THE B AND M'S WIN.

The Game Witnessed by a Large Crowd.

THEY TAKE DOWN THE SHAMROCKS

The Visitors Clearly Outclassed—Some Fine Ball playing by the Locals.

From Mondays Daily

Burlington 10, Shamrocks 3.
A large audience wandered out to the baseball park yesterday afternoon to witness an alleged collection of ball players from Omaha play ball. The visitors played ball that was ragged and brilliant at turn and never at any time threatened the locals with defeat. They found Perrines curves very hard to hit and satisfied themselves with four safe hits. Stephenson was the only one of them who had any muscle in his arms and he rapped out a three base hit into the far left field in the seventh inning. Aside from his terrific hit and a fine catch and throw in of Yapp's the game was not out of the usual order and at no time was the populace in danger of fainting from excitement.

Frank McCue, who played short for the visitors put up one of the best games seen here this season, and showed that he has the making of a ball player in him.

Creighton made his reappearance with the home club and put up an excellent game back of the bat Perrine pitched an elegant game and at one time hit the ball so hard that the people thought he had made a two base hit but he fooled them. He quit running at first and couldn't be coaxed to stretch his hit into a double.

Motz made his first appearance with the locals covering first base in fine manner and using his face to great and lasting advantage.

Adams played second with his usual fire and vigor and got his eye on the ball like he used to before the "hood." Miller played third out of sight and also hit the ball. Sam Patterson done the thing over again at short. Yapp made a fine catch and a beautiful throw to the plate catching the base runner at least four feet from the plate. Greusel as well as Yapp put up elegant ball in the field.

A fine crowd was present and if the attendants keeps up the association will be able to keep its present team intact.

The Burlingtons go to Glenwood tomorrow and Wednesday they play the Indian club on the Chicago Avenue grounds.

BASE BALL JOTTINGS.

The home team has been greatly strengthened by the accession of Motz, Creighton and Greusel, and is now probably the best club in the state—barring the Lincoln Westerns.

At Blair yesterday the Blair's defeated the Indian club by a score of 24 to 2. The aborigines were unable to bat Brout, but would have made a much better showing had their catcher not been injured. As he will probably be all right by the time they reach here a rattling game may be looked for.

The Omaha Western Association club gave up the ghost yesterday and it is probable that Lincoln, Denver and Duluth will follow it soon. The present outlook is for the total break-up of the Western Association very shortly.

There never was a time when base ball clubs were so numerous as at present, and never did they have such rocky sledding. The Northwestern league has broken up once this season, re-organized, and now threatens to break up again. The Western is on its last legs, and the Wisconsin state league is tottering toward bankruptcy.

At Nebraska City yesterday the home club beat the Eden Muses of Omaha by a score of 16 to 0. Miller, the colored "phenom," pitched for Nebraska City and was very effective.

Motz, our ex-first baseman, says Nebraska City has the best team in state. It is more than probable that he will return to this city.—Nebraska City Press.

We guess not; since Mr. Motz has become acquainted with the reorganized club here he has changed his mind about the location of the best team.

The Presbyterian Concert.

We but voice the opinion of all present when we pronounce the Saturday night concert given at the Presbyterian church as a rare musical treat. It was a shame that a larger audience was not present to greet the rendition of one of the best musical programs of the season. The Spooner Comedy Co. doubtless attracted many who otherwise would have been present. The latter part of the program was specially pleasing to the audience which heartily encored every number. THE HERALD believes the concert ought to be repeated on a more auspicious evening, as there are people who would certainly attend after learning how satisfactory the program was Saturday night.

The boy who carries the mail from Plattsmouth to Rock Bluffs, Murray and Eight Mile Grove lost his bearings last Tuesday and anchored at this place about 4 o'clock in the evening instead of going to Murray. As the roads were very muddy we venture to say that he did not relish his drive back to Murray.—Union Ledger.

The Wahoo Wasp has changed hands, Messrs Smith & Schram going out and C. E. Wright of Bloomfield, Ia, and F. M. Pyle taking charge. The Wasp is a good weekly paper and will continue to advocate straight republican doctrines. We wish the new firm success.

Attorney A. L. Timblin of Weeping Water is in the city to-day on legal business.

Eight cases were filed last week in the district court. Pretty good for hot weather.

The Eagle base ball club suffered its first defeat this year at the hands of the Greenwood nine.

A. R. Talbot, Esq. of Lincoln, is looking after legal business for the M. P. before Judge Ramsey to-day.

Miss Kambie went to Omaha this morning to take lessons on the violin from one of Omaha's best teachers.

The gun club, regardless of the hot weather, are out trying to break the record breaking glass balls this afternoon.

Edward Burk of St. Louis is 128 years of age, hale and hearty. He is said to be the oldest man in the world with a well authenticated record of his birth.

The M. P. folks have completed four long side tracks which they are now ballasting with gravel. The yard makes quite a busy appearance just now.

A large force of men has been pushing things on the M. P. wash-out north of the Platte River bridge so that if the rain does not interfere the track will be made passable by to-night.

Grandpa Shipman, better known as Dr. Shipman, has just been apprised of the arrival of his first grandchild, daughter of Mr. and Mrs. Milo Shipman, of Elsie, Nebraska.

The Council Bluffs-Omaha Chautauqua will remain in full blast until July 25th. Their program is replete with announcements of feasts of reason that some of our people would enjoy.

THE HERALD regrets to note the fact that G. F. S. Burton has accepted the position of auditor with the Florida Phosphate Co., of which C. M. Wead is manager, and will soon remove to Florida.

Chet Smith has a record at the depot for sprinting that would be hard to beat. The boys say he followed twenty-nine nearly to Oreadpolis this morning under full steam in order to complete his record as car checker.

The blind baggage carried the toughest looking specimen of the genus boot black we ever saw into the city this morning from the west. Conductor Berry gave him a polite stopover in this city where he will probably await a night freight.

The bridge contractors for Cass county are engaged in delivering the timbers for a bridge over Camp creek just west of the schoolhouse three miles north of town, and for one on the county line one and one-half miles south of the O street road.—Eaglet.

We took a trip Sunday through Otoe, Cass and Lancaster counties, and we must say that the corn and grain prospects were good, especially in Cass and Otoe. We have not seen as good a stand of wheat in fifteen years as we did while out on the jaunt. Corn seems to be from ten to fifteen days behind in Lancaster and very weedy in some places.

The freetrain over the Union Cut-off from Nebraska City to Plattsmouth left here about nine a. m. on the fourth and took a large number of our citizens to the capital city. Those who went were: H. E. Fleming, Chas. McNaney, Reuben Sine, H. M. Brisse and wife, G. N. LaRue and wife, Martin Garrison, Emery Hathaway, Nort Hathaway, Chas. Edmisten, C. R. Frans, Chas. Garrison, Ed Grimes, Chas. Hathaway.—Union Ledger.

THE HERALD is in receipt of one of the nicest bound and best arranged, most complete dictionaries that is published in the English language. We refer to Webster's International dictionary, and to see it is to admire it. It is indeed a wonderful book and should be in every gentleman's library.

Cade Rogers supports one of the nicest walking sticks in the city. It is made of orange wood beautifully polished, and carved in the cane is a small alligator making a sneak on a pair of healthy looking frogs. The carving is as good as any we ever saw. The cane was a present from a friend in Florida.

Jack Grace turned farmer some time ago and his friends say that in some manner he got his foot badly cut recently on a plow point that will lay him up for some time. No one but a novice could get injured on a plow point in the line of duty very well. We half suspect Jack was trying to ride the plow handles and fell into the furrow, or else the plow struck a stone and kicked him.

Karl Von Lietzenberger was a foreign arrival this morning with an orchestration, the nicest musical instrument we have heard for some time. Karl is not an Irishman, as his name would seem to indicate, but hails from the sunny Rhineland, where music floats in the air, and whispers sweetest melodies on the boughs, and through the waving leaflets of the trees, as they courtesy to the gentle zephyrs that roll over the vineclad hills.
