Fremont claims to have the crack amateur nine of the state. They will play here the last of the month.
Nebraska City was invaded by burglars Monday night, though no heavy losses have been chronicled.

Bert McElwain started this morning for Chicago and Northern Indiana points. He will join Fred and Glen Carruth in Chicago and expects to have a way up time.
How to get there, has been solved by a Massachusetts man who has invented a bicycle that can be driven at the rate of two miles a minute, so he claims. A man must soon be able to ride the "varmint" or else he won't be in it.

The Nebraska City nine defeated the Eden Musee club of Omaha by a score of 16 to 0. The Nebraska Cityites are playing great ball but we believe the B. & M's can take the conceit out of them now with our new men.

An electric motor line has been built at Lincoln down to the penitentiary, which has become quite a place to visit. A Plattsmouth man was up there the other day and says they now have 400 prisoners incarcerated there, only seven of whom are women. And of the women he says four are black and three are white. A new wing 240 feet long is being added onto the main building just now.

An Enterprising Firm.
One of the best grocery firms in this city for good goods and square dealing and that spares no pains to accommodate its customers is that of Zuckeweller & Lutz on Pearl street at head of Chicago avenue. These young men succeeded to the business of Soenichsen & Schirk and by fair treatment and low prices they have built up an enviable trade. THE HERALD is always glad to see the young men get to the front.

A Rapid Runaway.
Jim Sage had quite an experience yesterday evening with his handsome pair of gray horses. It seems Jake Swindler was driving them and in some manner they got away from him and the way they came down Sixth street hitched to a common lumber wagon was a caution. They turned east on Vine street and everybody thought they would rush over the high bank into the river, but they didn't. They turned and came back to Fourth street and started down the sidewalk in front of the U. V. Mathews residence, but running afoul of a tree that they could not break the excited animals were suddenly halted. While it seemed the wagon and harness would be smashed, an inventory only showed a broken doubter and a strap or two broken. No one was hurt on the race though there was several pretty close calls.

An Interesting Relic 163 Years Old.
The city editor of THE HERALD had the pleasure to-day of looking over a copy of the New England Weekly Journal, a paper printed in Queen street, Boston, Monday, April 8, 1728. It consisted of a single sheet of two columns, printed on both sides, and was in fair condition. There was a great dearth of local news, the space of the paper being given up largely to news from London, of which the two following items are a fair sample: Remember the paper before us was a weekly newspaper, printed in April, yet its news from London is dated October, 1727, and says: "On Wednesday last a patent passed the seal, constituting the right honorable the Lord St. George, Vice Admiral of the province of Connaught in the Kingdom of Ireland."
"The beginning of this week Dr. John Friends, and Dr. Alexander Stewart were introduced to their Majesties, and had the honor to kiss their hands on being appointed physicians in ordinary to the Queen."
"At the review last Saturday a general officer alighting from his horse had the misfortune to have his pocket picked of bank notes valued at 200 pounds."
An advertisement reads as follows: "A very likely Negro Woman who can do household work, and is fit either for town or country service, about 22 years of age, to be sold. Inquire of printer hereof."
It contains many other peculiar features, of which we will speak at another time.

The Peoples Party.
At the central committee meeting last Saturday in Weeping Water the primaries were called for August 1st, and the county convention to nominate a county ticket will be held at Weeping Water on the 8th day of August. The apportionment is one delegate at large from each ward and precinct and one delegate for each ten votes cast for Power at the last election. This will give Plattsmouth one and two delegates for each ward.

A Swindler Caught.
T. R. Gadd, a real estate man from Lincoln and Cheyenne, while in this city about a week ago drew three drafts which he got Mr. Hackney, of the Riley, to endorse, amounting to \$177.25. He then vanished from view and the drafts came back protested. Mr. Hackney then got after Mr. Gadd and by some clever detective work, where, as usual, there was a woman in the case he was located and arrested today in Chicago, and this afternoon \$225 was received by the Citizens bank in full of claim and costs of arrest. He will probably be turned free, as no one here seems to care about prosecuting him further.

A Lincoln Wedding.
On Monday evening, July 13, Mr. Wm. E. Moore and Miss Agnes L. Cooley were married at the residence of Mr. C. F. Bowman, 948 North Thirteenth street, Rev. Chas. E. Bradt officiating. The groom is engineer at the Lincoln paper factory, and the bride has been staying with the family of Mr. Bowman. After the ceremony and refreshments, the company was entertained with music on the guitar, organ, cornet and two violins. Those present were the bride's father, G. F. Cooley, her brothers, Harry and Ed G. Cooley, and the latter's family, her cousins, Harley and Fay Huslid, Mr. and Mrs. Bowman, Clark Hobson, Laura Chaffin, Mrs. Terry, Louise, Olive, Charlie and Roy Terry, Edith, Oscar and Charlie Bowman—Lincoln Call.

The bride is a sister of Judge Cooley of Omaha and was born and raised in this county near Louisville, where she has many friends.

The Indian base ball club, came in this morning from Council Bluffs where they played yesterday and are stationed at the Perkins House. They look like they ought to be able to put up a good game. They go to Red Oak tomorrow. A big crowd was at the depot this morning to see them in which the small boy predominated by a large majority. The clown or the elephant at the circus aint half so big an attraction anymore to the small boy as a real live Indian.

Gust Hyers had a close call this morning. His horse fell on him up in the north part of town and would certainly have killed or crippled him for life, had he not fortunately fallen into a ditch that was not wide enough for the horse's body. The horse was with difficulty pulled off of him and he seems to have been but slightly hurt.

Miss Flora Hobbs came in yesterday from Wyoming and will visit her sister, Mrs. J. L. Minor, for a couple of months.

A Fireman Speaks his Mind.
EDITOR OF HERALD:—Believing that the general public was not aware of the deplorable condition which our fire apparatus is actually in, and the danger that menaces the city from that direction, I thought I would write you a line or two for the information of property owners interested.

The \$1,500 worth of hose and carts could not well be in worse condition than they now are. They have not been oiled up in months and all of them are not entirely in the dry. The principal cart stands in behind other things, wrong end to, so that it would have to be backed out and turned around before it could be manned. The hose has been laying without being tested, and I venture the assertion that we haven't got two lengths of hose that will stand the pressure in case of a fire. Nothing could be more disastrous than the bursting of a hose at a dangerous fire and that is what we are liable to have at any time. Every foot of hose should be tested and mended. The carts should be oiled up and placed where they could be got at without any unnecessary delay. There are many other suggestions of a slightly personal character that might be made but this will suffice for the present. Yours for protection.
AN OLD FIREMAN.

The Livingston Loan & Building Association will meet Thursday, July 16th, at the Secretary's office over Murphy's store at 8:30.

One week from to-night, the 22nd of this month, a new G. A. R. Post will be installed at Murray. Several high officials in the organization from Lincoln will be present, together with several members of McConihie Post of this city.
