

Corner University Notes.

LINCOLN, NEB., June 2, 1891. Commencement week is drawing near at hand and the students are preparing themselves for unpeppable pleasurable examination week.

There are only about seventy-five students in the university this term against about one hundred seventy-five for the winter term. The session of the Medical College being only six months, and a great number of the library students being farmers' boys, accounts for this falling off in attendance.

President D. R. Dungan returned home yesterday from Plattsmouth where he delivered an oration on Memorial Day.

A dozen of the Cotner boys went to Crete last Saturday to attend the field sports of the Inter-Collegiate Athletic Association of Nebraska.

They were successful only in carrying off the laurels for the "lug of war". But this is a young institution yet. Doane College of Crete, St. Joe, Cotner and Wesleyan Universities belong to this association.

The catalogues of the University for this year will be out soon, and we hope that all who do not receive one will send for one. Address D. R. Dungan or any other members of the faculty.

In looking over the names of those who have made endowments for our library, we see the name of Mr. Noah Clemons of Rock Hill. Would to God that there were more such men as "Uncle Noah" who in their green old age would leave their thousands for the benefit of Christian institutions.

Next Sunday evening Children's Day will be celebrated here, and a splendid program will be given by the children. One week from next Sunday there will be a Sunday School picnic three miles east of here on Stevens Creek given by the members of this Sunday school.

The Electric Motor line will be in operation in a few days and those who attend our commencement may expect rapid transit to and from the city during their stay here.

Our graduating class this year will be small, consisting of but one; Miss Aiswara of Fall City. We expect all the old students here for commencement. The Cotner Cornet Band, will give all the music that will be necessary during that week.

All are most cordially invited to be present during commencement week. J. I. C. K. Y.

Tried to Save His Sister. A bright-eyed, black-haired boy about sixteen years of age has been seen about the federal building for the past few days waiting to be called before the grand jury. He attracted more than ordinary attention on account of his youth and generally intelligent appearance.

Well directed questions drew the boy's story from him and he unfolded a tale in simple language which shows him to be a lad of good hard sense and mature ideas. His name is Harry Dowie, and he has lived at Callaway, where his father and mother kept a hotel, the only other member of the family being a sister of the boy, aged about twelve years.

Among the boarders was a man who had not been in the house long before he began to show more attention to his rather handsome landlady than was necessary or even proper. The husband protested against such proceedings, but without effect, and the intrigue continued.

Finally the husband became disgusted and left home, going to some point in Kansas, and about the same time the boarder who had been the cause of all the trouble went to Laramie where he started a saloon.

Mrs. Dowie remained in Callaway with her two children and her mother. In a short time a letter arrived from Laramie, written by the absent lover to Mrs. Dowie, asking her to come to him and bring the little girl with her.

Harry in receipt of the letter, his suspicions having been aroused by the postmark, and opened it. He then decided to keep it from his mother, but it was found by his grandmother who upheld her daughter in her course and thereupon the old woman lodged a complaint against the boy, charging him with interfering with the mails.

The boy was arrested and brought before the present grand jury for hearing. He told his story in a simple, straightforward way, which excited the most lively sympathy in the minds of the grand jury. He said he kept the letter because he was afraid his mother would take his sister with her and he did not want the little girl to be subjected to such evil influences as would surely surround her under such circumstances.

As the little fellow told his story to the grand jury suspicious looking drops of moisture dimmed many of the jurymen's eyes and the expressions concerning the mother and grandmother of the children were far from flattering. There was no indictment returned and one of the grand jurymen, a banker from McCook, decided to adopt the boy forthwith. The disposition to be made of the girl has not been settled.—Omaha Bee.

The river has been rising until it is about half submerged the pile of wood and several loads of sand near the depot. The owner had better move the stuff at once or it will soon be washed away.

District Court

From Thursday Daily. Judge Hall adjourned district court until Friday morning and went home. Judge Chapman will be here then, and the trial of cases will proceed until the docket is cleared. The Baumeister case vs. the M. P. was settled by the payment of \$750, each party to pay their own costs. Time was given until Thursday morning for defendants to show cause why the case of L. G. Todd should not be removed to Otoe County for trial.

Severely Burned. Mabel, the little four-year-old daughter of Mr. and Mrs. Geo. Poissall, while out playing with some older children in the street last evening, was painfully burned by getting too close to a paper bonfire which was being looked after by the older ones. Her dress caught fire and burned up as she ran to the house, burning the flesh on the right side from her waist to her arm pit and also burning the under side of the right arm. Dr. Cook was called and dressed the painful injuries, which he pronounces not serious.

A Valuable Train. George Souther, a popular B. & M. conductor, passed through here this morning at 4 o'clock with a special train of seven Central Pacific biggish cars loaded with fine race horses. They were from Sacramento, California, and were destined to New York City. The run was made from Lincoln to Pacific Junction, a distance of sixty miles, in just fifty-three minutes, the best time ever made over this division.

County Court. Hearing on claims against estate of Orris H. Faber, deceased. Claims allowed and decree for payment.

Frank Carruth vs. O. E. Doane, Suit on account. Hearing June 11, 10 a. m.

Calvin Tabor, of Manley, is in the city to-day.

Juror Charles D. Clapp got a lay off and went to Omaha to-day.

J. B. Holmes is in South Omaha to-day with a car load of cattle.

J. A. Connor shipped six cars of corn yesterday to East St. Louis.

Robert Doorn, of Ashland, is looking after his interests hereabouts.

Theodore Bodiker of Louisville made THE HERALD a pleasant call this morning.

Commissioners Todd and Trietsch are out in the county to-day viewing bridges.

Jonathan Adams, one of our prosperous farmers living south west of town, sold 26 head of fat cattle to John Holmes yesterday for the neat sum of \$2400. One car averaged over \$80 per head, pretty good for a dull year.

Philip Thieroff proposes in a short time to open up the Bon Ton saloon of the town in the corner room of the Aehusee-Busch block. The room will be handsomely decorated and only the finest class of goods will be kept.

The familiar countenance of Elder Miller was noticed on the streets this morning. Elder Miller was the first heavy property owner in this city back in territorial days, and was the father of the Oreapolis Town Company. He is now a wealthy resident of southern California.

Thomas Henderson moved here from Geneva, Fillmore county, a few weeks ago. It seems he was under bonds in the sum of \$200 to appear at the district court there on June 2nd to answer to a criminal charge. He failed to appear and the sheriff was sent after him. Henderson was found, and in company with the sheriff departed yesterday for Geneva, where his trial will be had.

Miner Stockwell better known as the boy with the big feet, is not considered overly bright. However he was able to save up about \$30 of hard earned money and started out for Kansas, where he has relatives. He only reached Gibson, this side of Omaha, when he was robbed of every cent he had. He walked back to Plattsmouth and will try again when he earns more money.

The city clerk of Weeping Water was fired out of his office by the council. He was altogether too nice, and refused to issue a license to a saloon after the council had granted it. The saloon in question is now in good running order and is the first one ever run in that city. In future the drug stores will continue to sell the "ardent" but will not have a monopoly in the business as they have had for years.—South Omaha Tribune.

Ike Dunn is one of the most obliging expressmen in town, and when a boy came for him to haul a tool chest up from the depot Ike wore his customary smile, and after some delay succeeded in driving across the tracks onto the platform; he then backed up the wagon to the door and took out the edgiate preparatory to lifting the chest in, but when he looked around and saw only a boys tool chest that he could carry in one hand, he looked disgusted as he loaded it and drove away while the depot crowd laughed till they heard it at Pacific Junction.

THE HERALD is sorry to learn that Mr. Wickam was in such condition this afternoon from the effect of vile drugs that he had to be taken in charge by officers. He was very violent at times and not only threatened his family, but was in danger of injuring himself.

From Friday Daily. Already two switches have been put in on the M. P. depot grounds and others have been staked out.

The returns from all the precincts in the county have been sent in by the assessors except those of Salt Creek and Greenwood.

The Missouri Pacific track layers would have laid the steel rails across the bridge over the Platte river to-day had not the rain interfered.

Thirteen car loads of corn have been shipped out to-day. Seven by White to Chicago, five to East Louis by Connor, and one to Kansas City by Davis.

The Glenwood Opinion says that: The Fourth of July will be duly celebrated in East Plattsmouth. Wheel-barrow race, roast pig and music of all kinds. Every body invited.

One of the churches at Weeping Water is to have a rose fair—a novel and most excellent entertainment. Why don't the Plattsmouth ladies get up something of the kind? A program can be obtained at this office.

Mr. and Mrs. Joshua Gopen started west this morning on a two weeks pleasure trip. They will visit their son Bert at Clark, then Mrs. Gopen sister at York, then Sam Gopen at Geneva and on their way home will visit their daughter Nora at Lincoln.

D. Hawksworth and wife departed on the flyer yesterday for Cape May New Jersey where they will remain for several days. Mr. H. is attending a national convention of master mechanics and motive power men in session at that city.

Cass county is being treated to-day to a glorious rain; its people down pouring all day long will make wealth and health for everybody. The farmer who tickles the soil with a plow or hoe will be gratified at the hearty laugh returned this fall when the granaries are again filled to overflowing.

Lincoln officials are after the drugstore of that town red hot. They have a Denver detective who sneaks around and looks after drug store whiskey selling. Six firms have been overhauled and the proprietors of the same arrested. We are sorry to note Ed. Jeary and Doc Alexander, former citizens of this county, have been caught napping and are also under arrest.

Mr. A. R. Eikenbary of Union and Miss Annie Daley of this city are to be married this Wednesday evening at 8:30 o'clock in the M. E. church. This is the wedding referred to in the Republican last week. Mr. Eikenbary is cashier of the Union bank and is a young man of good family, being a nephew of Ex-Sheriff Eikenbary. Miss Daley, the accomplished daughter of Mrs. M. S. Cannon has for a number of years lived in this city and her friends are only limited by the number of her acquaintances, all of whom the Republican joins in extending best wishes. Particulars of the wedding will be given next week.—Weeping Water Republican.

Long Faces. More than a thousand school children were to have enjoyed a picnic on Fitzgerald's Forty to-day. It has been the constant theme of conversation for fully that many pupils during the past week, but the listless, pattering raindrops headed not the childish terrors that were shed by hundreds of little folk this morning, and kept right on, bringing sorrow to many a household. The baking was all done, elegant luncheons had been prepared, but to no purpose, for the rain refused to cease. The teachers, however, full of sympathy for their little wards, have arranged another date, viz. next Tuesday, and it is hoped all nature will smile on that day, as we have been fully impressed with the importance of the picnic by the young man of seven summers with whom we board.

District Court. Judge Chapman has been engaged most of the day listening to the case of Mathew Gering vs. Robt. Mettler a suit for damages. J. L. Root and Matthew Gering appear for plaintiff while Judge Pound and S. P. Vanatta, appear for the defense. It is a hotly contested case.

The case of William Kniss vs. James M. Cole was dismissed for want of prosecution each side to pay its own costs. Motions for new trials were heard in the cases of Dovey vs. City and Growthers vs. The City which were promptly overruled. The plaintiff was given 40 days to reduce exceptions to writing and perfect their appeal. The jail grist was brought in and allowed to plead. All entered a plea of not guilty except the two Louisville burglars who plead guilty, and were returned to jail until the court could learn more of the crime with which they were charged.

Mrs. F. E. White entertained a party of her intimate lady friends at a five o'clock tea yesterday afternoon, in honor of Mrs. Franklin. The table was spread in regal style, and all the delicacies of the season were appropriately served.

Weeping Water Items.

J. Sterling Morton will deliver the annual address of the Weeping Water Academy.

The first noble wind mill erected in Cass county was put up on the farm of J. Evans last Saturday by S. W. Cogblizer and C. Corie.

Commencement exercise of the Weeping Water Academy begins Sunday, June 14, lasting until Thursday evening. Graduating exercises on the last day.

Mrs. Maggie Jackson-Steiright of McCook, and her mother, Mrs. H. J. Steiright, of Plattsmouth, are expected here to visit soon. This will be good news to their many friends who will be very glad to see them.

The Noble Sewing Machine Co., sent out a car load of wind mills a few days ago, together with several shipments of single mills to different parts of Nebraska. The Noble is a winner and grows in business every day.

The Hulburd elevator at Manley has changed owners. It is now in the possession of Wm. Cook and Mr. Keckler who will endeavor to relieve the farmers of all their surplus grain. The new firm will command a large share of the patronage in this locality, for they are known to be first-class and reliable men.

Railway Assessments. County Clerk Critchfield has just received a report from the state auditor showing the assessments of all the railways in Cass county as follows:

The B. & M. Railroad Co. has 35.91 miles of road assessed at \$11,800 per mile, making \$424,002.

The Rock Island Railway has 17.14 miles, assessed at \$46.90 per mile, making a total of \$803,500.

The Missouri Pacific, not including the Union cut-off, has 51.8 miles at \$5.10 per mile, making a total of \$264,180.

The Western Union Telegraph Co., five miles of wire at \$10 per mile, \$500.

The Pullman Palace Car Co. is ordered to pay taxes on \$1,207,360.

This makes the neat total of \$763,682 as the county assessment of railways.

The total mileage of railways in the county including the Union cut-off line which has 17.62 miles in this county is 122.24.

The railways it will be seen will pay into the county treasury nearly \$760,000 a year, saying nothing of their personally in Plattsmouth. If the other lines were assessed as high as the B. & M., Cass county would have an assessment of over \$2,000,000 on railways alone.

Social Success. The social event of the week was the high five party given by Miss Hattie Latham at the home of her parents in this city last evening, in honor of Mr. and Mrs. Franklin.

The guests, nearly a hundred in number, comprising notable members of Plattsmouth's highest social circles, enjoyed the refreshments and played high five until a late hour. An enjoyable evening was the verdict of all present, who parted as they said good bye, to congratulate the hostess on the social success of the evening. The King prizes were won by Will Steiright and Mrs. Tom Patterson. The booby prizes were earned by Mr. L. A. Moore and Mrs. Dr. Cummins.

A Bad Break. A serious accident happened this morning to a party of school children by the breaking of the pole strap of the buggy. The party consisted of Daisy and Rena Davis, daughters of J. H. Davis, May Doran, Clara Hutchins, Reese Hutchins and F. Davis. They were coming down the hill north of E. L. Reed's residence when the strap broke, letting down the tongue the horses run with their load of precious freight, overturning it at the foot of Garfield street. The four girls are all badly hurt but no bones were broken. Both the Davis girls are hurt in hip and back, Mary Doran had an ugly scalp wound besides other cuts and bruises, little Clara Hutchins hurt inwardly across the abdomen, teeth broken and other bruises, the boys escaping without serious injury. All our physicians were promptly on the spot, and the homes of L. Cusick, S. Cogblizer and Mr. Spencer were turned into hospitals for the little sufferers.—Weeping Water Eagle.

District Court. Judge Chapman has been engaged most of the day listening to the case of Mathew Gering vs. Robt. Mettler a suit for damages. J. L. Root and Matthew Gering appear for plaintiff while Judge Pound and S. P. Vanatta, appear for the defense. It is a hotly contested case.

WHEN THE HAIR

Shows signs of falling, begin at once the use of Ayer's Hair Vigor. This preparation strengthens the scalp, promotes the growth of new hair, restores the natural color to gray and faded hair, and renders it soft, pliant, and glossy. We have no hesitation in pronouncing Ayer's Hair Vigor unequalled for dressing the hair, and we do this after long experience in its use. This preparation preserves the hair, cures dandruff and all diseases of the scalp, makes rough and brittle hair soft and pliant, and prevents baldness. While it is not a dye, those who have used the Vigor say it will stimulate the roots and color glands of faded, gray, light, and red hair, changing the color to

A Rich Brown or even black. It will not soil the pillow, case no, a pocket-handkerchief, and is always agreeable. All the dirty, grubby hair preparations should be displaced at once by Ayer's Hair Vigor, and thousands who go around with heads looking like "the tuffat porcupine" should hurry to the nearest drug store and purchase a bottle of the Vigor.—The Sunny South, Atlanta, Ga. "Ayer's Hair Vigor is excellent for the hair. It stimulates the growth, cures baldness, restores the natural color, cleanses the scalp, prevents dandruff, and is a good dressing. We know that Ayer's Hair Vigor differs from most hair tonics and similar preparations, it being perfectly harmless."—From Economical Housekeeping, by Eliza R. Parker.
