CALL FOR TROOPS.

Minnesota Mill Hands Too Much for the Sheriff.

SENSATIONAL CHICAGO SHOOTING.

Dr. Edward Sawyer Shot Down by an Injured Husband—Wholesale Discharge of Passenger Conductors—Train Robbers on the Jump—A Massacre Feared.

ST. PAUL, Minn., Aug. 13.—Dispatches received from Clouet show that the strike of the 150 to 200 mill hands at that place is becoming more serious every hour and it is thought it will be impossible to avoid bloodshed. The sheriff, unable to cope with the mob, swore in all the deputies he could get hold of, and late in the afternoon telegraphed Governor Merriam that he was entirely unable to do anything with the strikers, and called for the aid of state troops. The call stated that no danger was feared until 5 o'clock a. m., when the new men employed in the mill go to work. In the absence of the governor and Adj. Gen. Mullen, Col. Bobbeter, commander of the Second regiment S. N. G., immediately put himself in direct communication with the sheriff and county attorney at Clouet. Both of the latter officials again requested immediate action and Col. Bobbeter ordered company K from Duluth to start at once for the scene of the trouble. Col. Clouet will leave here about 11 p. m. and will meet company K at North Pacific Junction.

Train Robbers on the Jump.

CHARLOTTE, N. C., Aug. 13.—As passenger train No. 53, northbound, on the Richmond and Danville road reached a point six miles north of Lexington, two strange looking men, who had got on the cars at Lexington, pulled the bell cord, and Conductor Morris saw the act and demanded an explanation. "You'll see," was the only answer he could get. The conductor hurried into the next car, signalled the engineer to go on, and then appealed to E. P. Dick, a federal judge, to arrest the men. Judge Dick summoned a posse, but the two strangers seeing them coming ran to the platform and jumped off the train, which was going at a good speed. It is supposed that the object of the men was robbery. They were heavily armed.

Shot His Wife's Seducer.

CHICAGO, Aug. 13.—Dr. Edward P. Sawyer, one of the oldest and best known physicians in this city, was shot and probably fatally wounded at 1:20 yesterday afternoon. His assailant was J. Dalton Fancher, a traveling correspondent of The Chicago Horseman. It is said that Mrs. Fancher confessed to her husband, who had just returned from a trip on the road, that she had sustained illicit relations with the physician for three years. Fancher went to the doctor's residence, where during a quarrel Fancher was knocked down by a chair in the hands of the doctor. Fancher then drew a revolver and shot the doctor through the neck. Fancher is under arrest.

A Massacre Feared.

MINNEAPOLIS, Minn., Aug. 13.—A telegram from Rat Portage, Ont., says that Canadian and American Indians have taken possession of Garden Island, sixty-five miles from Rat Portage, in the Lake of the Woods. Mining and ordered the fishing companies to vacate within four days. The principal company is the Baltimore Packing company. The message was delayed in reaching here and the four days expire Thursday. Governor Merriam has been asked for assistance. A massacre is feared.

Phelps Perrin's Trial.

ASHLAND, Wis., Aug. 13.—The state closed its direct testimony in the trial of Phelps Perrin. It is not likely the case will go to the jury before the end of the week. W. S. Reynolds, cashier of the robbed bank, was on the stand all afternoon and a part of the forenoon as usual. So far the sensational new testimony that was expected has not shown up.

A Bogus Check Operator.

BUFFALO, N. Y., Aug. 13.—A respectable looking man, aged about 30 years, giving his name as Henry Bessmer of New York, was arrested, charged with being a check swindler. At the police station he said that passing bogus checks was his chief means of livelihood, and that he had operated in a number of western cities. The police say Bessmer comes from San Francisco.

Wholesale Discharge of Conductors.

ST. LOUIS, Aug. 13.—All the passenger conductors on the Louisville, St. Louis and Texas railroad have been discharged and their places filled by the promotion of freight conductors. No cause has been assigned for the change.

Exports for July.

WASHINGTON, Aug. 13.—Cotton exports from the United States during July past aggregated in value \$2,780,876, against \$2,246,310 in July, 1889. Breadstuffs exports during July past aggregated in value \$16,883,669, against \$9,306,945 in July, 1889.

Confirmations.

WASHINGTON, Aug. 13.—The senate in secret session confirmed the nominations of John Tully of Montana and George Steele of Montana to be agents for the Indians at Tongue River agency and at Blackfoot agency, Montana.

"CHAMPION DAY" AT MONMOUTH.

Salvator Again Defeats Terry—A Great Unknown at Rochester.

NEW YORK, Aug. 13.—It was "champion day" at Monmouth. This speaks for itself, as race-goers regard it as the most important of the meeting and they always turn out in full force. Over twenty thousand people were in attendance. All of the nineteen youngsters entered in the Junior Champion started with Ambulance the favorite at 3 to 1. It was a grand race all the way down the stretch, but in the last furlong Strathmeath, Potomac and Sallie McClelland drew away from the field and in an exciting finish they were so close that nobody could pick the winner till the numbers were hung out. The judges put Strathmeath first, Sallie McClelland second and Potomac third. Scarcely had the boys weighed-in for the Junior Champion when the crowd surged to the betting ring to play Salvator against Tenny. Salvator was the favorite at 4 to 5 or while 6 to 5 against Tenny could be had all over the ring. Both got away to a very even start, but in a few jumps Salvator's blazed nose showed in front on the outside. For five furlongs they ran in their order. Then, as they struck the turn for home, Garrison let out a link on Tenny and he shot to the front, getting a lead of half a length. Murphy, on Salvator, however, did not let him get any further away. He at once sent Salvator after the little black and was soon at Tenny's neck. From this point to within three furlongs of home it was a pretty race. Then Murphy began to ride, and the shout went up, "Tenny is beaten." It was true. Tenny had to acknowledge defeat. When Murphy found that he had Tenny beaten he eased up, and, as Garrison did the same thing, it was a lame finish, Salvator winning by four good lengths. This victory settles decisively the relative merits of Salvator and Tenny. The fractional time of the race is as follows: Quarter at 20"; half at 50", three-quarters at 1:17, mile at 1:33, mile and a quarter at 2:09 and mile and a half at 2:35.

A Puzzle to the Gamblers.

ROCHESTER, N. Y., Aug. 13.—The great feature of day was the Flower City \$10,000 guarantee stake, to which the followers of the circuit had been looking forward for some time. It proved a great race. There were sixteen entries and twelve starters, and it took six heats to finish it. Leonard Rose, the "phenom," who did a mile in this class in 2:15 in Cleveland, was a hot favorite in the pools before the race opened, but she only took one heat. She was speedy, but not steady. Pixley, Budd Doble's mare, took two heats, but the race was won by Keno F., a comparatively stranger, whose dam is unknown. This horse is owned by Bob Stewart of Kansas City, and is a remarkably steady trotter. Three of the heats were made in 2:17, which is the fastest ever made here in 2:30 class. The race was a puzzle to the gamblers, and the betting was heavy.

CONGRESSIONAL PROCEEDINGS.

Senate.
WASHINGTON, Aug. 13.—The senate passed the house bill to extend the census laws so as to obtain information from unincorporated express companies. Mr. Edwards again offered his order to limit debate on the tariff bill, and Mr. Blair offered a resolution to permit the previous question to be called after two days' debate. Both were laid on the table. The rest of the day was devoted to the discussion of the tin plate paragraph in the tariff bill.

House.

The house passed a concurrent resolution extending current appropriations to Aug. 20. The motion to reconsider the vote by which the bill to prevent collisions at sea was passed, was agreed to. The bill was amended slightly and again passed by a vote of 211 yeas. A call of the house was ordered, and Mr. Cheadle offered a resolution to call absent members, which was debated and finally laid on the table.

New Banks.

WASHINGTON, Aug. 13.—The Sedalia National bank of Sedalia, Mo., was authorized to begin business with a capital of \$100,000. The following applications for authority to organize national banks have been filed at the office of the comptroller of the currency: The First National Bank of Valdosta, Ga., by S. L. Hayes of Thomasville, Ga., and his associates; the Columbia National Bank of Lincoln, Neb., by John B. Wright of Lincoln, Neb., and his associates; the Bell County National Bank of Temple, Tex., by C. L. McKay of Temple, Tex., and his associates; the First National Bank of Kingfisher, Oklahoma, by J. C. Post of Kingfisher, Okla., and his associates.

Maj. Anderson for Congress.

DES MOINES, Aug. 13.—Maj. A. L. Anderson of Fremont county was nominated for congress by the Democrats of the Eighth congressional district.

NO ELECTION BILL.

Resolutions that Will Prevent Its Passage This Session.

DELAWARE DEMOCRATS CONVENE.

Reynolds for Governor and Causey for Congress—How It Looks on Convention Day in South Carolina—The Mississippi Constitutional Convention.

WASHINGTON, Aug. 13.—In the senate Mr. Quay introduced the following resolutions:

Resolved, That during the present session of congress the senate will not take up for consideration any legislative business other than the pending bill (the tariff bill) and general appropriation bills relating to public buildings and public lands, and senate or concurrent resolutions.

Resolved, That the consideration of all bills other than such as are mentioned in the foregoing resolution is hereby postponed until the session of congress to be held on the first Monday in December, 1890.

Resolved, That the vote on the pending bill and all amendments thereto shall be taken on the 30th day of August, instant, at 2 o'clock p. m., the voting to continue without further delay. If the bill is not passed on that day, the amendments is considered.

This is the first action on the Republican side of the senate chamber against the consideration of the federal election bill at this session of congress. The adoption of the resolution would be a specific agreement to shelve the election bill. While Mr. Quay's resolution may not be adopted, there seems little doubt that the Republican senators, as stated in the United Press dispatches on the day the tariff bill was reported from the finance committee, will agree to set aside the election bill that the tariff bill may be passed.

IT LOOKS LIKE A SPLIT.

How It Seems in South Carolina on Convention Day.

CHARLESTON, S. C., Aug. 13.—The state Democratic convention, which meets at Columbia to-day, will decide whether there will be a split in the party or not. Tillman has 253 out of the 320 delegates, and it is generally thought he will try to get the nomination, although the convention is called to decide whether the state officers shall be nominated by the primary or by the caucus. If the primary plan is not adopted a split will doubtless follow, for many of the county delegations are elected for both the present convention and the convention in September, which is to nominate officers. These elections are declared illegal by the Democratic executive committee, and such delegates will not be recognized in September by the regular Democracy. Since Tillman's canvass of the state the regular Democrats have perfected organizations in almost every county, and are prepared to fight to a finish. There will be, in fact, two Democratic conventions in session in Columbia, for the straight-out Democracy will be there in full force, in fact, they are already on the ground. A good deal has been said about the negro vote. Prominent Republican leaders now openly say that there will be no Republican state ticket in the field, but the negroes, if they take any part in the election, will certainly not vote with the Tillmanites. It is known that the negroes have been used by the Tillmanites in making up their Democratic rolls, upon which representation in the county convention is based, but if it comes to a split the majority of the negroes will vote against Tillman with the more conservative white voters of the state. On the whole, it looks like a split whichever way the cat jumps.

Delaware Democrats.

DOVER, Del., Aug. 13.—Col. W. H. Stevens, chairman of the Democratic state central committee, called the state convention to order in the court house hall at 12:45. The usual committees were appointed. There were no contests. Dr. E. W. Cooper was chosen temporary chairman, and the committee retired to consult. Before the convention convened a conference of leaders, including Mr. Bayard, failed to agree on a ticket. Ex-Governor Stockley was chosen permanent chairman. Ex-Secretary Bayard read the platform, which was unanimously adopted. The ticket as agreed upon is as follows:

For Governor—Robert J. Reynolds.
For Congress—John W. Causey.

Mississippi Constitutional Convention.

JACKSON, Miss., Aug. 13.—The constitutional convention, after electing Judge S. S. Calhoun of this city president, R. E. Wilson of Hinds county secretary, Webb Harris of Oxford sergeant-at-arms, and J. H. Winstead doorkeeper, and appointing a committee of rules, adjourned until 10 a. m.

Over the Entire Central System.

NEW YORK, Aug. 13.—Although the strike on the New York Central railroad has not been declared off by the Knights of Labor, it is virtually at an end. The decision of the locomotive engineers in refusing to come out was its death knell. Passenger trains are running on time and freight is moved on all divisions.

Resuming their Normal Condition.

NEW YORK, Aug. 13.—Affairs at St. John's Park are resuming their normal condition. Freight trains with empty cars left for the West Thirty-third street yards to relieve the pressure of freight at that point. The signs, "No freight received until further notice," are still displayed, but the officials say that all freight will be received in the morning. The police are still on guard within the depot.

The Modern Woodmen.

DES MOINES, Aug. 13.—The call issued by Head Consul Root for a special meeting of the Head Camp of Modern Woodmen, brought 1,500 delegates, representing every state where the order exists. It was deemed advisable, however, to respect the injunction issued by Judge Tullih of Chicago, forbidding a meeting of the Head Camp, so the delegates held a mass convention. After a spirited session, the convention adopted resolutions denouncing the Illinois parties who secured the injunction, urging the head officers to secure its dissolution, and declaring in favor of state insurance jurisdictions in states having upwards of 4,000 members.

Strikers Win.

PITTSBURG, Pa., Aug. 13.—The strike for nine hours' work and ten hours' pay, begun Monday by the machinists and skilled mechanics, is resulting favorably for them, several firms having granted the demand. The prospects are that they will have won the fight and all be at work in a few days. At the same time the strike spirit is spreading and several hundred men will come out to-day. The moulders, about 1,000 in number, are also preparing to make similar demands.

National Photographers' Association.

WASHINGTON, Aug. 13.—The National Photographers' Association of America, to the number of 500, assembled in convention here, President Appleton in the chair. Much business was transacted. The convention will be in session several days.

On the Canadian Pacific Directorate.

MONTREAL, Que., Aug. 13.—John W. Mackay has been elected a director of the Canadian Pacific railway.

And Then Buy A Home in South Park.

Do not be caught in the delusion of many thousands in postponing a home until they can have an expensive one. This idea is the devil's trap that catches men and women innumerable, who will never have any at all. The laborer may have, at the close of the day, to ride farther than is desirable to reach it, but when he gets to his destination in the eventide he will find something worthy of being called by that glorious and impassioned, and heaven descended word, "Home."

Young married man, as soon as you can buy such a place, even if you have to put on it a mortgage reaching from base to capstone. The much abused mortgage which is ruin to the reckless man, to one prudent and provident is the beginning of a competency and a fortune, for the reason he will not be satisfied until he has paid it off, and all the household are put on strictest economy until then. Deny yourself all superfluities and all luxuries until you can say: "Everything in this house is mine thank God!—every timber, every brick every foot of plumbing, every door sill." Do not have children born in a boarding house, and do not yourself be buried from one. Have a place where your children can shout and sing and romp, and not be overhauled for the racket. Have a kitchen where you can do something toward the reformation of evil cookery and the lessening of this nation of despectics. As Napoleon lost one of his great battles by an attacked of indigestion, so many men have such a daily wrestle with the food swallowed that they have no strength left for the battle of life; and though your wife may know how to play all musical instruments and rival a prima dona, she is not well educated unless she can boil an Irish potato, and broil a mutton chop, since the diet sometimes decides the fate of families and nations.

Have a setting room with at least one easy chair, even though you are to take turns at sitting in it, and books out of the public library, or of your own purchase for the making of your family intelligent, and checker boards and guessing matches, with an occasional blind man's bluff, which is of all games my favorite. Rouse up your homes with all styles of innocent amusement, and gather up in your children's lives a reservoir of exuberance that will pour down refreshing streams when life gets parched and the dark days come and the lights go out and the laughter is smothered into a sob.—T.
