Ed McMaken bid the boys goodbye last night, preparatory to a trip to Pennsylvania where he expects to work in a glass factory with John Wayman.

Judge Chapman returned from Lincoln, having finished up his business there as far as the court is concerned, that county now being in a district of its own.

Judge Crites.

A. W. Crites of Chadron was sent down to the capital to look after their normal school bill. The bill was defeated yesterday but Mr. Crites received the appointment of judge of the district court for their new district up in the northwest corner of the state. Mr. Crites' friends in this city will be glad to learn of his good fortune.

The Water Queen  
Kirkaly Bros' "Water Queen" was presented to a large audience at the opera house last night. The juggler and the performer on the horizontal bar were more than good. The play as a whole was a brilliant success and we believe no one regretted their attendance.

The encouragement given the opera house people by so liberal an attendance will doubtless brace up Mr. Young to continue in giving us nothing but first class attractions.

W. C. T. U. Reception.  
The W. C. T. U., assisted by the Y. M. C. A., will hold an informal reception in honor of Mr. and Mrs. B. Spurlock, Mr. and Mrs. L. E. Karnes, Mr. and Mrs. J. C. Eikenberry, at the home of Mr. and Mrs. C. E. Wescott, corner Ninth and Main streets, Friday afternoon, April 3, from 2 to 7 o'clock. Members of the Union and friends of the parties are cordially invited.

An Amputation.  
E. A. Kirkpatrick, of Avoca, the victim of the accidental discharge of a shot gun, mention of which was made in yesterday's HERALD, was compelled to submit to the surgeon's knife yesterday. Dr. Wallace of Union was called in and in order to save a part of the arm, the forearm was amputated about midway between the wrist and elbow. Mr. Kirkpatrick is a brother-in-law of Wiley Black and from him we learn that Mr. K. suffered terrible pain from the effect of the gun-shot wound, and the doctor said the hand had to be amputated or he could not recover. At last accounts he was getting along as well as could be expected.

Barrel of Money.  
Speaking of the characters in "A Barrel of Money" a theatre-goer remarked: "They are so admirably drawn, so real, so entertaining that you love them, you hate them, you sympathize with them, you laugh at them and applaud them. Briefly that tells the wide scope covered by the comedy, except that the musical features are up to the highest standard of the best farce companies.

The cast is an excellent one. A company containing such performers as Gracie Emmett, Grace Canington, Belle Byxne, Will H. Kohnle, Danny Mann, Lloyd Neal, Will Spalding and Ralph Dannan. A great hit is the Salvation Army medley.

At the Waterman opera house, April 6.  
Engine 245 was brought in from the Sutton wreck last night and looked as though it had seen rough usage. The smoke stack made of inch boiler iron was broken squarely off close to the boiler, while the cab was crushed and splintered and the pilot was carried entirely away. From the appearance of the engine one would have thought the engineer and fireman had a poor chance for life even if the engine had not turned over.

An Unexpected Return.  
During the last term of the district court County Attorney Travis lost his leather hand satchel containing some valuable legal papers. He was very much worried over the loss of the papers, some of them being difficult to replace. A few days ago, however, he received a neat package through the mails, and on opening it he found his lost papers, without any word of explanation. The post mark was so dim it could not be made out. Mr. Travis says he would like to thank the thoughtful thief in person for his kindness in returning the papers.

For Sale Cheap.  
A nice spring wagon. For particulars enquire at the Singer agency in Boeck's furniture store. dtf

The legislative apportionment bill before the house makes the Sixth senatorial district consist of the counties of Cass and Sarpy, thus insuring the election of a democratic senator from this republican county. The independents opposed the measure and succeeded in having it indefinitely postponed by a vote of 50 to 40. It will, however, be brought up again as the democrats say they will have an extra session if an apportionment bill is not passed.

A farmer coming into town yesterday with an empty wagon to which was attached a team that would weigh 2,800 pounds had to get out and walk as he drove into town on the avenue. Some paving must be done this spring; the demand is imperative.

Report From Lincoln.  
LINCOLN, Neb., April 1, 3:45 p. m. [Special to the HERALD]—No decision has yet been handed down in the Boyd-Thayer case. It seems to be the opinion here that Boyd will not be molested and that he will veto the rate bill to-morrow.

Legislative Notes.  
The following is a list of the new laws that were ground out at the capitol yesterday.

H. R. No. 134, a bill to prohibit the keeping, maintaining or harboring of girls under the age of eighteen years and boys under the age of twenty-one years in houses of ill fame and to authorize the officers or agents of the Nebraska humane society and all other humane or charitable societies to compel their removal from such houses, was read and recommended for passage.

S. F. No. 182, the Pierce Normal School failed to pass, there being 27 yeas and 49 nays recorded.

S. F. No. 25, the Chadron school bill also failed to pass, 40 voting yeas and 42 voting nays.

S. F. No. 180 was passed without the emergency clause. This bill was introduced by Senator Collins and its provisions apply to cities of the second class having a population of over \$5,000 inhabitants. It is intended to allow the city of Beatrice to vote bonds in excess of the amount now allowed by law, in the amount of \$25,000, for the purpose of making improvements in the water works system.

H. R. No. 318, by Cornish, was passed by a vote of 75 yeas to 3 nays. This bill compels school district treasurers to keep a register in which all school district orders shall be registered in the order presented. It is made his duty to notify holders of warrants whenever there is sufficient money in the treasury to cash the same. The object of this bill is to prevent holders of orders from drawing interest thereon indefinitely.

H. R. No. 199, a bill for an act relative to public schools in metropolitan cities, and to repeal an act approved March 31, 1887, entitled an act relative to public schools in metropolitan cities, and all acts amendatory thereof, was read the third time and passed with the emergency clause.

H. R. No. 104, the eight hour bill was read the third time and passed.  
Mrs. W. W. Wiley of Murray made THE HERALD a pleasant call today. Col. Peterson of the Journal has been on the sick list for several days but is able to be out on the street again.

Mrs. Kelly Fox was the finder of the gold watch advertised in THE HERALD, which accounts for its prompt return to the owner.

Harry Green is a fine singer with histrionic tastes. Yesterday he made arrangements for a good salary to travel with the Sagwa Indian troupe.  
The alliance out in the drought stricken district, it is said on good authority, are paying the expenses of their legislators for the extra time they are now putting in at Lincoln.

The regular meeting of the Ladies' Aid Society of the M. E. church will be held to-morrow afternoon at 2 o'clock, at the home of Mrs. Edwin Davis, corner Vine and Eleventh Street.

Mr. Harry Phelps, son of Mr. S. E. Phelps of the M. P. in this city, came in yesterday from Virginia, where he has been engaged in railroad building, and will visit for a week or ten days.

You who have not registered should not forget that Saturday of this week is the last opportunity that will be afforded. Those who registered last fall do not have to register again.

Harman Bestor says he is one of the farmers that wants to go on record as opposing the two cent fare bill. He says it would be of no earthly benefit to the farmers and would hurt the roads.

Henry Boeck had four horses hitched to the hearse yesterday in attending the funeral of Mr. Farthing at Rock Bluffs and could hardly get along then. The glass end doors of the hearse were smashed in during the trip by a carriage tongue.

BY PANSY.  
Hay is a scarce article in our community at present.

Miss Carrie Wood is visiting her sister, Mrs. Frank Root.

Mr. James Walker has been on the sick list most of the past week.

Hon. A. Root spent the latter part of last week at Furlington, attending a stock sale.

Miss Pearl Wood from Plattsmouth, has been visiting her sister, Mrs. Frank Root, the past week.

Mr. John Dickinson, who has been visiting his sister, Mrs. James Root, departed Saturday for his home at Elmwood.

Our daily mail arrived here Monday, and it is the last time since last Thursday on account of the roads being so bad.

The past week has been one of continual mud, and if the weather does not change we will soon have no bottom in the roads.

Easter Sabbath was not a very delightful day in our midst. It was stormy and disagreeable, and then again, "Eggs" were scarce in the vicinity of Murray.

Mr. Troy Davis departed for the Western Normal College at Shevandoah, Iowa. Troy is a good student and a bright future is predicted for him. May success follow him.

The M. P. folks are re-modeling over their bridges on the "cut-off" between Plattsmouth and Union. The men are at work and the bridges will be completed in a few days.

A few days or a week of sunshine would be one of the grandest blessings that nature could bestow upon us; it would brighten up our house, make us all feel glad and rejoice that spring had come in all her beauty and grandeur. Welcome! welcome! Spring.

Time is money—then go to Gering & Co. to buy wall paper.

The Fair will be closed until Friday on account of invoicing stock.

That hacking cough can be so quickly cured by Shiloh's Cure. We guarantee it.

Fred Robinson came up from Nebraska City yesterday and was kept busy shaking hands with old friends.

Nearly a million pounds of sugar was placed on the market this morning remaining at Omaha this morning.

A. S. Tibbets has been appointed Judge of district court in Lancaster County. The other appointment hangs fire until an apparent sell out is completed.

An appropriation was passed in the house yesterday allowing \$133 to each newspaper, that published the amendment proclamation last fall. The Weeping Water Republican is the only paper in this county that got a plum from the public table.

The local management of the opera house were very much disappointed when they found the scenic effects of the company last night could only in a small way be placed upon the stage. They would not have advertised it as being placed, had they not felt sure it would go in.

Italy on Her Muscle.  
King Humbert has without a word of warning recalled his resident minister from Washington, presumably on account of the New Orleans affair. The sea coast cities are greatly excited, as a like action with a European power would mean war. What it means to us can only be surmised, but the most astute statesmen in Washington do not attach any serious significance to the fact. That Uncle Sam has been insulted by the abrupt treatment of the King of Italy no one can deny, unless the state department is in possession of facts not yet given to the public.

The division of agriculture of the census office is now engaged in preparing its final report on viticulture of the United States. A bulletin on that subject has already been issued by the superintendent of the census which shows that in 1889 there was a total of 401,261 acres of vineyards in the United States. All but 60,000 are in states where the industry has a commercial value.

A NORTHERN HURRICANE  
The terrific wind storm which recently passed over Montreal and vicinity doing great damage to the city and destroying Pillow & Hershney's new rolling mills and damaging the magnificent new depot of the Grand Trunk railway and almost devastating the country districts for many miles around is another proof that tornadoes are not confined to southern districts during the cold season.

### A Fatal Mistake.

Physicians make no more fatal mistake than when they inform patients that nervous heart troubles come from the stomach and are of little consequence. Fricke & Co., who guarantee and recommend Dr. Miles' unequalled new Heart Cure, which has the largest sale of any heart remedy in the world. It cures nervous and organic heart disease, short breath, fluttering, pain or tenderness in the side, arm or shoulder, irregular pulse, fainting, smothering, dropsy, etc. His Restorative Nerve cures headache, fits, etc.

My lungs were badly diseased, and my parishoners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 25 lbs. in weight."

Arthur Love, manager Love's Funny Folks Combination, writes:—"After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, beats 'em all, and cures when everything else fails. The greatest kindness I can do my friends is to urge them to try it. Free trial bottles at F. F. Fricke & Co's drug store. Regular size 50c and \$1."
