

Whose Boat Is It?

From Thursday Daily.
At the Iowa shore near the railroad bridge lies a flatboat, belonging to some people who call themselves "Self-Sustaining Missionaries." The party consists of C. H. Owen and wife and little four-year-old daughter, and hail from South Omaha. They have been holding meetings for nearly a week among the "bottomites," and Tuesday they got into a little complication with a Mr. Rhodes down at the ferry, relative to the ownership of a skiff which they generously loaned to a party to row over to this side of the river when, as they say, Mr. Rhodes seized the skiff and locked it up claiming it as his property and required \$2 of them before he would release it.

They say they have counselled an attorney of this city and will bring an action against Mr. Rhodes, and with that in view Mrs. Owen departed for Omaha this morning to obtain a bill of sale of the skiff. We don't pretend to vouch for the statement, but if true as related by Mr. and Mrs. Owen to a HERALD reporter this morning they have been imposed upon, and doubtless will find justice in the Plattsmouth courts, as this paper has no reason to question the integrity and uprightness of any of the judges or justices in the city.

Weeping Water Man Trap.

Mr. M. D. Polk returned from a flying trip over the county to feel the political pulse, but met with the misfortune to step off a bridge or viaduct in the city of Weeping Water and falling a distance of twelve feet upon a rock pile and sustaining a fracture of some of the bones of the foot crippling him quite badly. Mr. Polk reports there were no railings or anything to prevent a person's stepping right off and that he chanced to pass that way at 11 o'clock at night and without warning or thought found himself making a twelve foot descent with a rock pile to light on. A damage suit may be the sequel, and that brings to mind the fact that that city was in court not long since as defendant in a similar case, differing only in this, that a bridge had washed away and the city had neglected to repair it, or make the place safe for persons traveling that way at night and like Mr. Polk a party chanced to pass that way and stepped off sustaining serious injuries by the fall.

The Nebraska City people will try the bond election again for the proposed wagon bridge at that place, on August 9th, this time for \$30,000.

Prof. Geo. R. Chaburn, of the Humboldt schools will depart for Falls City tomorrow evening where he has two weeks institute work. Mrs. Chaburn will prolong her visit among friends and relatives of the city.

The case of Bank of Cass County vs Geo. W. Fairfield and Joseph H. Fairfield was filed July 15th. This action is upon a promissory note. Term case. Answer day August 4th.

City Schools.

The Board of Education has elected a principal, and ordered some very important changes in rooms of the high school building, and a general overhauling of the entire building, which is now in progress under the direction of the efficient and energetic janitor, D. K. Barr. Prof. V. C. Gamble, of Rhodes, Ia., has been elected principal at a salary of \$80 per month. The assistant principal has not yet been chosen, but there is an understanding as to who will fill that position. The school year will be ten months, beginning the first Monday in September.

The following changes are being made in rooms:
The partition will be removed and rooms 5 and 6 on the second floor will be used for the high school, instead of upstairs as formerly, and the old recitation rooms at the rear will be used by the assistant principal. Room 8 will be used by the 7th and 8th grades, and room 7 will be used as a laboratory. Room 5, 6, 7 and 8 will go upstairs on upper floors.

Some new flooring is being done, blackboards being repainted, walls scraped and calcimined and a general painting over of all the inside woodwork. Everything will look bright and new, and inviting to pupils and instructors alike. Anything before a dingy old school room. It begets in teachers and pupils an indifference; but on the other hand when the school room is bright and orderly, it creates in the occupants, both teacher and pupil, a pride which we like to see in all persons.

The date for the examination of the teachers of the city schools has not yet been fixed, but as the county institute begins the 18th of August and continues to the 30th it would be advisable to hold the examination before the institute begins, so as to enable the teachers to attend.

Are You a Member?

From Friday's Daily.
It is said that we have a "club" in our city, and that the membership is about thirty, perhaps more. This "club" we are told, hold forth in the second story of one of our business houses. The room is supplied with beer, whisky, etc., and the members, by investing their cash in tickets, can secure a drink with each ticket presented to the bartender.
Very convenient isn't it? You slide around to the room, present your ticket and take your choice.
Cheap too! You don't have to pay ten cents a drink, nor twenty-five a bottle, but just fork over your money and get a whole load of tickets.
Well, yes, as ice will make it and ready at all hours.
Who runs it? Don't know. Who belongs? Don't know. Where is the room? Don't know. Such is the answer you receive on the street, and yet there is hardly a ten year old boy in town but what can give you all the information you ask regarding it. Is this according to law? Can a man deal out liquor to another and by so doing keep him drunk for days at a time? Is this not a disgrace to our city, and what are you going to do about it?—Weeping Water Republican.
The above shows how our high license law works here in Nebraska: it don't seem to prohibit any better than the law in Iowa.
An old lady by the name of Hall and her two daughters, of Rock Bluffs, who had got as far as the depot in this city this morning enroute to Percival, Iowa, were greatly disappointed when they learned that the young man accompanying them and who was looking out for their transportation, failed to find any one to identify him at the express office where he expected to get an express money order cashed with which to purchase tickets.
WANTED—AN ACTIVE MAN FOR EACH position. Salary \$75 to \$100. To be paid on successful new York company (importers) supply Dry Goods, Clothing, Shoes, Jewelry, etc., to consumers at cost. Also a lady at least, salary \$20, to cash members' (\$3.00 per week) \$100,000 paid in. Reference exchanged. Empire Co-operative Association (credit well rated). Lock box 510 N. Y.

John Cassidy, recently night yardmaster for the Burlington in this city, has been promoted to a position as day yardmaster at Plattsmouth, and on Tuesday evening was the recipient of a splendid gold chronometer at the hands of his late associates at Lincoln.—State Journal.

J. A. Connor was a morning passenger to Omaha.
Hon. R. B. Windham went up to Lincoln this morning.
Fred Ebinger made a business trip to Omaha this morning.
Lee Allison, of Three Grove settlement made a business trip to the Council Bluffs foundry this morning.
Herbert Chase returned from Lincoln last evening and is again in charge of old Frank and the express wagon.
Francis Gustin who has been visiting friends in Milwaukee and Chicago for six weeks returned home this morning.
Mr. and Mrs. A. P. Campbell returned last evening from their western outing for three weeks at Hot Springs, South Dakota and other points.
Geo. Shreve, former yardmaster here, went to Omaha this morning and will probably proceed westward, where he has a position again with the company.
Mr. Eli Samson, Superintendent of the poor farm, accompanied by his wife left this morning for David City where his daughter Mrs. Tona Franks, lies very sick.
John Cassidy, the new yard master, has taken up his residence in the Dawson property, on Winterstein Hill. His family arrived from Lincoln last evening.

Gov. Todd or Doty.

A genuine case of mistaken identity was that yesterday when one of the old settlers of southwest Rock Bluff precinct walked up to old man Doty, all know Doty over the river, he is hard of hearing—and with outstretched hand, said "howdy you do, Governor Todd? You'r gwint try the people's ticket on 'em this hand are you?" It is said to be a debatable question whether Todd or Doty should take offense at the farmer's blunder.

This morning at an early hour there might have been seen two gentlemen, of more than average prominence, who live up in the third ward hastening from corner to corner with field glasses in hand as if in search of something they wouldn't for the world miss seeing. It was a mystery for awhile what so exercised the minds of the two 3rd ward gentlemen, till a small boy, with bated breath, rushed up and said, "why mayor its 'camped' out on 'Fit's 40.'" Then said the commissioner to the mayor, "there are a cloud arising in the west," let us go home and meet with our brethren at the city called "Minneboohoo" tomorrow, we can afford to miss Taylor's Circus today for the one there tomorrow." The crowd dispersed.

Old Hutch

It may not be generally known that we have an "Old Hutch" right in our midst but such is the case nevertheless.

There is an old gray haired grain buyer right in our city who knows how to turn an honest dollar, and who knows that his dry in Nebraska when it doesn't rain, and that corn doesn't yield a very bounteous crop without some rain, and this knowledge coupled with his acquaintance with the grain options in Chicago has prompted our sage to buy up about 400,000 bushels of corn since the dry weather set in, and any one who has been an observer of the markets during the past few weeks will be able to see with but little figuring what the net profits would be on the amount our friend has bought at an advance of 3 cents per bushel.

THE PACKAGE BILL

The House to Vote on the Measure on Monday.

SENATE ON APPROPRIATIONS.

The Death of Consul General Schuyler at Cairo, Egypt—Contestants for Seats in the House Put in Some Paralyzing Expense Bills.

WASHINGTON, July 19.—The house after some discussion, adopted a resolution reported by the committee on rules, providing for the immediate consideration of the original package bill and the bankruptcy bill: a vote to be taken on the former Monday, and on the latter Wednesday next. E. B. Taylor opened the discussion in advocacy of the original package bill.

Mr. Culberson of Texas, said that the supreme court had declared that all laws interfering with the right of an importer to sell in original packages were null and void. Where did congress get the power to declare the unconstitutional laws of the state in force? If the constitution invested exclusive power in congress to regulate commerce in distilled spirits among the states, then congress cannot regulate the regulation of that commerce by the states? If the house substitute should become a law, it would be as well to strike from the constitution the clause giving congress the right to make commercial regulations. Commercial chaos would ensue.

Mr. Adams of Illinois, said he did not believe that the remedy for the original package sale could be found in either of the proposed measures. He argued in favor of a substitute defining an original package of intoxicating liquors in bottles, as a case containing not less than five gallons.
Mr. Reed of Iowa whose decision as a judge was overruled by the decision of the supreme court, spoke in favor of the proposed legislation. He could not indulge in the hope expressed by the gentleman from Illinois, Mr. Adams, that on a re-hearing of the question a different result would be arrived at.

E. B. Taylor denied that the proposed legislation delegated any power to the states. He opposed the Adams substitute, on the ground that it would turn every local option township and county in the United States into a liquor selling township and county by act of congress.
Mr. Morse of Massachusetts, supported the bill.
Mr. Henderson of Iowa said that no good citizen would fail to submit to the decision of the court. But he (Mr. Henderson) would not sit down with folded hands and wait until the supreme court made some other decision. Let gentlemen not forget that the supreme court, in throwing this legal thunderbolt into the republic, did not fail to send with it a cure. It cried out to congress: "While we believe this to be our duty, we believe it is your duty to remedy the evil."

Pending further debate the house took a recess until 8 o'clock, the evening session to be held on the consideration of private pension bills.
At the evening session of the house Mr. Enloe of Tennessee raised the point of no quorum on the first motion made, and the house, without doing any business at all, at 8:30 p. m. adjourned.

Senate.

The senate discussed the sundry civil bill.
Mr. Jones of Arkansas offered an amendment providing that in the arid region the public lands shall be occupied under the homestead laws, the mining laws or the laws for the acquisition of townships.

Senator Allison made the point of order against the amendment as being general legislation. He desired to put himself on record against any appropriation being made in the direction of continuing the irrigation survey. The point of order was sustained.
After further discussion by Messrs. Plumb, Cockrell, Teller and Stewart the question was put and the amendment was agreed to.

The amendment to increase from \$200,000 to \$300,000, the appropriation for topographic surveys, one-half of which sum shall be expended west of the 101st meridian; and repealing so much of the sundry civil bill of 1883 as provides for the clearing of 21,000 acres of swamps and meadows upon the public lands, provided that reservoir and canal sites heretofore located or selected shall remain segregated.
Other amendments recommended by the committee on appropriations were agreed to, including the following: Striking out the item of \$750,000 for the irrigation survey; the item of \$50,000 for engraving the maps and the item of \$7,500, for rent of office rooms in Washington.

Senator Edmunds moved to strike out the paragraph containing (until expended) the appropriation of \$35,000 made in the sundry civil appropriation bill of last year for a viaduct to the wagon bridge at Rock Island, but with additional provisions. After much discussion the motion was rejected. The bill was then laid aside, sixty-three pages having been disposed of, out of a total of 114.

Death of Consul Schuyler.
WASHINGTON, July 19.—Eugene Schuyler, who death at Cairo is reported, was for many years in the diplomatic service. He was attached to several United States legations, and was at one time minister to Greece, Roumania and Servia. He was nominated assistant secretary of state at the beginning of the present administration, but opposition to his confirmation developed in Republican circles and his nomination was withdrawn. Later, he was appointed consul general at Cairo, a place which he filled to the time of his death.

To Repeal Bank Circulation Tax.
WASHINGTON, July 19.—Mr. Vance introduced in the senate a bill providing for the repeal of the tax of 10 per cent. on the circulation of state banks, and providing that no higher rate of tax shall be levied on such circulation than on that of national banks.

Eight Prisoners Escape.
CAIRO, Ills., July 19.—Eight prisoners confined in the Pulaski county jail at Mound City escaped. None have been recaptured.

COST OF ELECTION CONTESTS.

Contestants for Seats in the House Put in Their Little Bills.

WASHINGTON, July 19.—All of the contestants for seats in this congress except Mr. Mudd of Maryland and Mr. Pendleton of West Virginia have filed with the house committee on elections their bills of expenses, and in each case but that of Cate of Arkansas the amount exceeds \$2,000; four exceed \$4,000, and Alderson of West Virginia brought in a bill of \$5,433; Langston of Virginia, \$5,305; Venable of Virginia, \$5,555; Atkinson of West Virginia, \$5,909; Goodrich of Alabama, \$9,265, and Chalmer of Mississippi, \$9,800.
The statute limits the allowance to \$2,000 and the elections committee has recommended the appropriation of that sum to each of the claimants whose bills are equal to or greater than that sum. Mr. Cate of Arkansas claims to have expended \$1,089 and that amount is allowed him. The committee has also allowed to the contestants in the seven contests which were begun but subsequently abandoned the amount of their bills of expenses, ranging from \$285 to \$2,600. No allowance has been made in the case of Jehu Baker against Forman, because no bill has been filed.

Confirmations.

WASHINGTON, July 18.—The senate in executive session confirmed the following nominations:
James Russell Saley of Massachusetts, assistant secretary of the navy; A. B. Nettleton of Minnesota, and O. L. Spaulding of Michigan, assistant secretaries of the treasury; H. M. Somerville of Alabama, J. L. Stackpole of Massachusetts, and F. N. Shurtleff of Oregon, general appraisers of merchandise; C. W. Craig, register of the land office, Independence, Cal.; G. A. Bedler, postmaster, Oklahoma.

A Pension for Fremont's Widow.

WASHINGTON, July 19.—The house committee on invalid pensions authorized a favorable report on the house bill granting a pension of \$2,000 per year to the widow of Gen. Fremont. The election committee of the house decided two of the four remaining contested election cases by party votes in favor of the contestants, both Republican, Goodrich vs. Bullock, Second Florida district, and McGinnis vs. Anderson, of the Third district West Virginia.

Bolivia All Serene.

WASHINGTON, July 19.—The minister of the United States to Bolivia in a recent dispatch to the department of state touching the revolution in that country indicates that the troubles are apparently at an end through the vigorous and aggressive measures of the national government to suppress them.

Bond Purchases.

WASHINGTON, July 19.—The secretary of the treasury purchased \$18,000 4 per cent. bonds at \$1.21.

A SUGAR TRUST DECISION.

The North River Sugar Refinery Must Not Remove Its Property.
NEW YORK, July 19.—The general term of the supreme court has handed down a decision in the suit of Henry Winthrop Gray, the receiver of the North River Sugar Refining company, against the De Castro & Bonner Sugar Refining company, for a dissolution of that and all other companies composing the sugar trust. Gray obtained an injunction restraining all the defendants from in any manner disposing of property coming into their hands under the trust agreement. The general term modified this injunction by simply restraining the North River Sugar Refining company from removing any property from this state, holding that the receiver has no authority for acting in the case of other companies.

Morton's Residence Robbed.

SARATOGA, N. Y., July 19.—A bold daylight robbery was committed here about noon. Sneak thieves entered the Bliss cottage, on North Broadway, and got away with \$10,000 worth of diamonds and jewelry. The cottage is occupied by Mr. Morton, vice president of the United States, and his law partner, Mr. Bliss, and their wives. The police refused any information except to admit the robbery was committed. One man is under arrest as a suspect.

A Hurricane.

ERIE, Pa., July 19.—A hurricane struck the town of Girard, west of Erie, and came near demolishing the town. Scores of houses and barns were unroofed and the Presbyterian church was almost destroyed. The people were terrorized. The damage to trees and farm property will be heavy.

Cardinal Gibbons.

BALTIMORE, July 19.—Cardinal Gibbons returned from his trip to Cape May. He made an inspection of the cathedral, noting the improvements and progress during his absence. He is giving all the profits of the sale of his book, "Our Christian Heritage," towards the building of this magnificent edifice.

Ground to Death.

PITTSBURG, July 19.—Eugene Carroll, aged 5 years, was ground to death in a stone crusher on Highland avenue. The lad, with others, had climbed on the machine just when it was being moved. He fell into the rolls and was crushed to death before the machine could be stopped.

A Threatening Fire.

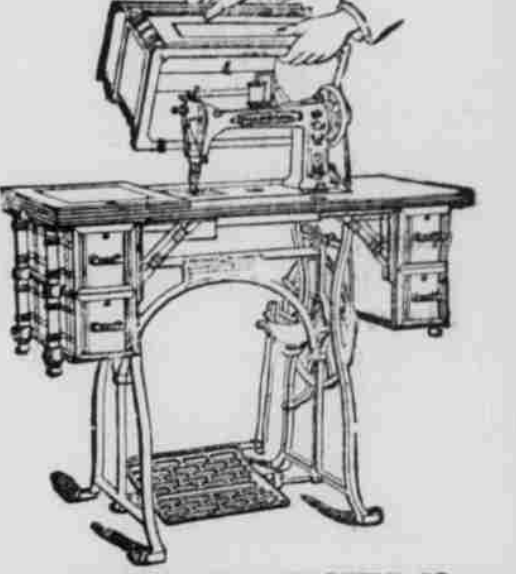

NEWARK, N. J., July 19.—A fire which threatens the destruction of the Foster Home building in this city is raging. The firemen as yet are unable to control the flames. There were many children in the home, all of whom were gotten out except one, who was slightly injured.

Nora Springs Scandal.

MASON CITY, Ia., July 19.—Nora Springs has a sensation. A. D. Strong was arrested at Nora Springs for running away with the wife of Mr. Franklin, a resident of Rockford. Mr. and Mrs. Franklin were married but four weeks ago, the latter being a daughter of D. Morris. All the parties are highly connected.

THE FIGURE "9."

The figure 9 in our dates will make a long story. No man or woman now living will ever date a document without using the figure 9. It stands in the third place in 1890, where it will remain ten years and then move up to second place in 1900 where it will rest for one hundred years.
There is another "9" which has also come to stay. It is unlike the figure 9 in our dates in the respect that it has already moved up to first place, where it will permanently remain. It is called the "No. 9" High Arm Wheeler & Wilson Sewing Machine. The "No. 9" was endorsed for first place by the experts of Europe at the Paris Exposition of 1889, where, after a severe contest with the leading machines of the world, it was awarded the only Grand Prize given to family sewing machines, all others on exhibit having received lower awards of gold medals, etc. The French Government also recognized its superiority by the decoration of Mr. Nathaniel Wheeler, President of the company, with the Cross of the Legion of Honor.
The "No. 9" is not an old machine improved upon, but is an entirely new machine, and the Grand Prize at Paris was awarded it as the grand advance in sewing machine mechanism of the age. Those who buy it can be assured, therefore, of having the very best and best.
