George Burris came up Sunday and took his sister, Annie, with him. They say George is to marry an Otoe county girl this week.

Mrs. Armanda Miller, mother of Al Burris, residing on Wintersteen Hill fell down stairs this morning and sustained a painful injury in the breaking of her wrist.

George Anderson, one of the bricklayers on the court house, fell off a scaffold this afternoon and received a severe scalp wound. Dr. Shipman patched him up and he will be all right in a day or two.

In connection with the social at Mrs. J. G. Richey's Thursday evening, a gypsy will be furnished for telling fortunes. Now is your chance to get your fortune told.

The state encampment of the Uniform Rank Knights of Pythias will hold forth at Beatrice this year from August 17 to 22, inclusive. One and one-third fare round trip rates have been secured on all railroads.

The indications are that we will have a great crowd on the Fourth, the largest ever seen in this city. The saloons can afford to pay \$100 each for fireworks to hold the crowd at night, and make big money in the operation.

The Fourth of July train on the M. P. road from Nebraska City will bring up their firemen and cornet band free. Our firemen must get out and dust their uniforms or they will be outshone entirely by the Nebraska City boys.

The Nebraska City team will play the B. & M.'s on the Chicago avenue ground July 4th, and 5th. A red hot game is anticipated. The B. & M.'s go to Fremont to-morrow for a two days engagement with that club.

A special from Yuma, Arizona, says the Colorado desert basin at Salton, sixty miles west of Yuma, is rapidly filling up with fresh water from a subterranean passage believed to be connected with the Colorado river. At latest advices the desert was converted into an immense lake, and if the water continues to rise the Southern Pacific tracks will be submerged for 100 miles and the Salton salt works will be a complete loss, and be compelled to close up. The thermometer registered 145 degrees.

Some tough characters have been stopping about town for three or four days, and on Monday while the corner stone was being laid they made a round up of the city, and entered many houses, though but little of value has been lost. Ned Baker had his banana shed robbed of about \$2 worth of fruit during the evening. The police caught two of the toughs in the B. & M. yards but were unable to find any thing about them that would connect them with pilfering. They were ordered out of town and departed forthwith.

Simultaneously with the arrival of a former Nebraska journalist in this city bearing a large assortment of samples of excellent tobacco manufactured at his new home in the south, comes the announcement of the observations on the effect of tobacco upon the students of Amherst college. These statistics agree so completely with similar facts collected at Yale that they may be considered a safe basis for positive statements as to the influence of the tobacco habit upon the growing man. It is shown by the figures from both colleges that the non-smokers are of greater weight than the smokers. They have a greater chest girth and more lung capacity. They are more successful in athletic sports and have a decided advantage over the smokers in mental grasp and scholarship. These facts are not only interesting but suggestive to young men in all conditions of life.—State Journal.

The washout at the north end of the Platte river bridge on the M. P. was quite a bad one but it will be fixed up by to-night so that trains can run over the new line. The statement of the division superintendent that only a stub train will be put on the new line until after two or three months in order that the roadbed may settle, etc., is very fishy indeed and will be read by the tax payers of this city who put up \$50,000 with but little patience. The apparent indifference of the M. P. officials as to the keeping their word with this city, and the further desire not to operate the road until our people die off of old age, will provoke such a feeling against the company that they won't do any business here when they do get their line into operation. The good will of this city may not be of much consequence; at any rate the ill will "can be had without much further provocation.

The following named societies, and all others desiring to join in the Fourth of July procession, are requested to report at once to W. H. Pickens that they may be assigned positions:

Fire Department. G. A. R. Turners and Liederkranz. All Bohemian Organizations. Knights of Pythias. Plattsmouth Schools.

M. B. MURPHY, Chairman of Committee on Arrangements.

Deserter Her Baby. NEBRASKA CITY, NEB., June 30.—

A young colored woman named Becky Martin was arrested to-day, charged with deserting her baby. The father of the infant not appearing, Becky decided to get rid of the child by leaving it on the doorstep of Tim Bull's residence at Weeping Water Sunday night and came to this city, where her parents reside. She was taken to Weeping Water.

This is rather rough on our jovial friend Tim Bull but no one charges him with being the father of a colored baby.

Burlington Statement. The statement of the Chicago, Burlington & Quincy Railroad company and controlled lines for May shows net earnings of \$233,328, a decrease of \$13,073 compared with the same month last year. The statement for the five months from January 1 to May 31 shows a decrease of \$873,000 in the net earnings.

Base Ball. The second game of ball between the Falconers of Omaha and the Burlingtons was played yesterday, and the result of day before reversed. The Burlington evidently thought they could repeat yesterday's dose, and not recover from the mistake until too late. Buck Adams pitched for the home team the first three innings, then Sam Patterson and finally Perrine, the latter being in fine form. Stephenson of Council Bluffs came down to pitch for the visitors and Whitey Miller also helped them out, making the first two runs by fine base stealing. The features of the game, however, were Tom Patterson's three splendid catches at short and the fine work of Storey for the visitors, also at short. The score by innings:

Falconers.....1 1 0 2 0 1 0 1—7
Burlingtons.....0 0 0 0 1 3 0 0—5

Base hits—Falconers 3, Burlingtons 5.

Errors—Falconers 7, Burlingtons 7.

Struck out—By Stephenson 10, by Sam Patterson 1, by Perrine 3.

Batteries—Stephenson and Vaper, Adams, Patterson, Perrine and Patrick.

Umpire—Creighton.

A GRAND FOURTH.

The Largest Celebration Ever Held in Cass County is Already Assured.

The Committees are Doing Excellent Work.

The South Park reserve, near the center of that beautiful tract of ground lying south of the city, has been selected as the place for the great celebration next Saturday.

Dr. Renner of Nebraska City, an eloquent and forcible German orator, one of the ablest in the west, will favor us with an oration in German.

The Liederkranz and other German singing societies will give us the result of some of their best vocal efforts.

General Manager Clark wired A. N. Sullivan last evening that the Nebraska City Fire Department and cornet bands would be taken to Plattsmouth the Fourth on the M. P. free, and a half fare rate would be given to everybody.

The Cedar Creek and Callom picnic has been abandoned and every body up that way will celebrate in Plattsmouth. This includes Callom band.

The vocal music here will be a great feature. The choir has been under training by Prof. Kratoch of Omaha. He will give them a final lesson Friday night. There is talk of having a chorus of 100 voices from the high school.

There will be four or five cornet bands in the procession that will furnish the music for the occasion at the Park.

"Oh! Hail Us, Ye Free," "America," "The Hills and Vales Resound," and "The Star Spangled Banner" are among the great songs that will be rendered by the choir and chorus.

It will take ten coaches on the M. P. to carry the crowd from the south.

A big crowd of people along the line of the B. & M. have signified their intention to come to Nebraska's own and only Fourth at Plattsmouth next Saturday.

A nice shade tree on the ground for every family in town. So come out and bring your baskets well filled and have a good old fashioned social time.

Toasts. The following is a list of toasts for the Fourth with the names of those that respond:

"The Constitution"—D. O. Dwyer, "Survivors of the Late Rebellion"—C. S. Polk.

"Education as a Factor in the Upbuilding of a Republic"—W. W. Drummond.

"The Nobility of Labor in the United States"—Byron Clark.

"Commercial and Industrial Interests of the Country"—A. N. Sullivan.

"North and South: Let the Dead Past Bury the Dead"—Mathew Gering.

"The Significance of the Stars and Stripes"—J. H. Haldeman.

"Revolutionary Heroes"—B. S. Ramsey.

Accidental Shooting. Ford Merkin, the deputy district clerk, met with an accident this morning that will lay him up for a time. He and Frank Bons were killing rats at the Perkins House and by some means Frank discharged the contents of a target gun into Mr. Merkin's foot. The ball entered the top of the foot just back of the toes and came out at the bottom just in front of the heel. Dr. Schildknecht was called and made him as comfortable as possible.

Weeping Water in a Turmoil. Rev. Hull of Weeping Water was sued for criminal libel by Allan Coleman before Justice Barr of that village and was bound over to the district court in the sum of \$300 yesterday. It is the result of bitter denunciation of Coleman from the pulpit of the Methodist church because he supported the granting of a saloon license. It is said Mayor Adams will sue the Eagle and Republican for a like criticism of his actions.
