have been drowned in the river. Up to a late hour this afternoon reports from Florence stated that no further traces of the missing lads had been discovered.—Bee.

Mr. J. W. Cutright has just closed a years engagement with the Call as its city editor and he leaves for Omaha tomorrow to accept a place in journalistic work in that city. Mr. Cutright has no superior in the state as a newspaper man as his splendid work upon the Call the past year bears testimony. Although only a resident of Lincoln a year, Mr. Cutright has made a very large number of friends, who have appreciated his thorough, conscientious and always reliable work, and they will witness his departure with sincere regrets. The Call realizes the loss its staff sustains in the departure of Mr. Cutright, but it has the very best wishes for him in his new work, which will always be successful because he is a successful newspaper man who can fill any position in any field with credit to himself and with every satisfaction to the paper that lists him on its pay roll.—Lincoln Call.

A Slight Turn of the Wrist.

NEBRASKA CITY, Neb., March 25.—[Special to World-Herald.]—The Hon. Charles Howe passed through this city Saturday on his way home from Omaha. The Nebraska statesman, in an interview published in last evening's News, said he was not at all surprised at the stand taken by ex-Senator Van Wyck, and he was glad to see it. Mr. Howe said he was a farmer and Van Wyck was a great man, an aid and friend to the farmer, and was therefore helping him (Howe). He thought Van Wyck would be the winning candidate for governor. Mr. Howe said that while he was not a member of the farmer's alliance, he was with them heart and soul. The cause of the alliance was his, and a noble one, and every move made by the organization was aid to him as a farmer.

The foregoing is rich, racy and suggestive. It puts in mind of a famous saying of the late lamented Silas A. Strickland, U. S. District Attorney, during Andy Johnson's turbulent administration. One day a prominent politician reminded "Strick," in a jocular manner, that the sudden change of policy by Johnson's administration, rendered his "(Strick's)" term of office uncertain. "Oh—," exclaimed "Strick," "if this administration can make a shorter turn than I can, let 'em try it." Church Howe has a record as a granger, and while he seems to be able to do anything in politics in Nemaha county, it is safe to say that his acrobacy ends in Nemaha.

Fire at Wabash.

A second destructive fire at Wabash occurred yesterday morning, and consumed D. E. Hayes' implement store, P. A. Johnson's blacksmith shop, and the building and outfit of the Weekly News. Hayes' loss is \$1,200, insured in the Phoenix of Brooklyn for \$750, Weekly News' loss, \$700, insured in the German of Freeport, Ill., for \$500; Johnson held no insurance. The origin of the fire is unknown.

Important to Young Men.

A conference of the Young men's Christian Associations of the second district, including the counties of Cass, Oto and Lancaster, will be held at Nebraska City April 18-20. The opening session will be Friday evening, when an address of special interest will be delivered by a well known speaker. The session Saturday will be devoted to the consideration of methods of Association work, each topic being presented in a short paper by an experienced worker. The Sunday services in all the churches will be of an unusual interest; and on Sunday evening a grand union meeting will be held. A cordial invitation is extended to all young men, especially the christian young men in the smaller towns where there are no associations, to attend this conference. All delegates will be entertained free by the Nebraska City Association. A rate of one fare and a third will be granted by the railroads provided there be 100 delegates from abroad for rail. For further particulars and program, address, Secretary Y. M. C. A., Nebraska City.

Peak Sisters Coming.

Keep yourself in readiness for the "Peak Sisters" entertainment, in connection with the promenade concert for the benefit of the Presbyterian church pipe organ at the opera house next Wednesday, April 2nd. Refreshments will be served interspersed with vocal and instrumental selections, after the concert proper. Admission 35 cents to all parts of the house, including the gallery.

Married.

Yesterday, at the residence of the bride's parents at York, Nebraska, Mr. Charles N. Carpen er to Miss Maud Burnes.

Miss Barnes is a daughter of Hon. John W. Barnes, an old time and highly respected resident of this city. The HERALD in common with hosts of warm friends here, extends heartiest congratulations.

The Ticket.

The democratic ticket, to be nominated Friday night, will probably result in the following:

Joseph A. Connor, for mayor; P. J. Hansen or D. C. McEntee for treasurer; Kelly Fox, for city clerk; Judge Clifford for police judge.

The council nominations: First ward, Fred Gurd; second ward, Sol. Osborn; third ward, J. R. Vallery; fourth ward, Wm. Gutche; fifth ward, J. L. Minor and Baxter Smith.

Today it looks as though the republican ticket would be for mayor, F. M. Richey; treasurer, Robt. Donnelly; clerk, Will Straight; police judge, L. C. Stiles.

City council, first ward, A. Salisbury; second ward, Peter Bates or Wm. W. Barber; third ward, W. H. Pickens or Mike Murphy; fourth ward, Geo. Palmeter and Lew Newcomer.

?

A concert under the auspices of the Presbyterian church will be given at Waterman's opera house April 2. The program will be varied—entertaining—music—fun—refreshments. Admission—cents. Look for a complete notice later.

The B. & M. is building a new depot at Hoag, and as the county commissioners intend building a wagon bridge across the Blue river at this point, it is probable the little town will become a trapping center.

The HERALD is doing some fine work on "Horse Bills." Those needing anything in that line should call on once.

Mrs. Dart's Triplets.

President Cleveland's Prize for the three best babies at the Ansona County Fair, in 1887, was given to these triplets, Mollie, Ida, and Ray, children of Mrs. A. K. Dart, Hamburg, N. Y. She writes: "Last August the little ones became very sick, and as I could get no other food that would agree with them, I commenced the use of Lactated Food. It helped them immediately, and they were soon as well as ever, and I consider it very largely due to the Food that they are now so well." Lactated Food is the best Food for little children. It keeps them well, and is better than medicine when they are sick. Three cans, 25c. Doz. \$1.40. At drug stores. Cabinet photo of these triplets sent free to the mother of any baby born this year. Address WELLS, RICHARDSON & CO., Burlington, Vt.

Three Plattsmouth hunters were down here hunting last week, and they succeeded in getting a good supply of ducks. And Ambros Case tells a good one on the young Doctor that wore the gum boots. He says that the Doctor was standing in the water watching for game, and apparently got tired and sat down on a thin cake of ice to rest, and the ice settled and those big gum boots run full of water.

TIM SHAYEA.

For Every Girl to Remember.

I have seen mothers who have sacrificed youth, appearance, health and comfort in the effort to save money to educate and dress their daughters, browbeaten, crushed and virtually ignored by their daughters in return for it all.

The American girl's taught that she is a young princess from the cradle to the altar. It is a great misfortune when she forgets that her mother of a princess must be a queen, or queen regent, and should be so treated—ELLA WHEELER WILCOX, in Ladies Home Journal.
