5/A LAP DUSTERS ARE THE BEST.

100 styles, prices to suit all.
 Wm. Ayres & Sons, Philadelphia, Pa.
 Sold by all dealers.

The resolutions of the Pleasant Hill alliance, endorsing the course of Senator Thomas, have raised quite a commotion in the alliance household. The Cottonwood alliance went out of its way to stab the senator, and now that he receives a cordial home endorsement from the fraternity, the Cottonwood members must certainly feel somewhat chagrined. THE HERALD, at the time, characterized the attack as a piece of mudslinging, and now that it has reacted on the heads of the senator's malefactors, we have no tears to shed. The alliance in this county has shown a spirit of intolerance toward its opponents that will bring about its early dissolution unless there is a change in the management. The editor of this paper has no use for the alleged principles of the democratic party, yet we are willing that all democrats should be allowed to live and grow rich under a good republican government. Not so with some of our alliance neighbors. If you don't swallow the visionary sub-treasury scheme and endorse the long ago exploded fiat money theories you are at once set down as an enemy of the farmer, and no words of censure and condemnation are too severe to be used against you. There are thinking men in the alliance, men of honest convictions, who refuse to swear their allegiance to the republican party. They say the alliance was not, and should never have been made, a secret political organization, and they will not kneel or hearken to the demands of the ring leaders who are to control their votes; hence there is trouble at once. Right in the town of Wabash, the hot-bed of the alliance, republican members have been insulted, and must either fight or they will be put out; as they call it, in the interest of harmony. And the same thing is true nearly every alliance in the county. Originally, the order had been productive of much good. Its principles before carried the relic of the old snob party were good, but undivorce proceedings are just

tuted at once we are firmly convinced of its demise before the presidential election on the cycles of time shall have wheeled around.

THE HERALD understands the M. P. depots are to be rather cheap affairs. They are to be placed on posts, for a foundation, and will be weather boarded up and down. Had our people known what the company proposed doing, suitable buildings would certainly have been erected by the citizens of Plattsmouth and presented them. Plattsmouth has given this company everything it has asked for so far, and to note a shade of modesty about asking for more, this late in the deal is certainly surprising to the donors. Maybe the M. P. folks think the old cow has been milked dry. It would look as though the right of way and other concessions given the M. P. by this city, worth over \$100,000, in order to shorten their own main line twenty miles, was pretty near enough to entitle us to fair treatment at the hands of that corporation. Unless a different spirit is manifested, the old square-dealing B. & N. will continue to transact all the business for this city.

THE HERALD takes pleasure in acknowledging receipt of a genuine sheet of American mined tin and American made tin plate from the N. & G. Taylor Co. of Philadelphia. It appears to be an excellent article, and is one that republicans may well feel proud of. The bloviating Bryan, who, by some inscrutable will of Providence has been foisted onto this district as congressman, will have to get out a new speech, now, after so positively telling the people last fall that there was no tin in America, and that there would not be a sheet made in the next ten years. He denounced, with a great flourish of elocutionary antics, the claims of republicans as to the future of the tin industries of the United States; and now, within a year, he is convicted of prevarication, or hypocrisy, or inexcusable ignorance.

IS CUBA TOO NEAR FOR SAFETY?

Cuba so nearly touches our shores and is so manifestly of our own geographical system, that no American statesman may leave its immediate future out of his earnest, if not anxious, consideration. Any maritime power that should occupy it could readily make a MAKE CLAUSE of the Gulf of Mexico; for Cape San Antonio, its western extremity, is separated from Cape Catoche, on the coast of Yucatan, by little more than one hundred miles of seaway, while Cape Hicacos is only a hundred miles distant from Florida, the larger part of the distance being filled by the Bahama banks and islets. Thus, manifestly, this great island dominates not only the Gulf of Mexico, but all the approaches thereto. Moreover, it lies broadside to the track of our commerce by water with Mexico, and is of still greater importance to the trade of the chief part of our cotton-producing states, not only with Europe, but with the North Atlantic seaboard. Its capital city is only seven hours distant by steam from Key West, less than sixty hours from the mouth of the Mississippi River, and but sixty-six hours by rail and water via Tampa, Florida, from the city of Washington.—Gen. Thomas Jordan in July Forum.

To anxious correspondent:—No sir! it is not true that the big send off given the Omaha chief of police by the Nebraska City Press was a return for favors received by the editor of that journal while "seeing" Omaha recently. He was simply recognizing true merit.

From Tuesday's Daily
 Dr. R. R. Livingston and wife came in from Cedar Creek this morning to spend the day.

James Crawford, W. L. Wells, George Mattison and C. J. Zarr of South Bend are in the city to-day.

Mr. Oldfield, of Chicago, came in this morning and will be the guest of Perry Walker and family for a few days.

The river is not quite so high here but seems to be high enough down at Kansas City and Atchison where much damage is being done by cutting of banks and overflow of channels.

W. J. Hesser left on our table to-day a number of boxes of very fine raspberries. He reports that yesterday he made the largest pick he ever had, gathering over 100 quarts of raspberries.

Judge Chapman has adjourned district court to September 14th when the balance of the equity business will be taken care of. He went to Nebraska City this morning and will close up the Otoe county term Friday evening.

John M. Kiser, THE HERALD'S preferred candidate for sheriff, was in town Saturday, appearing hale and hearty and wearing a look of satisfaction that ought to warm Dave McCaig, Ed Dorr, Ross Morrow and others that they are in danger of being scooped.

"The Foolish Six" is the name a Nebraska City band of young ladies have taken, who celebrate each others birthdays. The foolish part of it will be apparent when they continue celebrating birthdays after they are twenty-five.

Elias Sage has several thousand quarts of raspberries this year and thinking the outlook for a good market was rather slim he has sent to New York for a patent evaporator by the aid of which he expects to take care of his entire crop. Evaporated raspberries of Plattsmouth's own growth ought to be pretty fine and will certainly strike the top of the market.

Harry Johnson was buildingside, walk to-day out on the avenue for Robert Sherwood and had his seven or eight-year-old boy with him. The little fellow in moving around made a misstep and tumbled into a cistern, which, fortunately, was full enough of water for the excited father to reach the boy when he bobbed up to the surface, and was rescued without suffering serious injury.

Our base ball nine came home from Nebraska City yesterday with their feathers drooping. While they defeated the Missourians Saturday on a score of 6 to 3, they were completely shut out in their game played Sunday afternoon, the score standing 3 to 0, in favor of Nebraska City. The full Plattsmouth nine was not present or the result would have been different.

The commissioners finally decided on using the Kansas City pressed brick for the outside walls of the court house, and a carload arrived this morning. The Louisville brick, made wholly in this county, are superior in every way to the Kansas City or St. Louis brick, but the local company refused to enter into a bond to furnish the required number, as they have but few on hand.

The teachers' normal opened up at Weeping Water yesterday under very favorable auspices. A splendid line of instructors have been engaged and a profitable season of work is promised the attendants. Thirty-five teachers were present yesterday morning to begin in the work, and as many more are expected to-day. The Plattsmouth teachers will find this an excellent opportunity to brighten up for the August examinations.

Degree of Honor
 Star of Nebraska Lodge, thirty-eight members, Degree of Honor A. O. U. W., was instituted by J. A. Gutsche, district deputy, last evening. The officers for the ensuing term are: Mrs. D. B. Ebersole, Past Worthy Sister of Honor; Mrs. Frank Boyd, Worthy Sister of Honor; Mrs. D. B. Smith, Sister of Honor; Mrs. M. V. Traver, Sister of Ceremonies; Miss Belle Vermilyea, Sister Secretary; Mrs. C. S. Fofles, Sister Treasurer; Mrs. George L. Prentiss, Sister Usher. The lodge will meet alternate Monday evenings in A. O. U. W. lodge room.

Ice cream and cake were served after lodge closed and a general pleasant social time was had. This is the first lodge in this degree ever organized in the county.

Plattsmouth Turners
 As predicted by THE HERALD Plattsmouth's band of Athletes proved victorious at Fremont, and carried home with them the bulk of the prizes. The Fremont Turners' bezirk was composed of representative turners from all over the state, each town or city sending its best members, so that the victory of the Plattsmouth boys makes them the recognized champions of Nebraska. Prof. Kummerow has done an excellent work training the class as their recent work conclusively shows. The prizes were distributed as follows:

Society prize—Plattsmouth, first; Fremont, second; Omaha, third.
 For the six best all-around turners—First, Karl Haani, Plattsmouth; second, Sam Patterson, Plattsmouth; third, Paul Wurl, Plattsmouth; fourth, H. Heilicher, Plattsmouth; fifth, Emil Wurl, Plattsmouth; sixth, Henry Zakweller, Plattsmouth.
 Pole vaulting, putting the shot, high jumping—Paul Wurl, Plattsmouth, first; Emil Wurl, Plattsmouth, second; Walter Prigo, Fremont, third.
 Foot Racing—First, Joe Pfeil, Sioux City; second, Emil Wurl, Plattsmouth; third, Otto Neiderweiser, Omaha; fourth, Otto Kreps, Sioux City.
 Boys' Class—Alfred Muller, Fremont, first; Isaac Sichel, Fremont, and Albert Nast, Omaha, second; Chas. Schwartz, Lincoln; Karl Heils, Sioux City; and Otto Wurl, Plattsmouth, third; Edward Grotte, Omaha, fourth; Bert Dana, Fremont, and Otto Wittman, Lincoln fifth; Edward Haschenburg, Lincoln, sixth.

The Short Line.

The Missouri Pacific's cut-off between Union and Gilmore has been completed, but nothing has been done as yet toward running trains over it. Superintendent Dickinson went over the road Saturday, and will recommend to General Manager Clark that a stub train be run over the road for a couple of months until the road bed gets solid, before putting any heavy trains on it.

This new road of twenty-eight miles shortens the distance between Kansas City and Omaha about twenty-one miles, and will be used entirely for through freight and passenger trains as soon as it is in condition for heavy trains, which will be about two months from this time.

The project of running the Missouri Pacific trains into the Tenth street depot has been talked of for some time but nothing definite has been decided on. It is probable that this will not be done until the new depot is completed.—Omaha Bee.

The notorious Neal is to hang. The supreme court has sealed his doom and fixed the 9th day of October as the day of execution. Neal will be remembered as the notorious murderer of Mr. and Mrs. Jones, two old people who lived alone on a farm near South Omaha. Neal's real name has never been discovered; now since he is to die a felon maybe he will tell who he is.

Mr. Jud Knotts and daughter of Murray, Iowa, came in last evening from the west and are guests of Mr. Knotts nephew, A. B. Knotts of THE HERALD Mr. K. has been over York and some of the western counties. He says the wheat crop will be phenomenal in that country and that he saw fields of fall wheat that were estimated at thirty-five bushels per acre and no one thought the figures too high after seeing it.

To The Public

On and after the 1st day of July 1891 the firm heretofore known as S. & C. Mayer will do business under the name of Mayer & Morgan,
SIMON D. MAYER,
CHAS. MAYER.

They are green apples and then he has choleric cramps and diarrhea and thinks he's going to die and

W. J. Hesser will harvest 7,000 quarts of raspberries this season. His blackberry crop will be equally large.

Catarrh cure—health and sweet breath secured, by Shiloh's catarrh remedy. Price 50c. Nasal injector free. By F. G. Fricks & Co. W2

An Ohio lady was so frightened by a snake that her glossy black hair turned white as snow. It was soon returned to its original color by Hall's Hair Restorer.

JOSEPH SHERA.
 For 27 years Joseph Shera, of Rock Bluffs has been engaged in the business of selling general merchandise at that place, and to-day he carries a large and complete stock of groceries and general merchandise which he can sell cheaper than any competitors for the following good reasons. He pays no city taxes. He pays no house rent. He, with his family attend to his business. His farm furnishes all his needs and more too. Consequently it is hard to undersell him. He keeps constantly on hand a large supply of flour and meal. He is alive, and a let live man.

Strayed Notice.
 Notice is hereby given that the undersigned has taken up at his pasture west of Cullom one white horse, branded on left shoulder; weighs about 950 pound, with heavy fetlocks. The horse is in good condition and had a small rope tied about its neck. The owner can obtain the property, by showing ownership and paying charge at the residence of Wm Gilmore 3 miles south of Plattsmouth or of C. L. Creamer one mile from Cullom, w51.
