**Unfortunate Accident.**  
From Wednesday's Daily.  
The little 4-year old girl of Sam Schwab, who resides four miles south of Rock Bluffs, near old Kenosha, was playing with some white soup beans Sunday, and in coughing she seemed to have sucked one down the windpipe into her lungs, from the effects of which, after much suffering, she died yesterday morning. It must have been sad to see the little one, in perfect health, struggling and actually smother to death before the eyes of its parents, who were powerless to relieve its distress. Parents can not be too careful of what the little folks get to play with.

**Married.**  
Mr. Frederick F. Warner to Miss Emeline Julian at the residence of the brides parents in this city, October 19, 1890, Rev. J. T. Beard, officiating. The bride and groom are both well to do people of this city where we are glad to know they will continue to reside.

**Farm for Sale.**  
240 acres of fine land, with all modern improvements, within one mile of Murray. Will sell all or part of the same. Prices reasonable and terms easy, for further particular address or call on.

**Republican Club.**  
There will be an important meeting of the Young Men's Republican club at the council chamber tonight. A full attendance is desired. Eight o'clock sharp is the time of meeting.

**Hirsch.**  
The popular tenorsial artist under Bank of Cass County.

**Hung by a Mob.**  
Word has just reached this office from a reliable source that George Keller, the man who was arrested in this city a few days ago charged with the murder of a man at Cattlesburgh, a mountain town in eastern Kentucky, was met at the train in Cattlesburgh by a mob, as the officer was taking him back for trial; and that the officer was compelled to give him up and he was hung to a tree, the blood thirsty mob making but short work of him. The above report was sent back by the wife of Keller to friends at Pacific Junction. Although six years had elapsed since the murder, the Kentucky blood had not yet cooled, and the law was taken into the hands, forcibly of a rough class of men who would not brook the laws' delay.

All persons knowing themselves to be indebted to J. V. Weckbach, deceased, or to the firm of J. V. Weckbach & Son, will please call and settle on or before Nov. 15, as all accounts not paid by that time will be placed in the hands of an attorney.—Oct. 20, 1890.

Henry Weckbach & Co. are receiving a car load of salt today, and notwithstanding the McKinley bill he is selling it at \$1.50 per barrel, yet the freight on it amounts to nearly one half of the price.

**On the mend**  
—the consumptive who's not bereft of judgment and good sense. He's taking Dr. Pierce's Golden Medical Discovery. If taken in time and given a fair trial, it will effect a cure. Consumption is Lung-scrofula. For Scrofula, in its myriad forms, and for all Liver, Blood and Lung diseases, the "Discovery" is an unequalled remedy. It's the only guaranteed one. If it doesn't benefit or cure, you get your money back. You only pay for the good you get.  
"Discovery" strengthens Weak Lungs, and cures Spitting of Blood, Shortness of Breath, Bronchitis, Severe Coughs, and kindred affections. Don't be fooled into taking something else, said to be "just as good," that the dealer may make a larger profit. There's nothing at all like the "Discovery." It contains no alcohol to inebriate; no syrup or sugar to derange digestion. As peculiar in its curative effects as in its composition. Equally good for adults or children.

**WANTED:**—A boy to do light work at this office. One who is willing to learn a trade.

The old Omaha switch engine, 142 comes out of the back shop this morning looking neat and bright as a new pin.

R. Gienger came down from Omaha last evening and returned this morning to his duties in the E. & M. freight office in that city.

Jones & Fitzgerald brought in their herd of fine horses yesterday consisting of six thoroughbred stallions and two trotters for winter quarters.

James Johnson, a prominent farmer and staunch republican of Weeping Water precinct, made the HERALD a pleasant call this morning.

Thomas Capek, a democratic Bohemian orator from Omaha will address his fellow citizens in the Bohemian language at Fitzgerald's Hall tonight.

The Rock Island people expect to have their new road between Omaha and Beatrice, Neb., so far completed as to commence running trains over it Dec. 1.

Geo. Trook was called to Nebraska City yesterday morning on account of the death of his cousin Richey Ervin whose funeral took place yesterday afternoon.

Street Commissioner Hemple has been doing some good work, placing the streets near the proposed M. P. depot in good condition and grading up to their gounds.

T. R. Churchill, a particular friend of O. A. Hirsch, is moving his photograph gallery from Weeping Water to this city and will hold forth on the lot east of Nick Cunningham's house.

LeMasters was in Plattsmouth yesterday in close consultation with some prominent democrats. Whether McClintic is to be pulled off the track or "scratched to death," was not learned.

J. G. Taite, the able and distinguished champion of a protective tariff, will address the people of Plattsmouth tomorrow (Thursday) evening at the opera house. The ladies are especially invited.

Mr. Clark is altogether too late with his cholera remedy. A man that would sit idly by and let his neighbors' hogs die by hundreds, and then spring a sure cure receipt on them after all are dead, is too slow to win anything.

Ed Fitzgerald has been out in the county for a week buying mules for the St. Joe and St. Louis market. If you have mules to sell, good prices can be obtained of J. N. S. & Fitzgerald at the Bonner stables.

Ralph Van Ness, one of the B. & M. switchmen had the misfortune last night while making a coupling to get the knuckle joint of the third finger of the right hand badly crushed. Thomas Harrington another one of the boys met with a similar misfortune while Ed. Dodd also carries one hand in a sling. At the present rate a regular invalid corps will soon have to be organized.

A Plattsmouth man was over at Weeping Water the other day and invited Dick Barr of the Eagle to take lunch with him at a model lunch counter in that village. The Plattsmouthian ordered the supper, which was brought out, and just as the delicious fried chicken and tender broiled steak were getting interesting, the Plattsmouth man had to fly for the train, without paying the bill; and he is wondering if Dick Barr has finished the supper, or if it is a sort of continued story and that Dick is still eating at his expense.

The M. P. grading is moving along though the work is not being completed as fast as it was thought it would be. Francis and Leach have had the haviest cut on the line, their work which goes through Cap Wiles farm will be finished this week. T. L. Murphy is finishing Riley's contract which is known as section 16, north of the yards and will complete it this week. Two weeks will be required to complete the grade through the county with favorable weather, Section 2 near Union is probably the farthest behind.

Thomas Dennison the former section foreman on the B. & M. at Greenwood is having a bushel of trouble. His daughter was killed by the flyer while Dennison was working for the company at Greenwood; he resigned his position and sued the company finally compromising for \$1,000. A few days ago he was arrested at Weeping Water for obtaining money under false pretenses and taken to Lincoln where he paid the bill, \$205 and costs and was allowed to go. He is now suing the Missouri Pacific for \$5,000 for permanent injuries received at the hands of that company.

**Specimen Case.**  
S. H. Clifford, New Castle, Wis., was troubled with neuralgia and rheumatism his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven bottles Bucklen's Arnica Salve, and his leg is sound and well. John Spenker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by F. G. Business is rushing, down about the town track near the depot. Several teams are loading M. P. piling while others are unloading lumber, hard coal, merchandise and other commodities.

Smith and Huch's are giving a series of temperance meetings at the M. E. church. They will remain until Saturday. Saturday night the Hon. A. G. Wolfenbarger will address the people on the subject of the amendment, at the M. E. church.

A. C. Mayes returned last night from his work of laying out a new Rock Island town northeast of Eagle six miles. It is laid out on the farm of A. L. Munger whose politics might be guessed from the fact that he has a Russell and Harrison street. The town will be called Munger, a residence, livery barn and a lumber yard are already under way.

Philip Trietsch took the sweep stakes premium with his fine colt at the last county fair. The colt was 5 months old last Saturday, weighed 640 pounds and is a beauty. W. D. Jones, who knows a good thing when he sees it in the horse line, counted out five \$20 gold pieces yesterday and exchanged them with Mr. Trietsch for the colt, which by the way was sired by Duke, one of Jones & Fitzgerald's imported horses, and today Jones was offered \$150 for his bargain and he refused to take it. It certainly pays to raise good stock; it costs no more to keep it, and there is always a good market for anything that is first class.

### And Then Buy A Home in South Park.

Do not be caught in the delusion of many thousands in postponing a home until they can have an expensive one. This idea is the devil's trap that catches men and women innumerable, who will never have any at all. The laborer may have, at the close of the day, to walk or ride farther than is desirable to reach it but when he gets to his destination in the eventide he will find something worthy of being called by that glorious and impassioned, and heaven descended word, "Home."

Young married man, as soon as you can buy such a place, even if you have to put on it a mortgage reaching from base to capstone. The much abused mortgage which is ruin to the reckless man, to one prudent and provident is the beginning of a competency and a fortune, for the reason he will not be satisfied until he has paid it off, and all the household are put on strictest economy until then. Deny yourself all superfluities and all luxuries until you can say: "Everything in this house is mine thank God!—every timber, every brick every foot of plumbing, every doorsill." Do not have children born in a boarding house, and do not yourself be buried from one. Have a place where your children can shout and sing and romp and not be overhauled for the racket. Have a kitchen where you can do something toward the reformation of evil cookery and the lessening of this nation of despectics. As Napoleon lost one of his great battles by an attacked of indigestion, so many men have such a daily wrestle with the food swallowed that they have no strength left for the battle of life; and though your wife may know how to play all musical instruments and rival a prima dona, she is not well educated unless she can boil an Irish potatoe and broil a mutton chop, since the die sometimes decides the fate of families and nations.

Have a setting room with at least one easy chair, even though you have to take turns at sitting in it, and books out of the public library, or of your own purchase for the making of your family intelligent, and checker boards and guessing matches, with an occasional blind man's bluff, which is of all games my favorite. Rouse up your homes with all styles of innocent amusement, and gather up in your children's lives a reservoir of exuberance that will pour down refreshing streams when life gets parched and the dark days come and the lights go out and the laughter is smothered in to a sob.—T. De Witt Talmage.
