C. A. Marshall, Dentist.

Will return to college Sept. 21, any one wishing work done will please call at once.

Mike Shirk returned last night from Kansas City and Hannibal, Mo., safe and sound, where he made arrangements to supply his customers in this city with the best Missouri coal to be found in the market.

Mrs. Frank Brinkman, residing near the brick school house west of town fell from a load of hay yesterday and dislocated her arm. A Plattsmouth physician was called and she was soon fixed out as comfortably as possible.

Mrs. Agnes Cole, widow of the late Shadrach Cole, is erecting a nice cottage 15x24, with a 14x14 wing, just across the road south of Mr. Doud's place, where she expects to make her home. Rev. Mapes is doing the carpenter work which insures a good job.

The Hon. Jas. E. Boyd and party from Omaha have been tendered the courtesy of the Waterman Opera House by the management, and the party will occupy the east box tonight, at the Beach & Bowers minstrel performance, where our citizens can see the popular candidate for governor on the democratic ticket. Go to the minstrels tonight and witness a fine performance.

Frank Gillespie residing on John Becker's farm, better known as the Crabtree place, lost his stable containing two sets of harness, and a corn crib which contained all the corn he had, by fire yesterday afternoon. The fire is supposed to have been set out by his little five year old boy, with matches. It is a very unfortunate affair for Mr. Gillespie, as well as Mr. Becker who owned the buildings.

J. P. Young can secure the Hess grand opera company, consisting of sixty people, for Monday, September 29, if our amusement-loving people will manifest enough interest and give the opera house management the proper encouragement to secure this great attraction by subscribing for a sufficient number of tickets. This company plays at the Coates opera house this week and at Boyd's in Omaha October 2, 3 and 4. They will appear in the very latest opera if they come here.

A HERALD reporter is informed by J. P. Young that the Standard opera company which was to appear here September 24, their had engagement canceled by J. P. Young, upon a letter received from G. W. Minor, manager of the Grand opera house, saying that the company was very poor and gave a very unsatisfactory performance and that he had closed the house and canceled the entire week, so Mr. Young went to Omaha yesterday and canceled the date. Our citizens can always rely upon good companies coming to the Waterman, unless the management is deceived by misrepresentations, as Mr. Minor was in this opera company.

A FINANCIAL SUCCESS.

A Large Crowd is in Attendance at the Fair Today.

While the wind does not add anything to the comfort of those in attendance, a large crowd has been in attendance at the fair today. The stock exhibits are not large but we notice some very fine Polled Angus, Holsteins and Red Polled cattle on the ground, with some exceedingly fine horses. The imported Clydesdale owned by Mr. Hogan of Elmwood is indeed a magnificent animal. Jones & Fitzgerald's stable shows some stock that will be hard to beat. Their trotter, the brown colt Joe F., is a promising animal and contains the best blood in the country.

Fair Notes.

Ten varieties of potatoes are well represented.

J. V. Weckbach's show cloaks and goods for ladies' fall wear.

Sol Osborn has a nice lot of hand made bracket work in the Art hall.

Sam Archer showed the Elgin wind mill that looked like it was a good one.

John Cummins & Son make a very creditable exhibit of fancy doors, wood finishing, screens, etc.

Mrs. Henry Eikenbary, Mrs. Dean and Mrs. A. Taylor, each has a fine display of jellies and canned goods.

Wiedman and Breckenfeldt and John Unruh make a nice showing of fine stoves and fancy furniture.

O. H. Snyder had a very neat wall paper exhibit, while fancy work, quilts, etc. filled a large part of the hall.

Fred Gorder has a nice showing of fine carriages and buggies and a line of all the newest farming implements.

Boeck & Walker and Henry Boeck made a fine show of their Garland stoves and ranges, together with some nice furniture.

Mike Schnellbacher had one of his home made wagons on the ground that beats all the factory made stuff in the country.

The booths taken by Fred Herrmann and Devey & Son contained nothing which marred the beauty of the hall very much.

Fifteen hundred tickets have been sold at the fair today, besides the family tickets, which is more than ever before up to this time.

V. V. Leonard had probably the nicest show on the ground; he occupied two booths and showed splendid tastes in their arrangement.

Leila Thomas fills one booth very beautifully with paintings and fancy work, a crayon picture of Grandpa Todd attracting much attention.

The B. & M. shops make a nice showing in brass and tin goods which are nearly all made here, together with several other things of interest.

One man exhibits 40 varieties of apples, another 22, another 24, another 24, another 17. Mr. E. Countryman has an exhibit of large apples each weighing one pound.

Two trotters were being exercised on the track this morning when they got scared and ran away, breaking the sulky up, but fortunately did not hurt the drivers.

Will Williams is on the ground with his sorrel colt, Prince, he has arranged for a 300 yard race with Sorrel Bob, to take place this evening after the close of the regular program.

I Pearlman, the general furnishing goods man, has a nice bed room set of carved antique oak; the bed is made up and occupied, false faces taking the place of real occupants.

R. F. Dean showed forty one varieties of apples off of R. W. Hyers' farm that are worthy of special mention. The Belleflowers and Northern Spy could not be excelled anywhere.

The speed program for tomorrow afternoon will include a free for all running

race, half mile heats, best three in five. A 2:40 pacing race, and a free for all trotting race, best three in five.

H. C. McMaken has on exhibition sixteen of the finest varieties of grapes we ever saw, the exhibit being far ahead of the state fair. Among them are three crops of Moore's Early picked from one vine this season.

The exhibits of V. V. Leonard, H. Boeck, Boeck & Walker, I Pearlman and many others are artistically arranged in Art Hall and present an attractive appearance to the large crowd continually passing in and out.

J. M. Young and Noah Clemmons furnish the display of bees and honey, which is indeed very fine; by the way Mr. Young's exhibit is the same one he had at the state fair last week, which took first premium over a large number of competitors.

The agricultural and horticultural displays are more than ordinary. Thirteen hundred ears of corn are on exhibition which in no way suggest a drought in Cass county. Big Frank Young has 50 ears of corn which he calls 13 inch corn, not a single ear of which is less than 12 inches long. Fifty ears of large white corn represents the thirty-fifth crop raised on the same piece of ground. There is a full display of wheat, corn, oats, barley, rye, buckwheat and timothy.

Old rags wanted at this office.

The Derrick Concert.

The following programme to be rendered at the Waterman Opera House Friday evening, Sept. 19, will eclipse any musical entertainment ever heard in the city. The items which have so frequently appeared in the Omaha papers commending the ability of the Sutorius Mandolin and Guitar club, should be a sufficient guarantee of their excellent talent. The singers are all first class.

The Nebraska Campaign. Omaha Bee.
Hon. John C. Watson of Nebraska City, chairman of the republican state central committee, was in Omaha yesterday making arrangements for a grand opening of the campaign on September 29. He secured the services of Hon. John L. Webster, General John C. Cowan, W. F. Gurley, Geo. W. Ambrose, Hon. Frank Ransom, Hon. E. Rosewater and others of Omaha to assist in opening the campaign.

At Hastings on the afternoon of the 20th Hon. Tom Majors and Judge O. P. Mason will address the people.

Hon. Geo. H. Hastings and Will F. Gurley will hold the fort at Beatrice on the evening of the 29th, and the people of Fremont will listen to broadside shots from Hon. John L. Webster and Hon. John C. Watson in the evening of the same day.

In addition to the oratorical talent available in Nebraska, the committee have the positive promise of Speaker Reed and Congressman Burrows that they will assist in the campaign by the delivery of several speeches.

Senators Manderson and Paddock will lend a helping hand before the campaign closes, and the prospects are decidedly favorable. Mr. Watson says, for a red-hot time and a rousing victory all along the line.

High School Notes.

We think of importing a musical director to arrange an air to which we can handle the dumb bells. Ed Ruffner objects to pupils humming John Brown, and I guess it will have to be changed to please Ed as we could not do without him, and he might emigrate if we persisted in the matter.

The study of astronomy is growing in interest. Prof. Halsey and his class, with many visitors, have made several visits to the high school this week to gaze on those far distant worlds, and all go home highly pleased. Mr. Halsey thoroughly understands the study and a lecture from him is certainly instructive.

Miss Alice Wilson has charge of room 11, and has taught in Plattsmouth schools many years. To say that she is a successful teacher is drawing it mild. She is among our best and we think that Plattsmouth schools have some of the best teachers to be found in the state.

Miss Fulmer has charge of the dinner room this week and the pupils eat their dinner in the house. Last week they all took to the woods; Miss Safford was in charge.

Miss Sampson has charge of Room 4 this week, in the absence of the regular teacher.

Miss Edna Adams teaches in No. 15 in the absence of Miss Maggie Berry, Miss Nannie Moore and Miss Hemple were welcome visitors last evening.

Miss Hemple retained the banner this week for good attendance. Her per cent was 97.66, a good showing for last week considering the weather. She thinks of retaining it for the balance of the term. Misses May and Maggie Berry were called east to attend the funeral of a brother who was accidentally killed. They have the sympathy of Plattsmouth teachers and friends.

A fine set of musical charts were received on Monday of this week, together with many other things furnished by the board. This term speaks volumes for their generosity, and may their liberality never cease.

Some of the readers of the HERALD last week objected to the grammar used in school notes. We wish to explain in this way—we never were much of a grammarian but you can't beat us on geography.

CLARA WILSON.

St. Patrick's Pills give entire satisfaction. I have used them in my family. They are the best I ever used for the purpose—Frank Cornelious, Purcell, Indian Ter.—For sale by F. G. Fricke & Co.

Hon. James E. Boyd, the democratic candidate for governor, dressed in a fine tailor made suit and wearing a silk hat, came in on the K. C. train this morning from Omaha, he was accompanied by the grandly dressed chairman of the state central committee, Mr. Charles Ogden, who nonchalantly smoked a cigarette as he discussed the political situation. Col. Connor was at the train with a carriage and welcomed the distinguished gentlemen, who were driven to the Hotel Riley, and afterwards to the fair grounds. Col. Sherman was there and wore his familiar two for a cent smile, Connor had arranged for Sherman to hang on behind the carriage, which Sherman esteemed as a distinguished honor, but the driver, Mr. Edward Fitzgerald, took pity on him and gave him a seat up in front with him.

We find St. Patrick's Pills to be very extra and to give splendid satisfaction. They are now about the only kind called for.—W. A. Wallace, Oasis, Iowa. For sale by F. G. Fricke & Co.

The Coming Debate.

Hastings Nebraska.
The Grand Island beet sugar palace managers have arranged for a big drawing card on September 18 and 19—a joint discussion on the amendment question, in which E. Rosewater, editor of the Bee, and Hon. John L. Webster will meet General Bradford of Kansas, ex-Governor Larrabee of Iowa and Chancellor Creighton of Lincoln. This array of talent on both sides will doubtless attract large audiences and excite no little interest. The surroundings will be far different than when Webster and Rosewater faced Beatrice audiences known to not be in sympathy with their views.

Beach & Bowers minstrels arrived this morning—twenty-four people in all and are stationed at the Perkins house. They made a nice appearance on the street with their finely uniformed band.

Parties wishing grapes will leave their orders at Petersen & Larson's store or at Soennichsen's store. Grapes will all be gone in side of ten days.

JNO. LEBBY.

Rock Bluffs.

Mr. and Mrs. Sam Smith, of North Platte, came in last Sunday to attend the funeral of her grandfather, Mr. Lambert.

Jack Frost paid us a visit last Friday night. He killed the buckwheat, scorched the late corn and stopped the late potatoes growing.

Al Ray has been in the neighborhood the past week with his threshing machine, threshing out the grain.

Wheat is turning out from 10 to 12 bushels to the acre; and oats from 15 to 18.

Last Tuesday Thomas McCulloch had a horse to drop dead in the harness while drawing a load of grain. It is supposed to have been caused by the rupture of a blood vessel.

Mr. F. M. Young informs us that he has lost about 140 head of pigs and hogs with the cholera.

W. A. Royal is losing his hogs with the same disease, and we hear that Frank Moore, Edward Wiley and Wm. Dull are losing their hogs.

S. L. Furlong has ordered inoculation virus from Dr. F. S. Billings & Co. of Chicago, and is going to try the inoculation theory as a preventative of hog cholera. He intends to inoculate 30 head of pigs, and will report his success to the readers of the HERALD.

Mr. John Lambert, who died last Friday night, was buried on Sunday afternoon in the Rock Bluff cemetery. Thirty-five wagons and carriages followed the remains to the burial place. Mr. Lambert was born in Ireland, in the county of Gaulway, in 1815, and was 75 years, 2 months and 18 days old when he died. He leaves a wife 77 years of age and two children, John Lambert Jr. and Mrs. Thomas Smith of this place. Mr. and Mrs. Lambert lived together fifty six years, and were the parents of nine children, seven of whom are dead. They moved to Rock Bluff thirty-three years ago last April, and this has been their home ever since, except about eighteen months that they spent in South America, in the years of 1867 and 68.

The Missouri Pacific.

Word reaches us from official sources that the M. P. grade will, within a week, be completed from Union to Murray, and that within two weeks the entire line will be graded from Union to Platte bottom. Wm. Neville is at present building a new pile drier and in a very few days he will be at work on the pile bridges, which will be hurried to an early completion, there being but few of them. The work in Sarpy county is much behind the work in Cass, but is now being pushed rapidly to completion, the line in Sarpy parallels the new B. & M. line to South Omaha. As the M. P. folks use the B. & M. bridge across the Platte no delay will be caused from that source.

And Then Buy A Home in South Park.

Do not be caught in the delusion of many thousands in postponing a home until they can have an expensive one. This idea is the devil's trap that catches men and women innumerable, who will never have any at all. The laborer may have, at the close of the day, to walk or ride farther than is desirable to reach it but when he gets to his destination in the eventide he will find something worthy of being called by that glorious and impassioned, and heaven descended word, "Home."

Young married man, as soon as you can buy such a place, even if you have to put on it a mortgage reaching from base to capstone. The much abused mortgage which is ruin to the reckless man, to one prudent and provident is the beginning of a competency and a fortune, for the reason he will not be satisfied until he has paid it off, and all the household are put on strictest economy until then. Deny yourself all superfluities and all luxuries until you can say: "Everything in this house is mine thank God!—every timber, every brick every foot of plumbing, every doorsill." Do not have children born in a boarding house, and do not yourself be buried from one. Have a place where your children can shout and sing and romp and not be overhauled for the racket. Have a kitchen where you can do something toward the reformation of evil cookery and the lessening of this nation of desopeptics. As Napoleon lost one of his great battles by an attacked of indigestion, so many men have such a daily wrestle with the food swallowed that they have no strength left for the battle of life; and though your wife may know how to play all musical instruments and rival a prima dona, she is not well educated unless she can boil an Irish potato and broil a mutton chop, since the die sometimes decides the fate of families and nations.

Have a setting room with at least one easy chair, even though you have to take turns at sitting in it, and books out of the public library, or of your own purchase, for the making of your family intelligent, and checker boards and guessing matches, with an occasional blind man's bluff, which is of all games my favorite. Rouse up your homes with all styles of innocent amusement, and gather up in your children's lives a reservoir of exuberance that will pour down refreshing streams when life gets parched and the dark days come and the lights go out and the laughter is smothered into a sob.—T. De Witt Talmage.
