It was Loaded. That was the unanimous testimony of those who attended the lecture of Rev. T. S. Leonard, at the Immanuel Baptist Church last evening. Mr. Leonard is a powerful speaker, a sometimes humorous, sometimes pathetic, and sometimes highly eloquent. His lecture last evening, "Didn't Know It Was Loaded," was of the humorous order and intensely interesting. The strongest feature of it was that it was calculated to impress the audience with important lessons without making them feel that they were obliged to think and learn whether they wanted to or not. They earned without knowing it, and judging by their demonstrations, his plan was just the thing for a hot night. The audience evidently forgot all about the heat. Mr. Leonard will have a hearty welcome when he comes to Grand Island for another lecture.—Grand Island (Neb.) Independent, June 27, 1890.

The ladies of the South Park Circle have arranged for two lectures by Rev. Leonard, in this city, in aid of the South Park Baptist church to be built in early spring. The dates of the lectures are Monday evening, February 9th, and Tuesday evening, the 10th. All should attend and lend a helping hand to a worthy cause.

Stockholders' Meeting. There will be an adjourned meeting of the Livingston Loan & Building Association, Wednesday, the 4th, at 7:30 at the council chamber.

WILL H. MILLER, Secretary.

**Social Gathering.** A progressive party was given by the Misses Gering last evening at their home on Gospel Hill, for the benefit of the St. Agnes Guild. The company, to the number of 56 persons, enjoyed themselves till a late hour in the amusements common upon such occasions.

**Buffalo Courier.** "Thus early in the summer, and with threatening weather, the audience at the Court Street Theatre last evening was something astonishing—the ticket seller quit work before 8 o'clock, when all available standing room was occupied. "A Cold Day, or the Laplanders," the simple plot of which hinges on a humorous episode in a street car, must be called one of the most amusing of the latter day farce comedies. It was brought out last season, and then achieved an instantaneous success. This was its first production in Buffalo, and it is not easy to recall a play that at the outset here scored a greater hit than did a "Cold Day." The leading parts are in the hands of Perkins D. Fisher and Richard Morescoe, a brace of as comical comedians as one would care to see, and the other characters are well looked after. A number of popular musical selections are introduced. Performances of this roaring conceit will be given every afternoon and evening this week, except Thursday."

This splendid company will appear in this city at the Waterman Saturday night.

Attorney W. L. Browne returned from Creston, Iowa, where he has been for two or three days on business. When asked to give an account of himself, he said he was tired, cold and hungry. He did not present the appearance of an ill-fed man by any means, but there was evidence of his disgust for the prohibition state.

The business men of Lincoln are about to run a boycott on the Union Pacific because of the hoariness displayed by the officials of that road in Omaha in refusing to carry out the contract entered into with the Rock Island for the use of the bridge at Omaha and the Union Pacific line from that city to Beatrice.

Col. Mayfield's call for a meeting at Louisville Saturday night "to transact important business" doesn't seem to have been very fruitful. Todd, Pollard & Co. are not pushing the Louisville scheme any more, and there doesn't seem to be any volunteers to materialize the new petition. There's work about it, and nothing in the treasury to pay for it.

Some time ago Chamberlain & Co., of Des Moines, Iowa, introduced the manufacture of a tough, strong, reliable, yet portable, yet productive for rough, cold, and wet weather, and in time it was certain to become popular. Their most sanguine hopes have been more than realized. Over three hundred thousand bottles of Chamberlain's Cough Remedy are now sold each year, and it is recognized as "the best made," wherever known. It will cure a severe cold in less time than any other treatment. For sale by F. G. Fricke & Co.

**Starting Facts.** The American people are rapidly becoming a race of nervous wrecks, and the following suggests the best remedy. A pensive, trembling, of Bilber, Pa., writes that when his son was specterless from St. Vitus disease Dr. Miles' great restorative nerve-cure cured him. Mrs. J. R. Miller, of Valparaiso, and D. D. Taylor, of Logansport, Ind., each gained 20 pounds from taking it. Mrs. H. A. Gardner, of Vistula, Ind., was cured of 40 to 50 convulsions a day, and much headache, dizziness, backache and nervous prostration by one bottle. Trial bottles, and fine book of marvelous cures free at F. G. Fricke & Co's who recommends and guarantees this unequalled remedy.

Hall's Hair Renewer eradicates and prevents the formation of dandruff, thickens the growth and beautifies the hair as no other preparation will.

**Pronounced Hopeless yet Saved.** From a letter written by Mrs. Ada E. Hurd of Groton, S. D., we quote "was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my savior, determined if I could not stay with my friends on earth I would meet my absent ones above. My husband was advised to get Dr. Kings New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles. It has cured me and thank God I am now a well and hearty woman." Trial bottle free at F. G. Fricke & Co's.

Ayers Cherry Pectoral has given me great relief in bronchitis. Within a month I have sent some of this preparation to a friend suffering from bronchitis and asthma. It has done him so much good that he writes for more.—O. F. Dunterville, Plymouth, England.

What is a cold in the head? Medical authorities say it is due to uneven clothing of the body, rapid cooling when in a perspiration, etc. The important point is, that a cold in the head is an inflammation of the lining membrane of the nose, which, when unchecked, is certain to produce a catarrhal condition, for catarrh is essentially a "cold" which nature is no longer able to "resolve" or throw off. Ely's Cream Balm has proved its superiority, and sufferers should resort to it before that common ailment becomes seated and ends in obstinate catarrh.

**Miles' Nerve and Liver Pills.** Act on a new principle—regulating the liver, stomach and bowels through the nerves. A new discovery. Fricke & Co's.

**Sudden Deaths.** Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally understood. These are: a habit of lying on the right side, short breath, pain or distress in side, back or shoulder, irregular pulse, asthma, weak and hungry spells, wind in stomach, swelling of ankles or droopy, oppression, dry cough and smothering. Dr. Miles' illustrated book on heart disease, free at F. G. Fricke & Co's who sell and guarantee Dr. Miles' unequalled new heart cure, and his restorative nerve, which cures nervousness, headache, sleeplessness, effects of drinking, etc. It contains no opiates.

**How to Break up Severe Colds.** From the Virginia City (Mont.) Madisonian. When we find a medicine we know to possess genuine merit, we consider it a duty, and we take pleasure in telling the public what it is. Such a medicine we found Chamberlain's Cough Remedy.
