The ladies of the M. E. church val that would please and satisfy the most critical public judgement. And THE HERALD is informed that they have succeeded in their under taking. There will be a host of the prettiest girls you ever saw dressed up in fantastic | costumes representing different firms and lines of trade in this city; they will each have something appropriate to say in behalf of their several "patron saints," with lots of excellent music thrown carnival similar to this once at Be- | script, atrice and it was a most enjoyable affair. The opera house should be crowded to-morrow night and we guarantee, you will be glad you went. New K.of P. Hall. C. C. Parmele and J. M. Craig are having the hall over Bennett & Tutts store repainted and decorated in good style for the K. P. Lodge. The Y. M. C. Uncle Robt. Metteer lives with his son in law Peter Eveland near the new town of Murdock on the Rock Island. He has often compared their excellent railroad facilities out there with ours to ourdetriment. The last trip he made to Plattsmouth has taken the conceit all out of him. He boarded the Rock Island train for South Bend at an early hour in the morning expecting to connect with the Schuyler, but he failed to connect, and after laying all day and part of the night at south Bend he got a freight for Plattsmouth which landed him somewhere up about the water works; he finally showed up here foot-sore and disgusted.

Lovers of the spectacular will have an opportunity of appeasing their appetite Thursday night May 28th when the "second edition" of Gilmore's magnificent spectacle. "The Twelve Temptations" will be seen in its new dress at the Waterman opera house when it begins a brief engagement of one night for the first time produced here. Manager Yale has entirely rewritten the piece and made it a more of a pantomime than a drama, charging the three acts with some of the greatest mechanical and trick scenery ever invented, which was the result of the summers vacation. The piece will have the assistance of a strong dramatic company and a number of pantomime artists from a leading pantomime theatre in London, while Continental Europe will be well represented in the way of specialties premieries and large ballet new ballets, richly costumed, surrounded by a scenic accompaniment, for which alone Gilmore's enterprises are so well remembered. Prices will be \$1.00, reserved, 75 admission, 50c gallery, 35c children.

A Serious Accident.

Yesterday afternoon between three and four o'clock Theodore For sale by F. G. Fricke & Co. Barker, the seventeen year old son of Hon. Samuel Barker took occasion to trade his watch to Frank Voorhees, a boy living near by, about fifteen years of age, for a small pistol. In making the transfer of property the pistol was accidentally discharged the, ball entered the body of young Voorhees a little above the navel at an angle, and deflected to the rights. Drs. The Esquimau dog will eat almost any of the dried fruits. The sour or acid fruits, as the orange, lemon, lime, shaddock, etc., as well as the sour plums and the bitter olives, are rarely eaten. Where Gold Comes From.

The gold taken from the river bars was mostly in the form of scales resembling cucumber seeds, and of varying size. It was most plentiful on the bed rock and in a few inches of soil above it, though sometimes three or four feet of earth would pay to wash. Where the bed rock was hard the miner cleaned it, for a shovelful of dirt might contain a few dollars in small particles. Where the bed rock was soft shale or slate on edge the miner picked away an inch or so and washed it, as frequently the scales were found to be driven quite thickly into the crevices. When the ground was very rich the rocker was cleaned of gold every hour or so .- E. J. Waite in Cent-

Llewellyn Moore's the Recognized Headquarters for the Artistic and the Beautiful.

Aquilegia chrysantha, coreopsis lanceolata, chrysanthemum maxima antirrhinums, platycodens and clematis make up a partial list of Mr. Moore's grand plants, that are perfectly hardy and are not injured by a Nebraska winter. Mr. Moore has a fine stock of geraniums, coleus and some of those richly col-ored French cannas, also a fine line self that all these things were going on of bedding plants. In roses he makes a specialty of the following hardy varieties: General Jacquimot, Md. Plantier, Perle, Niphitos, together with the old standard La France and that Queen of the rose family, the American Beauty, which under favorable circumstances has produced roses 8 inches across, bright red and of a most delicious fragrance. No collection of flowers is complete without some of these hardy roses. Mr. Moore has the reputation of being the best rose grower west of Chicago; he never forces his plants, thus making them tender but gives them every requis-ite to make them hardy and strong. This spring is an unusually good one for setting out plants and should be improved by our people. Remember the place where plants and prices will suit the most exacting is at Llewellyn Moore's on West Locust street, and call at once. tf.

Baby is Sick .- The woefull expression of a Des Moines teamster's countenance showed his deep anx icty was not entirely without cause, when he inquired of a druggist of the same city what was the best to give to a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family, if not the idol of his life was in distress. "We give our baby Chamberlains's Cough Remedy," was the druggists answer. 'I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Watters-Talbot Printing Co., don't you? Inquired the druggist. His baby, when eighteen months old, got hold of a bottle of Chamberlain Cough Remedy and drank the whole of it. Of course it the baby vomit very freely but did not hurt it the least, and what is more it cured the baby's cold. The teamster already knew the value of the Remedy, having used it himself, and was now sat isfied that there was no danger in giving it even to a baby. For Sale by F. G. Fricke & Co Druggists.
