**National Event.**  
 The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nerve by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottle and fine book on "Nervous and Heart Diseases," with unequalled testimonials free at F. G. Fricke & Co. It is warranted to contain no opium, morphine or dangerous drugs.

**Remarkable Rescue.**  
 Mrs. Michael Curran, Pittsburgh, Pa., makes the statement that she caught cold, water set on her feet, and she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that she would die. Dr. King's new discovery in a bottle cured her. She took a bottle and to her delight found herself benefited from the first dose. She could not believe it until she had taken ten bottles, found herself sound and well now does her own housework and as well as she ever was. Free trial bottles of this great discovery at F. G. Fricke & Co.'s Drug Store, 217 Broadway, N. Y.

**Happy Hoosiers.**  
 Wm. Timmons, Postmaster of Daville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble, which I had for some time, and which made me feel like a man who is all run down and don't care who he is, has been cured by the use of Electric Bitters. I feel like a new man now, and I can do my work as well as ever. I feel like a new man now, and I can do my work as well as ever. I feel like a new man now, and I can do my work as well as ever."

**The Following Advertisement.**  
 published by a prominent western patent medicine house, would indicate that they regard disease as a punishment for sin. "Do you wish to know the quickest way to cure severe cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. This can always be done if you choose to, as nature in her kindness to man gives timely warning and plainly tells you in nature's way, that as a punishment for some indiscretion, you are to be afflicted with a cold unless you choose to ward it off by prompt action. The first symptoms of a cold, in most cases, is a dry, loud cough..."

...of his custom. For example, on other day a Pittsburg manufacturer received a complaint from a firm which used a good deal of his steel that there was something wrong with the last assignment of steel sent, inasmuch as the men alleged that it was soft. This surprised the manufacturer, as large quantities of the same steel had given satisfaction elsewhere, and he himself went to investigate the matter.  
 He was still more surprised when he found that the steel was soft after heating and submission to the usual bath. The blacksmith before whom he made the test and the other workmen standing around took little pains to hide their enjoyment of the expert's discomfiture.  
 "You see, it is soft," said the blacksmith, with a grin, and for a moment the manufacturer was at a loss what more to do. Then an idea struck him.  
 "Is this bath all right?" he asked, and without waiting for an answer he plunged his hand into the trough and fished up a good sized lump of soap. No steel will harden in a soapy bath, and the mystery was at an end. Of course the blacksmith, who had played the trick, was discharged, and he confessed a rival manufacturer of steel had given him \$50 to put the soap in the bath.—Pittsburg Dispatch.

**Mr. Freeman Two Fingers Short.**  
 A passenger on the 1625 5:00 lock express for Boston, which had just arrived, was standing in the doorway of one of the coaches, one of his hands resting in the groove where the door closes. A gust of wind or the swinging of the car caused the heavy door to close with considerable force, catching two of the man's fingers. The sharp edge of the door or the edge of the metal lock amputated the fingers almost as smoothly as would a surgeon's knife. The second and third fingers were taken off at the first joint.  
 The injured man was Martin Freeman, a New York business man. He was taken up town by Heckman Dunlap, who was requested to drive to some physician's office as soon as possible. The offices of Drs. Mulholland, Bissell, Russell and Bacon were visited, but all were out. Finally Dr. Hawley was found at his office, and he dressed Mr. Freeman's wounds.—New Haven Register.

**An Old Directory.**  
 John McPherson's directory of Philadelphia, published in 1783, has been unearthed. Among the prominent names it contains are these: "Franklin Benjamin, his excellency, 1 Franklin court; Morris Robert, merchant, 101 Market street; Hittenthouse David, 109 Arch street; Hamilton Alexander, 855 Second street." Although on the title page McPherson spells his name in that manner, in the body of the work his name appears as John Mc. Pherson, broker, 7 Chestnut street. That all the people of the town were not in sympathy with his work is inferred from these entries: "I shall not give my name," "43 Shampers alley," "I won't have it numbered," 478 Green street, "I won't tell you my name," "What you please," 49 and 59 Market street.—New York World.

**Masonic Agents to Go to Jerusalem.**  
 The Rev. Dr. H. M. Wharton received a communication from South Carolina, which he is to present to the members of the lodge in Jerusalem, the birthplace of the Messiah. Some time ago the Jerusalem lodge sent a parcel made of olive wood to the South Carolina Masons, who now stand the apron in return. The present, a valuable one, is of lamb skin, bordered with black velvet and fringed with silver. The square and compasses and the all seeing eye are stamped in gold. Dr. Wharton is a Mason, and expects to have a pleasant time with the members in Jerusalem. He sailed with his party for Palestine Wednesday.—Baltimore Sun.

**The Grip in Japan.**  
 One remarkable peculiarity of the grip in Japan was its prevalence among the upper classes, whereas the cholera selected its victims among the poorer people. Some idea of the extent of the epidemic may be gathered from the fact that at Yokohama the sufferers officially reported numbered over 50,000, and it is estimated that the unreported cases throughout the prefecture were nearly twice as great. Of the 130,000 inhabitants of Kobe, 25,000 were attacked by the disease. In Tokio the epidemic raged with great virulence, and similar reports come from some of the Chinese cities.—San Francisco Call.

**Establishing a Precedent.**  
 A case of interest to school teachers came up in Crawford county court recently. A teacher in one of the schools, Miss Alice Bentley, attempted to correct a boy named Guy McClintock, who was smearing ink over another boy's face. Young McClintock picked up a slate and struck the teacher in the face, seriously injuring her and incapacitating her for school duties. The board of directors disposed of the case by suspending the boy for one term. Friends of Miss Bentley then had the case brought into court. It was tried and a verdict of guilty of assault was rendered.—Meadville (Pa.) Tribune.

My disease (psoriasis) first broke out on my left cheek, spreading over my nose, and almost covering my face. It ran into my eyes, and I had to wear eye-glasses. It covered all over my head and my hair fell out. I was entirely baldheaded. It covered my entire body, my arms and shoulders, until my arms were just one sore. It covered my face, my neck, my chest, my back, my arms and shoulders, until my arms were just one sore. **How to Succeed.**  
 This is the great problem of life which few satisfactorily solve. Some fail because of ill health, others want of luck, but the majority fail from insufficient grit—want of nerve. They are nervous, irresolute, changeable, easily get the blues and "take the spirits down to keep the spirits up," thus wasting money, time, opportunity and nerve force. There is nothing like the Restorative Nerve, discovered by the great specialist, Dr. Miles, to cure all nervous diseases, as headache, the blues, nervous prostration, sleeplessness, neuralgia, St. Vitus dance, fits and hysteria. Trial bottles and fine book of testimonials free at F. G. Fricke & Co's.

**Eupespy**  
 This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good digestion and out the demon dyspepsia and install instead eupespy. We recommend Electric Bitters for dyspepsia and all diseases of liver, stomach and kidneys. Sold at 50c and \$1.00 per bottle by F. G. Fricke & Co's drug stores.

**Apple Trees.**  
 I will have for sale at John Y. Stone's fruit farm, one mile west of Glenwood, Iowa, in time for planting this spring, a large stock of apple trees of the varieties tested by experience in this climate and proved to be valuable in South-western Iowa and South-eastern Nebraska. These trees were grown in Mills county, Iowa, and in Missouri and from this stock Mr. Stone will plant heavily this spring, and most of them were grown in the nurseries from which he has planted largely during the last six years. This farm is six miles east of Plattsmouth. R. C. WHITE, Glenwood, Iowa.

**A Fatal Mistake.**  
 Physicians make no more fatal mistake than when they ignore patients that nervous heart troubles come from the stomach and are of little consequence. Dr. Franklin Miles, the noted Indiana specialist, has proven the contrary in his new book on "Heart Disease" which may be had free of F. G. Fricke & Co., who guarantee and recommend Dr. Miles' unequalled New Heart Cure, which has the largest sale of any heart remedy in the world. It cures nervous and organic heart disease, short breath, fluttering, pain or tenderness in the side, arm or shoulder, irregular pulse, fainting, smothering, dropsy, etc. His Restorative Nerve cures headache, fits, etc.

**Pronounced Hopeless, Yet Saved.**  
 From a letter written by Mrs. Ada E. Hurd of Groun, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles and fine book of testimonials free at F. G. Fricke & Co's drug stores.
