

From Thursdays Daily

Hal Johnson leaves this morning for Nebraska City.

Geo. Dovey's little boy is very sick with summer complaint.

County Attorney Travis, of Weeping Water, is in the city today.

Miss Mary W. Petee left this morning for Kansas City, to visit friends a few days.

Miss Ella Eikenbary departed last evening for Omaha where she will visit friends for a week.

Mrs. Lew Barker goes this morning to Buffalo, county to visit two weeks with her brother.

Mr. C. H. Parmele is causing the old building adjacent to Kuhney's barber shop to be torn down, preparatory to erecting a business block.

Judge C. Russell and Mr. and Mrs. Jas. Clizby, of Weeping Water, drove over this morning returning this afternoon, Mrs. Russell who has been visiting here the past two weeks returning with them.

Mrs. Perry Walker left on the flyer last evening for Norwood, N. Y. Before returning she will visit the principal place of interest, in the east, she was accompanied as for South Bend, Indiana, by a little girl of Mr. Niles.

John Donlan looked about him as he saw the cars making for the station platform where he was sitting last night and beat a hasty retreat for the river. John thought death by drowning was more preferable than being gored by a locomotive.

As the freight train went crashing into the platform last evening Chet Smith says "judas priest" and he followed his nose up the track to Pacific Junction and came back this morning inquiring what the excitement about town was all about.

The prospects for a fairly large crop in Nebraska continues good. The unduly wet weather during the earlier part of the season, doubtless rendered it difficult to properly cultivate the crop, but growing weather of late cannot fail to insure us a reasonably good yield throughout the state.

Thos. Bolan, a farmer living near the city, indulged to too great an extent last evening and grew hilarious. Officer Fitzpatrick started him home but he returned and drove down Main street at a rapid rate. He started to drive across the track when Officer Fitzpatrick stopped him. The police believe that if he had been allowed to go he would have driven into the river.

Fire.

At 3 o'clock this morning our citizens were aroused by the alarm of fire and in a short time hundreds of willing workers were at the scene. The fire started in the rear of the building occupied by the "Racket Store" but it was soon under control. The goods were but little damaged by fire but were a total loss by water. The origin of the fire is a mystery as no fire was kept in the room during the day.

The insurance on the goods was \$1,500 which will probably cover the loss. The front of the building was considerably damaged.

DIED—This morning at 9:45 the infant daughter, of Frank and Mary Rauens's. This is the second bereavement that has fallen to their lot in the last few days, as the twin of this one died just a short time ago.

The funeral will occur at 2 o'clock, to-morrow afternoon from the residence 1109 Pearl street.

Almost a Wreck.

Last evening about 7:45 as the fast stock train No. 64 was passing the depot it narrowly escaped a disastrous wreck caused by the derailing of three cars. The train was composed of eighteen palace stock cars loaded with cattle and hogs for the eastern market. As the train passed through just ahead of passenger No. 8 the platform was full of people, who barely escaped being hurt as the train was running at the rate of about fifteen miles an hour when it struck the switch at the north end of the depot where three cars in the middle of the train derailed and tried to go down the track east of the depot while the rest of the train passed on the west side, but a rail breaking on the east track allowed the cars to be pulled back along the side of the main track tearing up the platform for a distance of nearly one hundred feet. No further damage was done more than delaying traffic for about two hours while the cars were being put back on the track.

The cause of the accident is supposed to be a defective wheel under the first car derailed and that the switch was not quite closed. No blame is laid to anyone for the accident. It is the prevailing opinion that had the train been making the speed it generally makes the results would have been attended with great disastrous results.

From Fridays Daily.

Ed Young buried an infant to-day.

Frank Rauens's little child was buried to-day.

Mr. G. W. Pell, of Liberty precinct is doing business in the city to-day.

Miss Wandine, who has been visiting friends in our city, returned to her home in Orleans to-day.

Mr. S. E. Phelps, a contractor for the M. P. R. R., who has been residing in our city the past year, is moving his family and household goods to Omaha to-day.

The annual meeting of the Sovereign Grand Lodge I. O. O. F. will be held in St. Louis, Sept. 21. It is probable that one fare for the round trip will be granted.

The prohibitionists put up the following state ticket yesterday: R. W. Richardson, of Omaha, for supreme judge, and Rev. Gorst, of Neligh, and Mrs. Woodward, of Seward, for regents.

The Omaha Bee advises Council Bluffs not to advance the price of lots on the bottom as the smelting works will remain in Omaha, reports to the contrary notwithstanding.

Mr. and Mrs. J. E. Reed, of Pacific Junction, came down last evening to trade with our merchants, and returned this morning. They think that the inducements offered by our merchants amply pay them for the trip.

Antone Luschiensky aged 52 who was injured while at work on the court house some time since, died last evening at 5 o'clock. The interment will take place from the Catholic church tomorrow at 10 o'clock.

It is reported that the Cranes, of Omaha, refused to play the Burlington, of this city, in consequence of which the game announced for Sunday will fail to materialize. Evidently the Burlington's made a "rep" while at Omaha last Sunday.

In subscribing for a home paper, one should always note the paper that gives the most news and show their appreciation of the extra effort on the part of its editor by seconding his efforts in a substantial way.

Gov. BOES of Iowa does not talk much these days, unfortunately for the republicans, but the boom that party received by his speeches during the year will insure them a good plurality, even tho' he remain silent during the remainder of the canvass.

The will of Elisha Stradley of Greenwood was found yesterday by Clerk Grimes. The contents or subject matter of the will was proven by oral testimony, which, for all practical purposes, would answer. Parties interested, however, doubtless will be glad the will has been found.

The committee appointed to investigate the Hastings asylum has completed its work and yesterday submitted its report to the governor. The report is a very damaging one to all who are connected with the asylum. The governor should proceed at once to oust the whole lot without a moment's delay as he should have done in the start as the committee requested.

Rev. J. D. M. Buckner and family leave this evening for University Place to attend a golden wedding in commemoration of the fiftieth anniversary of the married life of Mr. Buckner's parents. Thence they will depart for Bennett to attend the camp meeting to be held there, returning home Aug. 22. Rev. Fifer of Lincoln will occupy the M. E. pulpit next Sabbath morning and evening.

Mr. Hackney, of the Riley, informs us that the motor line will be in operation to-morrow and continue regularly hereafter. The needed supplies have arrived from Chicago, the track is in good shape and every thing is in readiness. Mr. Hackney has invested considerable money in the enterprise and deserves a liberal patronage. We trust our citizens will appreciate the business enterprise exhibited by Mr. Hackney and make it a remuneration investment.

Since the announcement that the smelting works would close, indefinitely, there is strong talk on the part of the company, of consolidating the Omaha works with those at Deaver, Col. In view of this Omaha is threatened with the loss of one of her important business enterprises; and in the event she does we predict that hurling words of disapproval at the "iniquitous" eight hour law will be indulged in by Omaha. In the mean time Denver is offering inducements that are very tempting to the company, and to be sure she will lose no opportunity to secure the prize.

In the police court to-day Mr. Geo. Spangler of South Park filed complaint against Mrs. Henry Schubert, charging her with swearing, disturbing peace and conducting herself in a vicious manner. Mr. Spangler owns land adjacent to Mrs. Schubert's and was in the act of trimming the hedge fence separating the farms when Mrs. Schubert armed with a scythe, ordered him to cease cutting his hedge from her side but to immediately get on his own side of the fence. City Solicitor Folk prosecuted, Attorney Gering defended. The judge fined defendant \$5, whereupon an appeal was taken to the district court.

The latest plan for regulating the liquor traffic is one devised by Alderman Bowes of Kansas City. While probably not the most practicable, it must be conceded to be the most novel liquor ordinance yet devised. He proposes to do away with the trouble caused by licensing saloons by issuing licenses to the drinker instead. The drinker of beer will be taxed \$20 annually, and if he wishes to purchase wine in addition to beer the tax will be \$25; the privilege of buying beer, wines and whisky will cost \$30. The ordinance has not yet received a majority of the votes of the council, but it is probable that it will. It is argued that, in view of the present depressed condition of business in Kansas City, some plan must be devised that will create more revenue. This plan would surely enable the council to pay all municipal expenses, but we seriously question the general benefits that would accrue therefrom.

WEeping WATER FROM THE REPUBLICAN

We have heard farmers say that the corn crop was about two weeks behind that of former years, but that six weeks more of good corn weather would be sufficient to bring it out nice and sound.

P. T. Barnes, armed with the proper papers, entered the Sewing Machine factory and attached the machinery, etc., for taxes. Something over \$700 being delinquent. This, we understand comes ahead of mortgages.

Miss Nellie Beardsley and her friend Miss Cassell had the misfortune to get badly poisoned, Saturday. Their faces are badly swollen at present, but we hope they will be out in a day or two.

Between thirty-five and forty suits have been filed with Justice Barr by different persons against the Noble Sewing Machine & Mfg. Co. All have been transcribed to the district court. These are by employes for back pay and by parties in Iowa who hold the Noble Heights notes. The smallest of these claims is \$5.62 and the largest \$166.50 and the total is \$1,695.57.

S. F. Jameson, brother of Tom and Will, was very badly bruised last Friday. A neighbor's team at his place attached to a wagon, containing two children, ran away, and Mr. Jameson in attempt to stop them caught the halters instead of the bridal and was then thrown under the horses and the wagon ran over him bruising him and injuring his back and his hips badly. It was a brave act, as he took his life in his own hands to save the children. Dr. Thomas was called to attend Mr. Jameson.

A Dove at a Grave

The following telegram is from the World-Herald: "The funeral of W. Berdine who was killed by the cars at Denton, was largely attended. The order of Red Men took charge of the funeral. There was a singular circumstance at the grave. One part of the funeral service of the Red Men consists in turning loose a white dove, emblematic of the flight of the soul. As Rev. Britt loosened the dove it hovered for a moment over the grave and then lighted upon the head of the aged mother of Berdine. This peculiar act of the bird furnished food for the superstitious."

Is an effective remedy, as numerous testimonials conclusively prove. "For two years I was a constant sufferer from dyspepsia and liver complaint.
