

L. B. Wildman, the druggist, is again on duty after a brief illness.

County Attorney Travis came in from Weeping Water this morning on the Schuyler.

J. K. Henshaw, is rejoicing at the arrival of a six pound daughter at his house yesterday.

Senator Thomas returned to Lincoln this morning, having spent the Sabbath at home with his family.

The Schuyler showed evidences of having pushed through some pretty heavy snow drifts when she arrived this morning.

Miss Alice Murray, daughter of Wm Murray, who has been quite sick with diphtheria for a few days is reported by her physician to be improved today.

The post office was closed from 11 to 2 today out of respect to the memory of the late William Windom, Secretary of the Treasury, whose funeral occurred today.

Hon. R. B. Windham was called to Glenwood again this morning to attend the bedside of his mother, who was reported to be growing worse, and her recovery doubtful.

Messrs. John Lambert, W. B. Allen and W. S. Shera of Rock Bluffs left this morning for Stanbury, Mo., where they will take the business course of the college at that place.

After the 10th of this month the Burlington Voluntary Relief Department will have a medical examiner located here, Dr. S. E. Yoder having been appointed to that position.

O. M. Weed who has been in charge of the B. & M. store department here for several years will be relieved on the 10th of this month by a Mr. Guild, of the auditing department of Omaha taking his place.

A saddle was stolen from the barn of Henry Spangler, on the Maxwell farm, south of the city, Saturday night, which was doubtless taken by the thieves who rode off Wm. Neville's mules from this city.

Mr. and Mrs. L. H. Young who were called to Denver several weeks ago to attend the obsequies of Mrs. Young's brother, returned home last evening. They report eight inches of snow at Denver.

A number of Lincoln architects have submitted plans for the new Cass county courthouse at Plattsmouth. It will be a fine building and a credit to one of the oldest and best counties in the state.—Lincoln Call.

C. H. Williams, M. D., assistant superintendent and medical examiner of the Burlington Voluntary Relief Department, with the new examiner, S. E. Yoder, who will soon locate in this city, left the city Saturday.

The authorities at Washington have taken precautionary steps to prevent the Cherokee strip from being overrun by boomers. All persons engaged in quarrying stone on the strip are to be removed at once as intruders, and only those having proper authority are to be allowed to enter the strip under any pretext.

L. E. Karnes is something of an artist, as is shown in his book of diagrams of beautified work for the Rebeccas I. O. O. F. Mr. Karnes has been invited by the Rebeccas of Hastings to visit that city and give them the benefit of the work, and he will leave for that place this evening, and will return Wednesday evening.

The strong arm of the law has been brought to bear upon a fraudulent fortune teller at Lincoln. The only cause for complaint in the matter is, that the officers were only a little too tardy in meting out justice to one of this disreputable class of beings, who as a rule seek the unenlightened for their victims.

Elmer Cole will go to Fremont tomorrow morning, where he will enter the business college of that city. The HERALD will visit him daily, and joins his many friends of this city in wishing him a pleasant and profitable time in that institution. What's the reason Plattsmouth doesn't move for a business college? It is demanded in the county, as is evidenced by the number of young people going away to take a business course.

The people of Glenwood are highly elated over the success of their artesian well. It is said a steam pump was put in operation and kept in motion for ten hours without cessation, throwing sixty gallons per minute, and the well was not lowered an inch. It is of excellent quality, soft as rain and of delightful taste. Glenwood has been taking some strides forward the past year, and now she may be even more thoroughly revived.

He Saw His Shadow. It is a common saying that on the 2nd day of February the ground hog comes forth from his winter quarters, and if his hogship spies his shadow on that day he immediately retires to his wonted seclusion for the space of six long weeks, that is to say that six weeks of winter weather will follow if he sees his shadow. There is about as much in that nonsense as there was in the prophesies of the posticator Wiggins a few years since a terrible storm was to sweep this city, laying waste everything almost.

Uncalled for Witness Fees.

Witness fees uncalled for in district court for the period ending Dec. 31st, 1890:
