

From Howard There
Mr. Dean, of Murray, has twenty-five acres of beans planted this year, and they are a good crop.

The early potato crop is simply immense this year. The potatoes are so large they are crowding each other out of the hills.

Wm. Eikenbary, of Union, has got fifty-seven head of horses, colts and mules and he is not very anxious to sell any, either.

The apple crop is too large this year. Thousands of bushels are lying on the ground in this county and rotting, because there is not market enough to pay to pick them up and haul them to town.

This is the year the planted corn beats the listed corn a long ways and Bill Arp predicts that next year there will be a great deal more corn planted than listed.

F. M. Young, Jr., of Rock Creek, is building a barn thirty-six feet wide and one hundred feet long, with sixteen-foot posts on one side and twenty-foot posts on the other.

Joseph Byers, of Rock Bluffs, started his sorghum works last week. He has built another furnace and added another pan, so that he will be able to make about forty or fifty gallons of syrup a day. Joe's syrup is sweet and pure, which is not always the case with some of the fancy drips which we buy.

As Bill Arp was riding into Plattsmouth the other day he discovered the United States flag flying in the breeze on the high school building. It made him feel so good that he felt like taking off his hat and shouting "Hurrah!" It done his old heart good to see that the people had finally awakened to the necessity of teaching the rising generation loyalty to the American flag.

The Rock Creek school began the seventh of September, and is taught by Mrs. J. D. Lewis. The officers of this district bought thirty-five dollars' worth of books, which they loan to scholars free of charge. This complies with the new law to a fraction. Bill Arp thinks that is a good law, and when the people find the great advantages to be derived from it, they will not have it repealed under any consideration.

Hog cholera is coming again. Sanford Cable and Bennett Kristwiser, three miles south of Murray, are having a bad time with it. Mr. Cable has only seven hogs left out of about seventy. And Mr. Kristwiser has lost two hundred out of three hundred and fifty and is still hauling them at the rate of fifteen to twenty a day. And on Jacob R. Vallery's farm near Eight Mile Grove the hogs are dying at the usual rate.

S. L. Furlong, of Rock Bluff precinct, lost one of his best cows last Tuesday with what is called "mad-itch." And a short time ago Nelson Jeans lost five head of cows the same way. This disease is caused by letting the cattle eat corn fodder or snapped corn with hogs. And both of these men did that very thing. And both are old enough to have known better. But this is another evidence that people are never too old to learn by experience at least. Mr. Furlong has the opinion that this disease is misnamed. He examined his cow and found a very hard impaction of the manifold, or third stomach, the same as hundreds of cattle die with every winter, when they are first turned into corn stalk fields. The "itch" part seems to be only a symptom of the real trouble.

BILL ARP.

The Nebraska Business Men's Association have arranged to send an advertising train on a thirty days tour in the east. This train will have special sample of the agricultural and manufactured products of the state from each county and samples of each showing the peculiar formation Nebraska soil with a full explanation of its fertility. Many representatives from the different counties will be supplied with special advertising matter a silver cornet band will accompany the train. A stop of a day or so will be made at many of the principal cities and entire delegations will march through the principal streets, headed by the band and carrying appropriate banners. -Milford (Ill.) Herald.

The above clipping from one or the best local papers in eastern Illinois shows the widespread interest taken in the coming event all over the middle and eastern states. -Business Men's Journal.

General Secretary Hodgins of the Nebraska State Business Men's Association informs H. N. Dovey, secretary of the local branch, that Butler county has raised \$1500 toward the enterprise Secretary Dovey at once replied that they could depend upon Cass county taking a hand. In view of the fact that Butler county is making such aggressive strides toward the top notch, it behooves Cass to make hay before it is too late.

A DARING ROBBERY

Thieves Enter a Storeroom and Rob the Safe of its Contents.

The Particulars of the Robbery - A Car Wrecked at the Yard and Trains Delayed - A Livery Team Imposed Upon.

From Mondays Daily
Last Sunday presumably between the hours of 1 and 2 o'clock a. m. thieves effected an entrance into the storeroom of Zuckweiler & Lutz and made their escape without detection. They procured tools from the blacksmith shop of Mike Schnellbacher, by the aid of which they were able to open the safe in which the money was kept. The exact loss sustained has not been definitely determined as some merchandise has probably been carried away. The safe contained \$52 in currency all of which the fakirs succeeded in finding. The total loss will probably reach \$150.

Nothing is known as to the whereabouts of the miscreants though a determined effort will be made to bring them to justice.

Inhuman Treatment of a Livery Team.

Sunday afternoon Messrs. West Stoneking, Joe McCulloch and a Mr. Miller called at the Holmes livery stable and ordered a team for a few hours' drive. In compliance with their wish a trusty team was furnished them. No sooner had the boys reached the suburbs than they began to whip the team unmercifully and forced it to its greatest speed attainable. Arriving at the fair grounds this nefarious work was continued. The team was driven around the race track three consecutive times, at a lively rate. They then drove to the residence of Peter Pitts, where Bert Holmes, who had been notified of the circumstances, succeeded in bringing the lark to an end.

The boys were brought back to Plattsmouth and the matter was compromised by the payment of \$25 to Mr. Holmes as a compensation for damages done.

It is with regret that we chronicle the affair, as it is the first time these parties have manifested other than a gentlemanly bearing toward those with whom they have had dealings.

State University.

We have received a catalogue setting forth the advantages offered at the University at Lincoln, and indications are that it is an institution highly creditable to the state. The courses of study have been re-adjusted, in a measure, with a view of furnishing a more practical yet thorough education. The college opened for the ensuing year, today, and indications are that the attendance will be greater than ever before, and surely, with the increased educational facilities, thoroughly satisfactory work may be expected.

In view of these advantages offered in our state there can be no necessity for our young people going elsewhere.

Ed Wooley came in from Weeping Water this morning.

O. J. King received two cars of cut stone and a car of tiling yesterday, to be used on the court house.

Dan B. Smith, foreman of the B. & M. paint shops at Plattsmouth, accompanied by his wife, visited Lincoln friends yesterday. -Lincoln Journal.

A. H. Dray sustained quite a painful injury to-day by accidentally crushing the fore finger on his left hand.

The Lincoln Journal speaks in high terms of a very large and fine plant donated to the laboratory by our enterprising florist, W. J. Hesser.

Mrs. Brugger, of Columbus, O. who has been visiting at the home of Judge Ramsey departed for her home this morning. Mrs. Ramsey accompanied her as far as Omaha.

Travis Nominated.

NEBRASKA CITY, Sept. 28. -[Special to THE HERALD.] -The democratic judicial convention, in session here to-day, nominated H. D. Travis for the position of district judge.

Notice.

The republican central committee for Cass county, Nebraska, is hereby called to meet at Weeping Water on Saturday, Oct. 3, at 1 o'clock, p. m. A full attendance of the committee is earnestly requested.

Police Court.

As we go to press quite an interesting case is pending in the police court. A Mr. Neff accuses Cade Rogers of having stolen a sum of money from the former. We shall give the result to-morrow.

THE FIGHT FOR PURE FOOD

Success of the Efforts to Seize Bad Baking Powders.

The aggressive war waged by the Royal Baking Powder Company upon the hosts of adulterated and impure baking powders sold throughout the country is having a desirable effect. The scandalous attacks upon the Royal company by the manufacturers of the impure go (which are made doubtless both from a spirit of revenge and in the hope of breaking the effect of the damaging exposures) show that they are hit, while the official reports which have come from various public authorities fully corroborating the statements made by the Royal company, have awakened a wholesome public sentiment in favor of repressive laws, which means mischief to the illegitimate traffic.

The Royal Baking Powder Company set out some time ago to expose the character and to break up the sale of adulterated baking powders. Having found from an examination of many specimens there was a large number of brands actually injurious in the market, they brought the matter before the public and denounced the makers by name in the press and to the health authorities. The affair was taken up by physicians, Boards of Health, and Legislatures throughout the country. Chemists were employed to test the various powders in the market, and the government itself directed analyses to be made before it would purchase the supplies needed for army, navy and Indian uses.

The results justified the charges made by the Royal company. Not only were the majority of baking powders in the market found to be largely adulterated, but many of them were ascertained to contain alum and other poisonous ingredients to such an extent as to render them positively unsafe for use in human food.

In making the charges the Royal Baking Powder Company did not hesitate to enter into competition with every other baking powder in the country, and it is a public satisfaction that in the official tests by the government and state chemists and by Boards of Health, the Royal Baking Powder has been declared to be the superior of all others in strength, purity and wholesomeness, and absolutely free from all interior or determined substances.

From recent official reports it is evident that the alum and otherwise impure goods have again come upon the market in dangerous quantities and their old enemy, the Royal, is again upon the war-path. In continuing its warfare against these goods the Royal is meeting with the old-time opposition and abuse. The public, however, will appreciate, as heretofore, both the object of the abuse and the action of the Royal company, and award full justice to the company that so fearlessly stands up for its protection from such adventures.

Rev. Dr. Britt Coming.

It has been authoritatively announced that Rev. Dr. D. D. of Hastings, has been appointed to succeed Rev. Buckner as pastor of the M. E. church in this city. Rev. Britt has been located at Hastings for the past five years, and is everywhere conceded to be one of the strongest and most popular ministers in the Methodist Conference. He will arrive next Wednesday and occupy the pulpit next Sunday.

He Failed to Arrive.

After learning that Rev. Buckner would not be returned to the pastorate in the M. E. church at this place, the members of the church planned a farewell reception to be given at the parsonage last evening. Everything worked smoothly, until a telegram was received from Rev. Buckner, stating that he would not arrive as he had previously announced, but would be detained until the 29th inst. This was a disappointment to all, but a highly sociable time was enjoyed until quite a late hour. Doubtless the reception will be held at a later date, when there will be no doubt as to Rev. Buckner's presence.

The members of the church greatly regret that he will not labor with them another year, and the best wishes of all go with him to his new field of labor.

Mr. W. A. Derrick, well and favorably known to our citizens, recently appeared in concert at Salina, Kan., and is thus complimented by the Republican of that city: "Mr. Derrick has a magnificent voice, and in his singing he combines musicianly feeling and almost perfect enunciation. Mr. Derrick was on for two solos and was obliged to respond to an encore each time. His solo, 'My Little Woman,' seemed especially adapted to his voice, and the manner in which he sang it will be long remembered."

The Vacancy Filled.

The central committee for the first district of county commissioners met to-day and nominated S. W. Dutton to fill the vacancy caused by the resignation of A. B. Todd.

In selecting Mr. Dutton the committee makes an eminently wise choice. He is almost the unanimous choice of the republicans of the county, and enters the race with every element of strength essential for a successful canvass, inasmuch as he possesses the essential characteristics to make a good officer and is popular with all classes.

Do you talk republicanism to your neighbor?

If the democrats are satisfied with the outcome of Saturday's deliberations, surely all other parties should be.

Now that the World-Herald has repudiated democracy, the party has not a state organ of any influence. Poor, lone, despairing democracy.

The election to the county judgeship will go to Russell or Ramsey, as it is evident that the man from Weeping Water will be barred out completely. The republicans being great Russell-ers will doubtless be heard from in no unmistakable way.

The republicans are very well satisfied with the result of the democratic convention held here last Saturday. Aside from one or two nominees the ticket possesses elements of weakness rarely equaled, and that can not fail to bring disastrous defeat at the polls in November.

In the republican candidate for treasurer, L. C. Eickhoff, we have a man whom voters should look favorably upon, regardless of party affiliations. Mr. Eickhoff is a practical farmer, a successful business man and, above all, a man of unwavering integrity. What more is necessary to assure an obliging capable and strictly honest official? He possesses all the essentials and should be voted for regardless of party affiliations.

The commissioner's district convention which met this morning added material strength to the republican ticket by the nomination of Mr. S. W. Dutton for commissioner from the first district. He will make a winning fight for this important office, and we firmly believe he will be elected, notwithstanding the democratic majority confronting him. The other candidates for commissioner before the convention were Capt. Bennett, Henry Eikenbary and M. B. Murphy, each receiving a creditable support. All are united, however in heartily seconding and supporting Mr. Dutton's nomination.

Height of Cruelty.

Nervous women seldom receive the sympathy they deserve. While often the pictures of health, they are constantly ailing. To withhold sympathy from these unfortunates is the height of cruelty.
