Thomas Sullivan had fifty head of cattle dehorned last Saturday. This practice will become a universal custom before many years, and the horned herd will look vicious and dangerous. We have yet to see the first person who has had cattle dehorned that does not become a strong advocate of it. Berrian Hiatt and family who have recently moved from Beaver City, Furnas county, are visiting old acquaintances and neighbors. Berrian grew up te manhood from a small boy in Rock Bluffs school district, and went west a few years ago to Furnas county, but the dry weather out there has been too much for him, and he has come back to old Cass as many others are doing.

Amendment Notes.

REV. J. D. M. BUCKNER.

Dear friends, we come now to the clos ing article of these amendment notes. Six months ago we commenced a series of articles on this subject for no other purpose, than the good of the city and state. We commenced with malice toward none and charity for all, and we close in the same spirit.

is a good thing, if it makes people better, wealthier and happier, it must be protected and fostered; but if it makes people worse, poorer and causes many sad the interests of the democratic party is homes, it must die." I have tried to show that it is a source of crime, a destroyer of wealth, a school of iniquity half of British monopolies and foreign and that we would be better off without it. But you know how hard it is to convince a man of a truth if he is prejudiced against it. But now to be honest my brother, if you was on your dying bed and your little boy ten years old should take you by the hand and say: father, shall I visit the saloons when I get older? Shall I be a moderate drinker? Would you answer, yes, my son, by all means? If you would give that kind of advice to your boy on your dying bea, go to the polls and vote for the

But if you would say to your boy, stay out of the saloon, let whiskey alone then I ask you, in the name of fatherhood, to vote against the saloon. Do not vote to perpetuate an institution that you would be unwilling for your boy to patronize saloons, what would you advise your neighbor's boy, if you had an interest in him and you was sure he would follow your advice? Would you not say, keep out of the saloon, let whiskey

My brother, if in the secret judgment of your heart you believe a man will be as healthy, as wise and as rich if he be a total abstainer, as if he should be a drinking man, then I beg of you to vote for the prohibitory amendment for our boy's sake, for the safety of our homes. and the security of our state. Now do not say, I would yote for the prohibitory amendment if I thought it would be

We must do right, we must be true to our convictions, we gain nothing by delay, to license is to strengthen, there is but one course to pursue and that is to put the law in harmony with the gospel and prohibit what is wrong.

There are many things to mislead us, many things to deceive us on this mat ter, Let us think for ourselves, and when whiskey men say it will take away our personal liberty, it will take away our money and leave us bankrupt, it will flood our state with whiskey and drunkards, let us tell them we know better. The saloon is not a wealth producer, it is not an institution working for temperance and purity. How strange to hear the saloon keeper talking for temperance.

I want to call your attention to the results of the conflict.

If the prohibitory amendment carries there will be joy in many hearts; and if it is lost there will be joy in many hearts: this joy will break out in a jubilee, and there will be great demonstrations of victory. Where shall this celebration be held! The result of the election will determine. If the prohibitory amendment carries it will be in the church, Sabbath School, W. C. T. U. and Fricke and O. H. Snyder. Good Templars. There will be songs of praise and prayers of thanks-giving all over this state.

But if the sa'o a: win the celebration will be held in them. The saloon keeper the brewer, the distiller, the drunkard, the prostitute, all the worst c'aracters will take an active part in this jubilee, cust. St. Suitable for one large or two the triumph of evil.

My dear friend, are you willing to join that crowd and lead in the celebration of the triumph of the saloon?

Which side is God, right ou ne s, purity and sobriety on? Which side do you want your girls on? Your boys? Which

side will you be on? May God help us to make no mistake.

MR. McCLINTIC look out! The scheme is afoot and will be worked hard to throw you overboard in exchange for the unreconstructed Lemasters next Friday at the Louisville metting of the democratic central committee. Plattsmouth democrats want your scalp, Mr. McClintic and they will have it if they can get it. read all the news.

Covered with Scales, Awful Spectacle. Cured in five Weeks by the Cuticura Rem-

I am going to tell you of the extraordinary cure your CUTICURA REMEDIES performed on me. About the 1st of April 1s-t 1 noticed some red pimples like coming out a 1 over my body but thought nothing of it until s metime later on, when it began to look like spots of mortar spotted on, and which came off in tayers ascompanied with itching. I would scratch every night until I was taw, then the next night the scales being formed meanwhile, were scrathed off again. In vain did I consult all the doctors in the county. all the doctors in the county, but without aid. After iving up all hopes of recovery, I hap pened to see an advertisement
