They say W. L. Brown has applied for a mile and a half of sidewalk already for the second ward. It will probably be of three inch pine and according to the Journal, will cost \$22 per thousand.

The election is over, but Fred Gorder showed the kind of man he was, by giving Mrs. Spurlock one of his best sturring plows for the new orphanage, at York, with which Mrs. Spurlock is very prominently identified.

F. W. Meyers, who works under foreman Slack in the planing mill, will get a ten day lay off because he stopped work yesterday and worked at the polls. Mr. Slack must be a man of rather small caliber to engage in that kind of retribution.

S. E. Auchers, of Gordon, Sheridan county, Nebraska, is in the city today. He says he counted thirty-six teams sowing wheat in February in full view from Gordon, that all their small grain was sown in February and is doing well. North Wes Nebraska will become a winter resort yet.

The important case of Loder vs. Loder, involving title to property worth over \$12,000, having been on trial nearly three days, before his honor Judge Chapman was finished last night at 11 o'clock. The witnesses, about thirty in number, returned home this morning.

The attendance last night at the promenade concert, in Waterman's opera house, was quite light, owing to the rain. The performance was splendid, the singing fine and the refreshments enjoyed largely by all who partook. In all it was an excellent entertainment and the ladies deserve much credit.

The county commissioners began their monthly session yesterday, spending most of the day looking over the bids for the construction of the Louisville bridge. The contract was finally awarded to C. D. Dundas & Son of Lincoln for \$9,521 the work to be completed on or before September 1st next. Dundas being required to give bond in the sum of \$20,000 for the faithful fulfillment of contract.

A prominent citizen from Nebraska City got gloriously full yesterday, and before retiring at one of our hotels last night, paid his bill in advance. This morning he got up and wanted to pay it over again having no recollection of having paid it before, and still insists the proprietor kept him for nothing. He says Plattsmouth is undoubtedly the most hospitable town in the state.

Come out one and all this evening to the promenade concert at Waterman's opera house and assist the Presbyterian ladies in their commendable undertaking of buying a pipe organ and at the same time listen to one of the best musical programs ever given in the city. Political Notes.

Peter Hanrahan and some of his loud political workers had Mr. Gutsche so badly frightened all day that he was really surprised at the result.

Ask Col. Connor what the boys did with the brick in the fourth.

Frank Hagar and Baxter Smith the new councilmen from the fifth will doubtless look after that handsome residence section of the city in an able manner.

The fight in the first ward over councilmen was uncomfortably close, both were good men, but Salisbury had the advantage of having given the people a most satisfactory term and they saw fit, regardless of party lines, to re-elect him.

Health Better Than wealth.

The above advice appeals to all persons, especially to those who to all outward appearances seem hale and hearty, but on whom the impression is daily made that their health is not what it should be.

Many ailments that may be relieved for a short period, only to appear again as certain in time to undermine the health, as a break in the levee of the Mississippi river, which is hardly seen at first, daily enlarges with the pressure of the waters, and at length lets in a raging flood.

To guard against or to remove disease is the one and most important thing to remember in health or sickness.

To know whom to advise with should be our foremost duty, many do, but the public at large should demand and receive good medical advice for the preservation of health.

The Arakoff Medical Co., with its worldwide reputation in seeking to follow out the principles and aims of the eminent Russian physician, Dr. Arakoff, of Moscow, and his celebrated Russian Hospital treatment, has secured the services of an efficient and experienced medical corps, who will upon application give advice by letter free of charge to persons suffering from any form of disease.

Write and describe your complaint and its symptoms, also give your full name and address on a stamped envelope, and by return mail receive advice for treatment free of expense. Address all communications to

THE ARAKOFF MEDICAL CO., Boston, Mass.

Children who are troubled with worms may be quickly relieved by giving them Dr. J. H. McLean's Liquid Vermifuge. It kills and expels worms.

Promenade Concert.

Prof. Butler will play a piano solo this evening, Waldemar Beck a violin solo, W. A. Derrick will sing a bass solo, and R. J. Wherry a tenor solo. Don't fail to hear them. The Peak Sisters will also appear in their entertaining specialties.

Horses Wanted.

Messrs Horstreck and Harshberger, of Pennsylvania, are here buying horses for the New York market. They want good horses and will pay what they are worth. Farmers who want prices or any further particulars may inquire of W. D. Jones, at the Bonner stables.

The Bonds Unanimous.

Only eight votes were registered yesterday against the bond proposition which means so much for Plattsmouth. Practically this is a unanimous decision.

Mr. J. F. Masters, Cashier of Emmit & Co's Bank at Waverly, Ohio, says: "I consider Chamberlain's Cough Remedy the best I have ever used. Orphans Home at York.

YORK, NEB., March 4, 1890.

Several years ago when Dr. Armstrong, of Park Hill, Platte county, was plowing his fields he was strangely impressed that his farm should be devoted to an orphanage. He then and there decided to donate the valuable property for that worthy object. His daughter, Miss Lena Armstrong, now in India was then studying medicine in Philadelphia. Upon her return, during the vacation she brought several orphan boys with her. The doctor welcomed them to his home and has since, with a faithful guardians regard, cared for his new wards. Being advanced in years, he realized that soon some one else must bear the responsibility.

Advising with Mrs. Isabel Spurlock, of Plattsmouth, and Mrs. Angie Newman, of Lincoln, he offered his property to the Women's Home Missionary society of the M. E. church. The following year Mrs. M. E. Roberts again offered the property urging acceptance. Last November, Mrs. Warner, of York, and Rev. M. Hiltner, pastor of the church there accompanied by Dr. Armstrong, attended the annual meeting in Indianapolis, and there urged that the national Orphanage be located at York, pledging \$10,000 including Dr. Armstrong's farm.

Mrs. Clark, Cincinnati, treasurer of the society, and Mrs. Aitkin, secretary, having already visited Nebraska and being much pleased with the climate and enterprise of the people, urged its location.

Last week Mrs. Clark came on from Cincinnati and located the orphanage at York. She bought a farm containing 160 acres, all fenced. There is on this land a young orchard, house nearly new, containing twelve rooms, seven closets, bath room, store room, etc. Also a barn arranged for thirty cows and the horses in use, a milk room with cold water vats and refrigerators, house for the poultry, corn cribs, windmill with one large tank near the house another by the barn. The property is valued at \$12,000 and is all paid for by citizens of York except \$3,500, the value of Dr. Armstrong's farm. The citizens of York also gave 500 more and this with the 600 generously donated by Mrs. Clark, will enable the society to open the orphanage very soon. Boys as well as girls will be admitted. All are to be taught to work and study educational branches. It will be an industrial school and christened "The Mother's Jewell's Home," because it is expected that little ones under six years will build and maintain the institution, the erection of which, will be commenced during the present season. It is proposed to put in the foundations for \$10,000 building the coming summer and complete the structure next year.

The ladies of the home missionary society are very anxious to make it a grand success. Here they expect to train these homeless and neglected children and make of them useful and self supporting
