1776--July Fourth--1890.

On the 4th day of July 1776, the American congress then in session at Philadelphia, made the ever memorable Declaration of Independence, the grandest of documents, by which the thirteen American colonies declared themselves free and independent; under the name of the thirteen United States of America.

This declaration was a bold movement made after due consideration on the part of those who made it, as it was known that the tyrant, Great Britain, would regard the act as treason, a crime punishable with death.

Advice of a Prominent Land Broker Rheumatic Syrup Co., Jackson, Mich. GENTS: In February, 1889, I commenced using Hibbard's Rheumatic Syrup and Strengthening Plasters for inflammatory rheumatism, having been troubled three years with this terrible disease. My joints were swollen so that I could hardly walk and I attended to my business with difficulty. I used three bottles and applied the plasters to my limbs and back, and I can say that I am now cured. I have not been troubled with rheumatism since discontinuing its use. My father-in-law, Mr. J. D. Skinner, of Manson, has also been benefitted by this medicine. We earnestly recommend it to our friends. Take my advice, give it a trial. C. R. NICHOLSON, Manson, Iowa.

versary of his birthday, as it was desired to celebrate that event, to which he replied the only event he cared to celebrate was the 4th day of July, the anniversary of American independence.

Tomorrow this grand event will be celebrated by 42 states, three times the original number and three for a remainder, while at the signing of that notable document the flag represented the number of states, by carrying but 13 lonely stars.

To the Old Soldiers of Cass County. Comrades:--On June 25th 1890, there was an organization called the "Veteran Association of the State of Nebraska" formed at Lincoln, the object of which is to aid, assist and protect all the soldiers of the late rebellion in all their rights and interests and to stand together in the maintenance of all their rights.

It is the request of the president of said association that the soldiers in every county in the state meet and form a company organization, elect their officers and report to the state organization in order that the soldiers all over the state may be organized and know what is to be done for their interest. Only one organization can be formed in each county and in order that Cass county may be fully organized a call is made for all soldiers who can meet at Plattsmouth at G. A. R. hall on July 7th, 1890 at 8 o'clock p. m. for the purpose of organizing and we can then call meetings at other points in the other points in the county and thus get all the soldiers in the county enrolled in the organization and we can all work together for each others interest and welfare.

Comrades, we stood together shoulder to shoulder in 1861 to 1865 for the preservation of the old flag let us now stand together for the protection of our own interest. In this day when all are organizing we must organize too and take care of ourselves. Yours, S. P. VANATTA, S. M. CHAPMAN, H. J. STREIGHT, Committee.

BEATEN TO DEATH

A Bloody Tragedy on a Diamond Jo Steamer.

EXORICIDE ON A BOSTON STREET.

A Prominent Young Citizen of Columbus, Ind., Slays His Wife--Two Negroes Shot Down--Armed Men Guarding a Jail--A Desperate Conflict.

Dubuque, Ia., July 5.--A bloody tragedy occurred Wednesday night on the steamer Mary Morton, of the Diamond Jo line, while she was lying at Guttenberg, Ia., a point about thirty miles north of this city. A white deck-hand named Turley and a negro roustabout named Charles White engaged in a fight. White struck Turley on the head with a club, fracturing his skull from top to base. White was put in irons and brought to this city, where he now lies in jail. Turley was placed in Mercy hospital, where he died Thursday morning.

While the boat was lying at Guttenberg the deckhands were indulging freely in whisky. There were twenty-four white men and five negroes in the deck crew, and the negroes, being in the minority, were imposed upon by the white men. Turley refused to allow White to drink out of the same cup with the white men, and provoked a fight. After a hard battle the men separated, and while Turley was washing the blood from his face White stole up behind him and struck him a fearful blow over the head with a heavy stick of wood. Turley fell to the deck apparently dead, while White escaped to the hold, where he was afterward discovered and placed in irons. Turley never regained consciousness and died and was buried in the marine quarters in Linwood cemetery. The coroner's jury returned a verdict of deliberate murder. White is 23 years old, and has been on the river four years. His home is in Jackson, Tenn.

He has been in the penitentiary a little over fifteen years, and upon investigation the startling fact developed that in the sixty years of the prison's existence no convict has ever lived out so long a sentence. It is a rare thing to find a convict who has lived every ten years in the Missouri penitentiary. Poor sanitary regulations of the institution is the cause.

IOWA PROHIBITIONISTS.

A State Convention to Put a Full Ticket in the Field.

DES MOINES, Ia., July 5.--Secretary Cook, of the Prohibition state committee, said: "Our committee has just had a meeting and we are now preparing a call for a Prohibition state convention. The convention will be a mass convention, and will be held in Des Moines on the 4th day of September. We propose to issue an address to the voters of Iowa and to nominate a full state ticket. The Republican platform is so clearly a straddle of the prohibition question, and so plainly a trap to deceive voters, that no honest Prohibitionist cares to lend his endorsement to it. If the liquor resolution had been engrafted in the platform there would have been no necessity for our party to take the field; but it was rejected and sneered at, and we propose now to thoroughly organize the Prohibitionists of Iowa, who have deep convictions upon this all important question, and will poll the largest vote ever given the Prohibition ticket in the state. We are assured of all the assistance necessary from the national Prohibition committee, and will have some of the best speakers in the nation in the state this fall. Iowa has declared for prohibition and we cannot afford to lose this state, if the cause should now lose this state it would set us back a quarter of a century in our great work for the suppression of the liquor traffic in the nation. We will have a large convention on Sept. 4 and some of the great prohibition orators of the nation will be here. We have already held one congressional convention and that was in the Eighth district. Rev. S. A. Gilley of College Springs, Page county, was nominated for congress, and he will receive a large vote. We will have congressional candidates in every district in the state."

IN CHICAGO IN '93.

NEW YORK, July 5.--The American Federation of Labor, through its president, Samuel Gompers, issues a call for an international congress of workingmen to be held in connection with the world's fair in 1893. The details of this convention have not yet been determined upon. The letter, which will be translated and sent to every country where workingmen are organized, states that the object in holding the convention is to formulate and discuss the very many questions "affecting our interests and to give a greater impetus to the cause of progress and civilization and to make known to the world by our unalterable determination that we insist upon being larger sharers in the world's progress."

Dr. Oliphant, president of the board of health, with Drs. Gzarnowski and Beckmann, two experts, boarded the Morse and made a close examination of the passengers and made a report to the board of health as to the condition of the men. The report says: We learn from a statement of Dr. Otto, who came aboard the vessel June 19, that he found 163 passengers sick out of 262, exclusive of a crew of 26. The passengers were suffering from drowsy, dysentery, malaria and bilious fevers. The crew were all well.

KANSAS CITY, Mo., July 5.--The citizens of Ottawa, Kan., are determined that no original-package house can do business in that town. The committee looked for Deford, but he could not be found. People say no saoons shall be run there.

Ropes of this city, for immediate construction of two more powerful dredge boats for use in connection with the opening of the ship channel through Mustang Island. It is understood the work of the new boats will be confined chiefly to Corpus Christi Bay, as the one at the Island has demonstrated its ability to perform the work for which it was built and within the specified time.
