The county alliance, which is composed of delegates from all the subordinate lodges in the city, met in Weeping Water Saturday, it being their regular quarterly meeting, and transacted considerable business pertaining to the best interests of the organization.

Dr. Waterman one of Cass County's old time best citizens came in yesterday morning from his home at Haysprings. He is the guest of his brother in law Judge Ramsey. The Dr. reports a short corn crop though he says the wheat on Pine Ridge threshes out from 40 to 50 bushels per acre which is indeed a wonderful showing.

Judge Sullivan came in last evening from Wichita, Kansas. The Judge expressed himself as greatly surprised at the action of the democratic convention at Wabash, from the condition of things, the judge said, he had been led to believe that the Wabash convention would simply endorse the republican ticket and then adjourn. He appeared somewhat impatient at the lack of good judgment exercised by his democratic friends.

A delightful high five party was held at the home of Mr. and Mrs. H. E. Palmer Saturday evening, the guests were Miss Amy Barker, of Omaha, Maggie Vallery, Lula Burges, Kittle Cummins and Messrs. Frank Weeks of Omaha, Guy and Stuart Livingston; Charley Vallery and Charles Murphy. At the Grand Island reunion, the Nebraska soldiers association elected their officers for the ensuing year as follows: For president John O. Gess of Bellevue; Treasurer Chris Hartman of Omaha; Secretary Geo. V. Hall of Lincoln; Chaplain Fred Harris of Grisswald Ia.; Historian P. C. Richards of Lincoln. The outlook for a big time at the November

Today Judge Chapman heard the application for a writ of Mandamus to compel Plattsmouth city to pay or levy a tax to pay the judgment of Henry Boeck recently recovered against the city on account of damage done to his brick business house on main street caused by the construction of the sewer in the alley way in the rear of his building. Messrs. Beeson and Root appeared for the relator Boeck and Mr. Seigel Polk for the respondent city. Judge Chapman took the matter under advisement. Also Mr. Lou Gibberson representing H. D. Travis presented to his honor and had settled the bill of exceptions in the case of Connecticut river savings bank vs. W. L. Barrett.

In company with some friends she writes they have just visited many points of interest in Switzerland by means of a Tally ho coach and will soon make a tour through Italy after which she will settle down to her studies at Dresden.

In police court today Frank Doll was mulcted to the tune of \$5 and the usual trimmings, for a plain drunk with no frills; in default of the cash Mr. Doll will languish for a few days in the bastille where he will be given an opportunity to sober up and philosophize on the whichness and whatsoeverness of mankind in general, and Judge Archer in particular. The Plattsmouth Brick and Terracotta company is one of our solid well managed institutions. The officers are J. G. Richey Pres. T. H. Pollock Secy, and Treas. and F. D. Lennhoff Supt. 1,500,000 first class brick have been made and sold up to date at an average price of \$7.50 per thousand. This would give as receipts the handsome sum of \$11,250 for labor, saying nothing about fuel and incidental expenses there has been paid out since the first of February nearly \$5,000 a large sum indeed to be distributed among a few day laborers. The careful and business like management of the company has not only made it a help to the city but it has been a source of profit to its stockholders.

**Neuralgia causes much Insanity.**  
The highest medical authorities of Europe and America have recently decided that a large percentage of cases of insanity is caused by the excruciating pains of Neuralgia of the head and face. If any member of your family suffers this torment, induce them to try Ballard's Snow Liniment. One application will afford immediate relief and you will soon be rid of a dangerous and tormenting disease. Ballard's Snow Liniment is the most penetrating Liniment known. It positively cures Rheumatism, Lame Back, Contracted Muscles, Old Sores, Corns, Bunions, etc. It penetrates and opens up the pores, drawing all poisonous matter to the surface, restoring and promoting a natural circulation of the blood through the diseased parts.

As Hon. Allen Beeson and his son Jake were riding home this forenoon at a lively gait in the Beeson spring wagon near the grade they suddenly halted by the king bolt breaking off, which without any warning dropped the front end of the wagon bed to the ground and allowed the horse and two front wheels to go on. Jake discovered that he could strike a very hard lick with his head and not in any wise hurt the ground. Mr. Beeson forgot all about the dignity belonging to an honored member of the bar, and also tried successfully to stand on his head, though without any serious result except a slight jar. A new king bolt and a mended spring will fix all up as good as new.

C. F. Smith of this city gives up his tailoring business and enters the ministry, having just received an appointment from the West Nebraska conference for Spring View, Kearney county. The HERALD hopes he may have the success which his kindly demeanor and gentlemanly bearing would seem to indicate as his deserts.

Andy Taylor unloaded a car load of barrels this morning preparatory to taking care of his apple crop. He will market from twelve to fifteen hundred bushels of as nice an assortment as can be found in the west.

Peter Bates is now working his force on the fifth house for Henry Shafer. Mr. Bates signed the contract today for the erection of the new Bohemian Catholic church, the foundation having already been completed by John Hartman.

**A Close Call.**

Young Claiborne, the good looking fat boy that drives the delivery wagon about the city for the express company, has been carrying a revolver to keep off the ferocious Indians and cowboys ever since he began on his present job a few weeks ago. He carries the revolver in his trousers pocket, and as he went to sit down at the Perkins house last night, people were startled at the loud report of a gun, and the ugly hole in the ceiling of the room which followed it. Claiborne nearly fainted from fright, but on a close examination it was found that he had not been touched though the gun had torn quite a hole in his trousers; the hammer must have struck the chair which made all the trouble. Claiborne will kill Indians with clubs hereafter as the revolver is too dangerous.

**An 1812 Pensioner.**

James S. Mathews made application on the 28th day of May for a pension for Jane Charlton of Union, who is a widow of Abraham Charlton, a hero of the war of 1812. Today Mr. Mathews gets word that Mrs. Charlton's pension is allowed and that back pay at the rate of \$8 per month from March 9th 1877 to March 19 1886, and since the last date at the rate of \$12 per month. This will give Mrs. Charlton about \$1,400 back pay and a comfortable living from now on.

**The County Fair.**

Farmers should remember that if they buy a family ticket they can bring out the whole family, and at the same time they can enter for exhibition anything they have from a white mouse to a herd of cattle without any expense. The premiums are large and will well repay the effort to obtain them. Let's have a fair that will be a credit to the county. The horse show will be one of the largest ever seen in the state.

**Sold Out.**

Harry Race has sold his opinions if he had any, to the peoples party we understand, and has purchased a new press with which he will help defeat the republican ticket this fall. We always held Harry in higher esteem, and supposed he was a republican from principle; but the proposed somersault of the Eagle looks like politics for revenue, to a man up a tree. We trust our information is ill founded and anxiously await the appearance of the Eagle.

Eli Sampson purchased the old Fairfield place some time ago and is now filling in around the basement until it doesn't look like the same house. It will be a handsome corner when the work is all completed.

"A RACE WITH DEATH!"

Among the nameless heroes, none are more worthy of martyrdom than he who rode down the valley of the Conemaugh, warning the people ahead of the Johnstown flood. Mounted on a powerful horse, faster and faster went the rider, but the flood was swiftly gaining, until it caught the unlucky horseman and swept on, grinding, crushing, annihilating both weak and strong.

In the same way is disease lurking near, like unto the sword of Damocles, ready to fall, without warning, on its victim, who allows his system to become clogged up, and his blood poisoned, and thereby his health endangered. To eradicate these poisons from the system, no matter what their name or nature, and save yourself a spell of malarial, typhoid or bilious fever, or eruptions, swellings, tumors and kindred disfigurements, keep the liver and kidneys healthy and vigorous, by the use of Dr. Pierce's Golden Medical Discovery. It's the only blood-purifier sold on trial. Your money is returned if it doesn't do exactly as recommended. A concentrated vegetable extract. Sold by druggists, in large bottles, at \$1.00.

## HESSER'S SPLENDID SHOW.

The Finest Exhibit of Decorative Plants Ever Shown at the Fair.

Who ever heard of a Nebraska state fair without W. J. Hesser, the Plattsmouth florist and fruit grower? As sure as the fair comes around Mr. Hesser is there with a fine display of greenhouse products. This year he has fairly outdone his former efforts and has presented the finest collection of decorative plants ever shown in the state. His display of palms, dracaenas and other popular varieties is the best ever seen in the west and commands the admiration even of rival florists. He has over forty different varieties of palms. Every visitor is invited to inspect his display carefully, and to those who admire nature's eccentricities revealed in her foliage and floral creations a rare opportunity is afforded for advantageous purchase. Mr. Hesser is well known in every part of the state to patrons of the greenhouse and will cheerfully give all desired information in relation to his plants. He has palms for sale at from 20 cents to \$30 each. One is not often afforded an opportunity to select from such a collection.

Two grand harvest excursions will arrive on the B. & M. from the east tomorrow morning.

Marshall Archer was out today on the street exercising three of his jail birds having them sweep and clean up.

Ed Threlkeld is rushed with business since he came up the street. He will set out a lunch or a short order meal however to suit the most fastidious.

Johnny Fitzpatrick had quite a time arresting a doublefisted six footer yesterday morning; he knocked him man down, but when he got back at him with a coupling pin, Johnny got his gun and made him hold up his hands, when he marched him off to jail.

A freight conductor informed us this morning that the B. & M. had unloaded one mile of freight cars at the state fair grounds besides what had come in off of other roads. The exhibit ought to be a good one.

If you want to go to the state fair the proper thing to do is to buy your tickets of Agt Latham the night before and then take the flyer which leaves Plattsmouth for Lincoln at 3:20 in the morning this assures your arrival (in a train not crowded) at an early hour ahead of the rush.
