Leonard's Lectures.

Of an address delivered before Charlotte Commandery, No. 87, K. T. of Michigan, at Eaton Rapids encampment, July, 1888, Gen. D. B. Aisger, adjutant general of Michigan, says in the Charlotte Republican: "His address, which was dedicated to the commandery, was one of the most beautiful and eloquent of its kind that it has been our pleasure to hear, and was listened to with rapt attention, not only by the Sir Knights and their families, but by the visitors from the city, who, while unable probably to appreciate the significance of the remarks in their reference to the Order, was addressing, nevertheless could understand and be moved by the eloquent words and beautiful truths which he uttered."

He will lecture two evenings, February 9th and 10th, in this city, under the auspices of the Ladies' South Park Circle, the proceeds to aid in the construction of the South Park Baptist church, which is now taking shape for early spring work. Rev. J. M. Wood, the uniting pastor, is deserving of all the encouragement the good people of this city can give in getting the building up.

How to Break up Severe Colds. From the Virginia City (Mont.) Madisonian.

When we find a medicine we know to possess genuine merit, we consider it a duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy. By the use of this syrup we have relieved, in a few hours, severe colds, and in the course of two or three days, entirely broken them up as has several of our friends to whom we have recommended it. It is all it is represented to be by the manufacturers. If you have a cough and want to stop it, Chamberlain's Cough Remedy will do it. For sale by F. G. Fricke & Co.

Atorney John A. Davies is up at Stewart this week attending to legal business.

Hear Miss May Miles at the Presbyterian church tomorrow evening. Miss Miles comes highly recommended as a soprano singer.

Salmagundi Party.

Mrs. Dovey's beautiful home, the Heights, was a scene of mirth and gaiety last night. On account of illness, Mrs. Dovey was unable to appear in the parlors, which was a great disappointment to all present, the only thing to detract from the pleasures of the evening. Early in the evening Miss Grant played a piano solo, which was highly appreciated. The observation bowl, filled with sixty different articles, baby shoes, button hooks, paint brushes, etc., was passed to each guest, who was told to look well for a quarter of a minute, and later in the evening they would have an opportunity to tell what they saw. Literary salad followed, which caused some laughable mistakes as to the authors of different quotations.

The opportunity was soon afforded all to display their artistic taste, when a dainty little box filled with small cards, on which was written the name of some animal, was passed, and each guest told to make a choice.

The chewing gum followed and all went to work in gay endeavor to mold the animal named upon their card.

Time called—the judges, after much deliberation, decided that the dog molded by Miss Annie Livingston gave evidence of the most skill. The first prize was accordingly awarded her, while the booby prize was given to Miss Alice Eaton.

On repairing to the dining room each was given a pencil and slip of paper with the instruction to make a list of what they saw in the observation bowl.

Tom Patterson's list of forty-five articles proved him to have the best memory, and the goose egg prize fell to Mr. Urub, who saw but one article in the bowl.

Last, but not least, refreshments were served and the evening's pleasures brought to a close.

G. A. R. Committee Meeting. The committee on general arrangements for the G. A. R. encampment which occurs in this city February 18 and 19, met last evening in the G. A. R. Hall and conferred with reference to carrying out the arrangements for the event to completion.

It was decided that \$200 would be a sufficient amount to pay hall rent, purchase badges and defray other incidental expenses, and the adjutant of the post accordingly detailed the necessary number of comrades as a committee to take the collection of that amount in hand and the business men of the city will be interviewed and asked to contribute to this fund. A letter was read from Grand Commander Clarkson to the effect that there will be from 250 to 300 delegates present outside of the ladies who will be in attendance upon the meeting of the W. R. C. to be held on the same date. The G. A. R. reunion held in this city last fall was a success beyond question, and all the old soldiers in attendance were loud in praise of Plattsmouth's hospitality; and we feel safe in saying that the coming encampment will be none the less successful, as the general arrangements are in the hands of representative business men of the city who will see that everything is done in order.

The ballot of the Kansas legislature taken in separate session yesterday for United States Senator gave Pfeffer Alliance a total of ninety-eight votes and Ingalls a total of fifty-seven. Today the joint convention will be held and the result officially published. Mediocrity goes this year in Kansas instead of brilliancy and brains. Kansas will rue the bargain after it is too late to amend her action in supplanting the brainiest man in the state for a mediocre.

Mr. A. W. Stephens, one of Foremen McCarthy's men on the section here and who received a severe wound on the ankle joint several weeks ago, by being struck by a rail which slipped from the hands of the men in handling it, is improved so that he was able to go out to Lincoln today. He is, however, unable to get along without the aid of crutches.

Plattsmouth visitors to Omaha could not spend an hour more pleasantly than by visiting the extensive greenhouses of Mr. O'Donahoe on north Twenty-fourth street east of the Fort. These houses are a symposium of floral beauty, where all that is rare and lovely in plants and flowers can be obtained at remarkably low figures. Mr. O'Donahoe has many rare plants not usually seen in the west.

Banker J. F. Kauffman, of Avoca, accompanied by Farmer Nutzman of that vicinity, were registered in the county seat ever night, and were transacting business with the county officials today. Mr. Kauffman reports that the thriving little village on the Minnebooboo is keeping on in about the even tenor of its way, and that there is nothing of a very startling nature transpiring there.

ACADEMY—"Kerry Gow."—It seems that the play which made Joseph Murphy famous and wealthy has not lost its hold upon the affections of the public, for the academy was filled last evening, and the piece was enjoyed as keenly as ever. Mr. Murphy's impersonation of Dan O'Hara is a work of the right spirit which always wins admirers.—Cincinnati: Leader. Go and see him at the opera house next Monday night.

When the Schuyler train arrived at 9:45 this morning it was noticeable that the pilot had come in contact with snow drifts. It began to snow at Schuyler at 6 o'clock last evening and continued all night with a driving wind. The snow was a foot deep at 6 o'clock this morning. The trainmen say they ran out of the snow at Wahoo, [at which place rain was falling instead of snow. Nebraska climate is about as unstable as an alliance legislature.

The eleventh annual convention of the National Alliance convened in Omaha yesterday with the following states represented; Nebraska, Ill, Iowa, Missouri, Ohio, Washington, Wisconsin, Kentucky, Indiana, Texas and Connecticut.

The session was held with closed doors and but little business was transacted. President Powers, in his address advocated a general organization of trades unions and Knights of Labor with the alliance.

The best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application and one that will reach all the remote sores and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met the conditions, and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The more distressing symptoms yield to it.

The Pulpit and The Stage. Rev. F. M. Shreut, Pastor United Brethren church, Blue Mound Kas., says: "I feel it my duty to tell what wenders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 25 pounds in weight."

Arthur Love, Manager of Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident that Dr. King's New Discovery for consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my many thousand friends is to urge them to try it." Free trial bottles at F. G. Fricke & Co's drug store. Regular sizes 50c. and \$1.00.

Some years ago Chamberlain & Co., of Des Moines, Iowa, commenced the manufacture of a cough syrup, believing it to be the most prompt and reliable preparation yet produced for coughs, colds and croup; that the public appreciate true merit, and in time it was certain to become popular. Their most sanguine hopes have been more than realized. Over three hundred thousand bottles of Chamberlain's Cough Remedy are now sold each year, and it is recognized as "the best made," wherever known. It will cure a severe cold in less time than any other treatment. For sale by F. G. Fricke & Co.
