

From *The Daily*
 Mrs. R. R. Livingston, of Cedar Creek, dismantled from the Schuyler this morning.

F. E. White shipped three cars of grain to St. Louis last night and will follow them by three more today. Business is good in that line.

The following persons were licensed to wed to-day: Joseph Kennedy, age 23, and Mabel Chandler, age 16; Miles J. Thoreson, age 37, and Cecelia Ann Rix, age 23; Chas. E. Steele, age 28, and Pruda May Chapman, age 19.

Those wishing to attend the annual session Grand Lodge A. F. & A. M., annual convocation United States Commandery, and annual convocation Most Excellent Grand Chapter Royal Arch Masons, colored, will be accommodated with tickets on the certificate plan, from all points in Nebraska, Kansas and Missouri.

The B. & M. announce that they will sell tickets one and one-third fare for the round trip from all points in Kansas and Nebraska within fifty miles of Beatrice for the accommodation of all who wish to attend the summer meeting of the Beatrice Driving Park Association. Tickets sold Aug. 26-28, inclusive, limiting return to Aug. 29.

James Russell Lowell died at his home in Cambridge at 2:15 a. m. yesterday. The name of James Russell Lowell is familiar to all, and the announcement of his death cannot fail to be received with sorrow and the sad event every where deplored. Mr. Lowell has for several years been one of the stars in the literary world; he was not only a poet of distinction, but a philosophical essayist and critic, held in high esteem at home and honored abroad. It is conceded by our prominent critics that no man has contributed more to our literature that is valuable than he. Of former year Mr. Lowell took an active interest in politics, though recently he has devoted his entire energy to literature.

Europe is considerably excited over the announcement that Russia has prohibited the exportation of rye—a cereal upon which several of the countries, especially Germany and Austria, have depended. The effect has been to rapidly advance the price of all kinds of bread stuffs. It is apparently plain, and is conceded by the London newspapers, that the farmers of America hold the key to the situation. If Russia, which in the past has fittingly been styled the "granary of Europe," fails longer to supply the demand, the agreeable duty of supplying the deficiency will fall to the lot of America. Not only will this effect the price of rye, but all breadstuffs will be relatively affected. It is hoped that our farmers will not continue their threat in regard to the wheat trust, for in the face of this increased demand for the cereal the act would likely cause temporary suffering and in the end result disastrously to our farming interests.

Gone to Her Reward.
 DIED—Last evening at six o'clock p. m. Mrs. Margaret McSeving O'Rourke.

Mrs. O'Rourke was born in Count Carey Ireland in the year 1824. After coming to this country she was married to Maurice O'Rourke, at New Jersey, Oct. 16, 1852. The husband and six children—four boys and two girls, are left to mourn the departure of an affectionate and helpful companion and a kind mother.

Last Thursday Mrs. O'Rourke received a fall, from which she was thought to have received internal injuries, which finally resulted in her death.

Of the departed one, the write knows but little, but from those with whom she was intimately associated, we learn that she lived a truly exemplary life—a devoted companion, a fond mother, a pious christian, admired and respected by all who knew her. She was ready to die and left the impression that all it was well.

The funeral will be held at the Catholic church to-morrow at 2 o'clock.

Sad Accident to an Excursion Party.
 An employee in one of the principal dry goods stores in Huntington, L. I., gave an excursion party to his friends which ended very unpleasantly.

There were about 600 people on board the excursion steamer, and while returning to the city, a hurricane lifted the roof off the vessel, dropping it again, and in so doing killing fourteen persons outright and injuring many more.

The owners of the vessel are blamed for the mishap, as the vessel, upon inspection, proved to be rotten and unfit for use. Let us be careful and go upon the water in good vessels.

Mr. Nels J. Thoreson and Mrs. Cecelia Ann Nelson were married at the residence of Mr. P. Ellingson yesterday, Rev. C. A. Falk officiating.

WEEDING WATER
 FROM THE EAGLE.
 From *Friday's Daily*.
 Miss Ola Thomas returned from her Kansas visit Monday. She says she saw only one hopper during her visit.

Worms have invaded a number of corn fields near here, and make clean work of the crop wherever they go.

J. Gilmore met with a bad fall Saturday evening while returning from the convention here. A rough place in the road was encountered near the home of Samuel Rector throwing him out of the vehicle. The concussion was so severe that Dr. Hungate was sent for, who found that his side was badly hurt, but with good care he will come out all right.

From *The Weeping Water Republican*.
 Jack Smith brought a stalk of corn to this office that measured ten feet and two inches in height and has two good sized ears. Jack says any one wishing to learn how to farm can call on him.

Lot of drunks were to be seen on the streets Saturday night. With all due respect to the delegates, we will say it was after they had gone home. The drunks were probably democrats who came to look on.

Mrs. J. M. Beardsley was unfortunate enough to run a nail into her foot last Friday evening, and is just getting so she can bear her weight on it. We are glad to hear she is improving as such accident sometimes end very seriously.

The Old Settlers to Meet.
 The third annual re-union of old settlers of Cass and adjoining counties will be held at Union, Saturday, Aug. 12, 1891.

Judge S. M. Chapman, of our city, will be principal orator of the day; but in addition to Judge Chapman those in attendance will have the pleasure of listening to other prominent speakers, among whom are Hon. F. A. Simmons, of St. Joseph Mo., Hon. T. S. Allen, of Lincoln, Neb., Hon. O. D. Allen, of St. Joseph Mo.; Prof. St. Cyr, of Weeping Water.

Music will be furnished by the Nebraska City and Union Cornet bands. In addition to the attractions already named amusements of a different nature, will be introduced, so that all will be pleased. Among these will be a match game of ball at 3 o'clock p. m.—Union vs. Wabash, glass ball shooting, and other games and sports for which suitable prizes will be awarded.

Let all turn out and assist the old settlers in making this a gal a day.

Police Court.
 In police court to-day, Mr. P. A. Johnson was arraigned on a charge of drunkenness and disorderly conduct. He was fined \$5, in default of the payment of which he was committed to jail.

As we go to press there is a case pending before Judge Archer in which Mrs. Kaudee is charged with disturbing the peace.

The Encampment.
 At a meeting of the veterans of the G. A. R. at Greenwood, Neb. Aug. 6th, 1891, while the re-union was in session which lasted from Aug. 3rd, to 8th the district re-union association was organized. Comrade J. B. Ferguson, of Faragut Post, No. 25 Lincoln, was chosen Pres. and P. S. Galley of Mission Ridge Post No. 149, Greenwood secretary.

Comrade C. B. Hackney, was made Q. M., and E. C. Coleman, commissary.

It was decided to hold a meeting of the executive board on Monday, Sept. 21st, 1891, at Greenwood of which the commanders of the various posts in the district will receive due notice.

The district as at present organized consists of counties of Lancaster, Cass, Saunders and Sarpy.

At said meeting it was moved and carried to send copies of minutes of the meeting to county papers in above named counties.

P. S. GALLERY,
 Secretary.

An organization known as the "World Fair Saving Excursion Co.," is quite popular in several states, having as an object the furnishing to investors first class transportation agreeing to look after baggage, providing for entertainment of the patron while in attendance at the fair, providing each with an accident ticket while gone and in short, to take absolute charge of the passenger from the time he leaves until his return home. In Iowa this is especially popular, the officers being chosen from her most prominent citizens, thus insuring fair dealing and courteous treatment. The plan is that each patron shall make a payment of \$2 per month, until a sufficient amount shall have been paid, thus being conducted on the instalment plan. It might be well for Nebraskans to inaugurate a move of like nature.

The Ladies' Aid Society, of Rock Creek school district, raised \$45 last night at their "Honest Home" social, for the furnishing of a new church at Murray.

A leading democratic paper of the state comments upon the action of the democratic independents as follows: "It's all right for these democrats to go into independent conventions, and authenticate the old parties, but when election day comes the most of them will walk up to the polls and vote the straight democratic ticket, as they always done. Party ties seem to be more binding on democrats than on republicans and all this talk of democrats going into independent ranks does not alarm me at all." The result in last fall's election demonstrated plainly that the independent party was being used as a cats paw by the democratic party and concessions of this kind from leading partisan papers show that such is their object. The fact of the matter is, as our friend says "Party ties seem to be more binding on democrats than on republicans" and past history shows that they will not desert their party, let it become contaminated with the most despicable corruption conceivable; and now it is evident that, if this new party amount to anything when it comes to a vote the following will come from republican ranks. Now if we have grievances from which we wish to seek redress, will the matter not result in a more speedy adjustment by remaining in the republican party than by forming a new organization, which is being engineered in the interests of the democratic party? There was a sufficient number of republicans that left the republican party last fall, that, if their strength had been thrown into the republican nominating convention, could have suggested the remedy for their ills that they wished. Let us, as republicans, watch the snares of the democracy and work for our interests, not for its success.

Enterprise.
 We are glad to notice one industry in Plattsmouth. The enterprising firm (5) of Osborne and Critchfield has taken contracts to furnish booths for use in the new ballot system, which they are manufacturing in large numbers. They furnish a large number of the counties in the state with these booths. It's undoubtedly a fact that two men will be benefited by the Australian ballot system.

Wedding Bells.
 Married by Judge Archer, yesterday at the town hall, Mr. C. E. Steele to Miss Pruda Chapman, both of Union, Cass county. THE HERALD congratulates the happy couple and extends best wishes.

Another New Church.
 For some time German Lutheran people of Elmwood and surrounding country have been considering the erection of a church building there. A conclusion has been arrived at and the committee appointed, and Elmwood will be blessed with another fine church edifice. The ground has been purchased just south of John Clements residence on Gospel Hill and preparations are in progress. The building is to be 26x40 and cost \$1,200. With this Elmwood will have five tabernacles of worship, a showing of which not many towns of three hundred inhabitants can boast.

From reports throughout the state in regard to the crop yield we conclude that the outlook this year is better than the average. Corn was backward up to August, but the favorable growing weather has brought it nearly up to the average. Near Harvard report says that it is well cared and stalks measure ten and twelve feet in length. The yield of wheat is very large. In some localities there being an insufficient number of machines to thresh from the shock, which necessitates stacking the grain. On the whole the fertile prairies of Nebraska this year will yield bountifully of her richness, and with the prospective good prices farmers and business men should rejoice in the anticipation of a prosperous year.

Mr. and Mrs. Gilmore, and children depart today for Van Metter, Iowa to visit friends.

Mrs. W. H. Johnson and family depart to-day for McCook, where they will visit friends.

Miss Hattie Holmes, of Rock Bluffs, was a passenger for the metropolis this morning.

Mr. Fred Schrader, the Cedar Creek miller, is in the city to-day with a load of his excellent flour.

Miss Hattie Bachelor, of La Platte, spent the day yesterday with the Misses Oliver and returned home on No. 3 last evening.

Mr. Adams, a prominent farmer near Louisville, who with his wife has been visiting Mr. Oliver Dover and family, returned home this morning.

A large lot of sewing machine oil also needles and supplies for all kinds of machineries just received at Muir's on Sixth street. 3t

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from Kidney and Liver trouble, which I had, farmer and stockman, of some place, says: 'Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man.' W. Timmons, Gardiner hardware merchant, same town, says: 'Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Got a bottle at F. G. Fricke & Co's Drug Store.' 2

Philip Krause will sell his goods cheap till the 15th, of August, in order to make room for his fall goods. 1f

A Mystery Explained.
 The papers contain frequent notices of rich, pretty and educated girls eloping with negroes, tramps and coachmen. The well-known specialist, Dr. Franklin Miles, says all such girls are more or less hysterical, nervous, very impulsive, unbalanced; usually subject to headache, neuralgia, sleeplessness, immoderate crying or laughing. These show a weak, nervous system for which there is no remedy equal to Restorative Nervine. Trial bottles and a fine book, containing many marvelous cures, free at F. G. Fricke & Co's., who also sell and guarantee Dr. Miles' celebrated New Heart Cure, the finest of heart tonics. Cures fluttering, short breath, etc.

I am an old man and have been a constant sufferer with catarrh for the last ten years. I am entirely cured by the use of Ely's Cream Balm. It is strange that so simple a remedy will cure such a stubborn disease.—Henry Billings, U. S. Pension Attorney, Washington, D. C.

For eight years I have suffered from catarrh, which affected my eyes and hearing; I have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

Height of Cruelty
 Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunate is the height of cruelty. They have a weak heart, causing shortness of breath, fluttering, pain in side, weak and hungry spells, and finally swelling of ankles, oppression, choking, smothering and dropsy. Dr. Miles' New Heart Cure is just the thing for them. For their nervousness, headache, weakness, etc., his Restorative Nervine is unequalled. Fine treatise on "Heart and Nervous Diseases" and marvelous testimonials free. Sold and guaranteed by F. G. Fricke & Co. 6

Wonderful Success.
 Two years ago the Haller Prop. Co. ordered their bottles by the box—now they buy by the cartload. Among the popular and successful remedies they prepare is Haller's Sarsaparilla & Burdock which is the most wonderful blood purifier known. No druggist hesitates to recommend this remedy.

For sale by druggist.

Everybody says that Gering & Co sell the most wall paper and paint. Why? Because they sell the best goods for the least money.

Arago's Modesty.
 Arago, the great French scientist, was never seen with a decoration on his breast. He valued honors slightly. One evening Leverrier, the astronomer, called on him on his way to dine with a minister. He expressed a wish to appear decorated with an order, to which he was entitled, having received the official notice of the honor, although he had not as yet the decoration itself.

"Open that drawer," said Arago, "and take whatever you want."

In that drawer were all the crosses and ribbons which kings and emperors confer.

While Arago wished above everything to promulgate science and to make his researches useful, he did not attempt to identify himself forever with his discoveries by writing books. He had no time for writing, but contented himself with noting the results of his work in the record of the bureau of longitude, or announcing it verbally to the academy.—Youth's Companion.

Salt Making Among the Chinese.
 A wonderful example of patience in the Chinese is afforded by a consular report dealing with the manufacture of salt in central China. Holes about six inches in diameter are bored in the rock by means of a primitive form of iron drill, and sometimes a period of forty years elapses before the coveted brine is reached, so that the work is carried on from one generation to another. During this time the boring, as may be imagined, goes down to an immense depth.

When brine is found it is drawn up in bamboo tubes by a rope working over a large drum turned by bullocks. The brine is evaporated in iron caldrons, the heat being supplied by natural gas, which is generally found in the vicinity of the salt wells.

When The Hair
 Shows signs of falling, begin at once the use of Ayer's Hair Vigor. This preparation strengthens the scalp, promotes the growth of new hair, restores the natural color to gray and faded hair, and renders it soft, pliant, and glossy.

"We have no hesitation in pronouncing Ayer's Hair Vigor unequalled for dressing the hair, and we do this after long experience in its use. This preparation preserves the hair, cures dandruff, and all diseases of the scalp, makes rough and brittle hair soft and pliant, and prevents baldness. While it is not a dye, those who have used the Vigor say it will stimulate the roots and color glands of faded, gray, light, and red hair, changing the color to

A Rich Brown
 or even black. It will not soil the pillowcase nor a pocket-handkerchief, and is always agreeable. All the dirty, rummy hair preparations should be displaced at once by Ayer's Hair Vigor, and thousands who go around with heads looking like 'the fretful porcupine' should hurry to the nearest drug store and purchase a bottle of the Vigor."—*The Sunny South, Atlanta, Ga.*

"Ayer's Hair Vigor is excellent for the hair. It stimulates the growth, cures baldness, restores the natural color, cleanses the scalp, prevents dandruff, and is a good dressing. We know that Ayer's Hair Vigor differs from most hair tonics and similar preparations, it being perfectly harmless."—*From Economical Housekeeping, by Eliza R. Parker.*

Ayer's Hair Vigor
 PREPARED BY
 DR. J. C. AYER & CO., Lowell, Mass.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Caud, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.
 "Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
 DR. G. C. OSOON, Lowell, Mass.

Castoria.
 "Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confirm that the merits of Castoria has won us to look with favor upon it."
