Pacific Junction is all torn up and society is all agog over a crim con case in that town, a Miss Bennet is the unfortunate young lady in the case and George Martin an express messenger seems to have been the principle cause of the trou ble. The affair created so much friction that it is reported, the atmosphere got too warm for the policeman and he has taken a sudden vacation. Racy devolopments are expected when court meets.

The man Keller that was arrested for the Cuttlesburg, Ky., murder was take outh Monday evening, his wife remained at the Junction and will join her husband in a few days. It has leaked out that the way the officers in Kentucky found out Kellers whereabouts, was owing to some trouble that he had with a neighbor of his on the bottoms, by the name of Alex. Powell, some three months ago, when he went after Powell with a knife, cutting his coat and barely provide us with bread. Game proved escaped doing serious work: in return for this Powell who had got into Kellers confidence gave the information that he had obtained from Keller to Sheriff Delashmutt of Mills county, who in turn corresponded with the authorities in Kentucky, which resulted in Keller's arrest. He is represented by those who know him best at the Junction as a very quarrelsome disagreeable man when he got a little of the Iowa prohibition instilled into his make up, and was generally avoided.

"People may declare their disbelief in luck as frequently as they like, but for all that, luck is the most potent factor in shaping the success or non-success of a man," said a citizen of Detroit who stood at our side in the shock of battle. had been sojourning in Escanaba for | There are far to many such, not enrolled several days.

"When he left Pennsylvania he had

\$10,000. He put \$5,000 of this in a bank and invested the other \$5,000 in a farm. The bank broke. Then a drought came fire and was burned with all its contents, and we were left homeless on the verge of winter.

"Father succeeded in mortgaging the farm, and then suddenly my mother service. died, and a few days later my sister followed her into the unknown.

CONTINUAL HARD LUCK. "The following year my father had a

medium crop, and after he had sold it and paid the interest on the mortgage he had just enough left to carry us through the winter. He had lost confidence in banks, so he kept his money hidden in the house. One night we had a visit from burglars, who took every cent he had in the world.

"He was compelled to clap a second mortgage on the farm, but his crop failed and we hadn't a penny to tide us over until the following spring.

"One day that I will never forget I started out hunting, and I had to borrow a gun, for I had sold my own to very scarce, and my aim very poor. It was nearly night, and I hadn't even a bird to show for my long tramp through the woods, so I struck out for home. Just as I leaped the fence that let me into our farm again I saw a squirrel scurrying up the dead trank of an old tree. I popped away at the little fellow, missed him, and then started back with a cry of surprise.

"My bullet had hit the tree, and just where it had struck I saw something that shone like fire in the last rays of the setting sun. Running to it, I whipped out my knife and began cutting into the kollow trunk of the tree. Suddenly handful after handful of gold pieces began to run out of the hole upon the

Lishich was enthusiastically received. Ami Todd youched for Mr. Barnes' republicanism and integrity, saying that they were boys together, and he hoped no member of the club would scratch the name of P. S. Barnes. Dr. Salisbury added we were here for the purpose of electing the entire ticket, which seemed to meet the hearty approbation of the club. J. A. Davies then addressed the club and gave a good report of the condition of the ticket in the county. Mr. Hess, of Omaha, gave a good report for Richards in that city, as well as the ticket generally. Jesse Root then made a few suggestions on practical politics which were adopted by the club.

Are always liable to sudden and severe colds, to croup, sore throat, lung fever, etc. Remedies, to be effective, must be administered without delay. Nothing is better adapted for such emergencies than Ayer's Cherry Pectoral. It soothes the inflamed membrane, promotes expectoration, relieves coughing, and induces sleep. The prompt use of this medicine has saved innumerable lives, both of young and old.

"One of my children had croup. The case was attended by our physician, and was sup-posed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it

Strangling.

It had nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicine it had taken, I reasoned that such remedies would be of no avail. Having a part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved its life."-C. J. Wooldridge, Wortham, Texas.
