

From Thursday Daily
war on the Platte.

At the several school district meetings in the county a few days ago, the usual amount of wrangling and bad blood was shown. Out in the Stull district, near this city on the Platte bottom, the bad blood and bitter feeling between the two factions culminated in a sanguinary engagement. The school house is generally known as the Stull school. The occasion was the adjourned meeting of the board of trustees, and the contemplated re-location of the school house was the casus belli. The battle was commenced when Director McCroskey, with his index finger upon an outspread map, declared the intention was to re-locate the school upon the spot indicated.

At this juncture Charles Vandevanter insinuated that McCroskey was misleading them in regard to the exact spot of the new site. McCroskey indignantly denied the charge, whereupon Vandevanter with a well directed blow struck him down. McCroskey was up in a moment and seizing the large oil lamp upon the deck raised it above his head with the intention of hurling it at his assailant, but finally replaced the lamp in its proper place. Meanwhile the friends of the two principals had taken up cudgels in behalf of their respective chiefs and for a short space the theatre of learning was turned into a pandemonium of disputants and the air was filled with flying missiles and rent with the yells and shrieks of the assaulting and assaulted. The result was a battered community and a summons sworn out against Vandevanter on three different counts by Director McCroskey.

Base ball.

The game yesterday afternoon between the Pine Ridge Indian nine and the home club was not entirely devoid of interest, although somewhat one-sided.

He-Dog, She-Bear and Red-man-afraid-of-his-neck are good ball players. Eagle Eye was an excellent pitcher and put several of our best men out who could not find the ball. The attendance was very good.

The cash receipts reaching \$92 which left \$35 in the local treasury after the visitors were paid off. Only 7 inning were played the score standing 22 to 0 in favor of the B. & M. club. The grand stand was well filled with ladies who seemed to enjoy the sport.

The Lincoln Giants a colored nine will play the home club next Sunday.

Advertising Exposition.

Mr. Kane, one of the managers of the Nebraska City Exposition, started out yesterday morning with a fine and flashy turnout to advertise the exposition. He had a three-seated rig two stylish horses wearing plumes and labeled fly-nets, and four young men dressed in fancy costumes to make a show. The little party will go to Weeping Water, Plattsmouth, Hamburg and a number of other small towns and advertise in a new and novel manner.—Nebraska City Press.

A Losing Ticket.

Hyers, Bert Holmes, and Will Coolidge the host, making a pleasant party of young people who enjoyed themselves at croquet and high five until a late hour.

The failure of the Howell Lumber Co., at Omaha and Chicago, for nearly \$2,000,000 is the largest of the year in the west, and can be charged largely to bad management.

The south front of the court house already presents a pleasing view. The massive stone entrance since the arch has been completed bears a solid appearance that is quite imposing.

Ed Vanatta, the new lessee of the motor line, is running the cars today on time, to the great convenience of many of our people. We trust the citizens will give the motor line a generous patronage that the enterprising lessee may be able to get some remuneration for his work, which is certainly of vast benefit to the town.

The Swedish congregation at Omaha that spent Sunday last, with their countrymen in this city report a delightful time. They had a free dinner at Garfield Park with lemonade and ice cream and were nicely entertained. Rev. Falk and his congregation in this city spared no pains to make their stage among us pleasant and profitable. The religious exercises were a part of the program in which the music was a leading feature. The minister from Omaha sang two or three solos that were spoken of as being the best vocal efforts ever listened to in this city. The visitors were so well pleased with their trip that they promised to come again.

VISITED BY A TORNADO

Duluth Is The City So Unfortunate as to Catch It.

IT WAS A HORRIBLE SIGHT.

A Violent Wind and Rain Storm Kills and Injures Many Persons and Does Much Damage to Property.

Rain Fell in Torrents
DULUTH MINN., July 16.—A violent storm of wind and rain burst over this city this afternoon about 2:30, doing considerable damage, such as flooding cellars, blowing down outbuildings, tearing down wires of all kinds, besides tearing out several blocks of new pavement just being laid on Fourth street. The rain fell in torrents and the precipitation was three-fourths of an inch to the hour. At one time it rained 1.03 inches in five minutes, the water flowing like a stream over the streets.

THE INJURED.
H. W. SCOFIELD, single, leg and arm broken; body crushed; will probably die.

MIKE KEITH, very badly injured about the head and chest; some ribs broken; may die.

Four others were injured, but not seriously.

There were twenty-six men at work on the building, and their escape from death is a marvel. Five buildings were blown down at the steel plant in the south part of the city, and a section of one of the barge works building was carried away. Chimneys were blown down and considerable minor damage was done. There is no means of accurately giving the amount of damage, except in the demolished building, which had had about \$5,000 worth of work put on it.

At a late hour to-night the dead were reported as follows:

JOHN T. LAUER, married, aged forty-six.

CHARLES LUCIUS, single, twenty-four.

HERMAN PAUSSEY, single, twenty-six.

AN UNKNOWN MAN, about thirty-five.

John Schofield died from injuries received in the back and broken limbs.

Among the more serious are John Browne, broken legs; John Long, internally injured, will likely die; William Semple, Dick Clark and a number of others.

The storm lasted about thirty minutes and destroyed property worth many thousands of dollars.

SIMPLY FLATTENED OUT.

When the storm came up Boss Carpenter Gross called to his men, who were working on the three-story building at Third street and Lamborn avenue, to get out of the building, and twelve jumped from windows. At the same moment a number of passersby ran into the structure to escape the storm. As they entered, the building, without an instant's tremor or warning, collapsed, burying seventeen men. The structure did not move a foot from its foundation. It simply flattened out, as though struck a terrible blow from above. Three tinners on the roof remained where they were and escaped serious injury, though the fall was thirty-eight feet.

HUNDRED SAW THE CATASTROPHE and the work of rescue began at once. The ruins stood not six feet above the ground and the roof seemed to cover the whole, greatly retarding the work of rescue. It was an hour before the first body, that of Herman Roussey, was recovered. He was found in a sitting position, bent nearly double, with splinters driven into his hand and almost every bone in his body was broken. John Lauer was found on his back with four timbers lying across him, cutting his body into as many pieces.

IT WAS A HORRIBLE SIGHT, and the other workmen sickened in removing the body. Schofield was found in what evidently had been a room on the third floor and he was still alive, though he died as soon as the weight was removed from him, his back being broken. It was over an hour before another body was found. The two injured men were then gotten out. Semple was wedged between two upright timbers and that saved his life.

The firm of Flower & Anthony has passed away. Last week Mr. Anthony retired from the business, his partner being the purchaser. Affairs seemed to run along smoothly until Monday forenoon, when P. F. Flower closed the doors by virtue of a chattel mortgage he held on the stock. The fact of the closing up has been speculated on by many people, but the facts as near as we can learn, are, that the boys were in bad shape and that P. F. had at different times pulled them out of the hole, they protecting him finally with a mortgage on the stock.—Weeping Water Eagle.

A Pleasant Evening.

A very pleasant evening was spent last night at the residence of J. N. Summers. Yesterday being Miss Elsie Moore's birthday Mrs. Summers gave a party in honor of the event, and early in the evening the company assembled and high five was indulged in during the evening, after which refreshments were served, and at a late hour the company departed. Following are those who were present: Mr. and Mrs. Benj. Elson, Mr. and Mrs. Fred Howland, Mr. and Mrs. C. A. Marshall, Mr. and Mrs. M. N. Griffith, Mr. Frank Dickson and Miss Fannie Richey, Miss Elsie Moore, Miss Minnie Beins and Mr. and Mrs. E. L. Siggins.

Mr. Kneeb with four young men are in the city to-day billing the town and advertising the Nebraska City Exposition, which is the only exposition in Nebraska, so the bills say. Mr. Kneeb asks our citizens to send any curiosities they may have and they will be returned in good care and all the expenses paid. All the other towns of the county have sent or will send articles for exhibition, and our city should not be left behind.

The motor notes these days in good shape, and we are glad to state is more than paying expenses. We trust our people will continue their liberal patronage, it helps the town and makes the new M. P. depot accessible.

Next Thursday the Nebraska City Sabbath Schools will picnic at our park there will no doubt be a large number of people from that place, and we presume our folks will take advantage of the occasion to renew old acquaintances.—Wabash News.

Old Cass stands fourth in the number of children of school age in the list of Nebraska counties with 7,937 charged to her account. Douglas county is first, Lancaster county second, and Gage third with only two hundred more than Cass.

Capt Chas Rhode left last evening with nine other stalwarts to do up the Weeping Water Crescents. The Captain is getting to be a good all around ball player and THE HERALD predicts he will be playing with the B. & M's before long.

A little strip of territory in central Sarpy county was devastated by a hail storm yesterday morning at an early hour, which destroyed all small grain in its path and seriously damaged the corn. The weather of today is a veritable hail breeder and betokens danger ahead.

Rock Bluffs put on her Sunday cloth last evening and turned out enmasse to the ball given by Will Shera. Several Plattsmouth people were in attendance and report a way up time. Rock Bluffs used to be famous for balls and parties in the good old days and it seems the people down there have forgotten none of their sociability.

Castoria is the best remedy for children of which I am acquainted. I hope the day never far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves. Dr. J. F. Kinselo, Conway, Ark.

Castoria is so well adapted to children that I recommend it as superior to any prescription known to me. H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y.

Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular Castoria, yet we are free to confess that the merits of Castoria has won us to look with favor upon it.
