THE COUNCIL.

The new city council is composed largely of young men, with enough of the older heads to make safe counsel for the energetic juniors.

The energy which Plattsmouth has shown in the last two years will not be abated, on the contrary we shall be disappointed if new life and new vigor is not infused into the management of city affairs by such men as Browne, Larson, Gutsche Hager and Smith.

Of his old members, Pat. McCallen has not only pleased the fourth ward, but the whole city is under obligations to him for the time, care and good judgment he has given to city affairs.

We have so often commended the course of D. Salisbury in the council, that to mention him here would be superfluous.

Mr. Breckenfeld during his year's work has shown himself loyal to the best interests of the city, and while economical, he has favored every measure that was for the public good.

D. M. Jones, the chairman of the most important committee, has had large experience in city affairs; his knowledge as a builder will be of great advantage to the city in his position. Much work will have to be looked after that requires the practical good judgment which Mr. Jones can supply.

Charles Hemple, of the third ward, is in every sense a practical, progressive man, and with his years service will make a most useful member.

All in all in our opinion, if Plattsmouth does not hum this summer it will not be the fault of the city lawmakers.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the Liver and Kidneys, will move Bile, Bile, Salt Rheum, and the affections caused by impure blood. Entire satisfaction guaranteed or money refunded. Price 50c and \$1 a bottle, at P. G. Froke & Co's drug store.

THE FIGURE "9."

The figure 9 in our State will make its stay. So many of our men and women will wear it that it will be the most popular figure in the State. It stands in the third place in 1889, but it will remain the same and then come up to the first place in 1890 when it will not be far from the top.

The figure 9 is not only a good figure, but it is also a good figure. It is a figure that is becoming more and more popular every day. It is a figure that is becoming more and more popular every day.

The figure 9 is not only a good figure, but it is also a good figure. It is a figure that is becoming more and more popular every day. It is a figure that is becoming more and more popular every day.
