Chamberlain's Eye and Skin Ointment.
A certain cure for Chronic Sore Eyes, Tetter, Salt Rheum, Scald Head, Old Chronic Sore, Fever Sores, Eczema, Itch, Psoriasis, Scabies, Sore Nipples and Piles. It is cooling and soothing. Hundreds of cases have been cured by it after all other treatment had failed. Put up in 25 and 50 cent boxes.

Croup frequently finds a household unprepared for its visit, while the rapidity with which it develops calls for instant treatment. For this dangerous disease Ayer's Cherry Pectoral is an admirable remedy. It saves many lives every year. Keep in the house.

NEAL MUST HANG.
Governor Thayer Finally Gives His Decision to that Effect.
Governor Thayer has finally disposed of the Neal investigation matter and announced in the following letter that Neal must hang Friday as decreed by the court:
STATE OF NEBRASKA, EXECUTIVE DEPARTMENT, LINCOLN, NEB., Oct. 6, 1891.
J. F. Boyd, Esq., Sheriff Douglas county, Omaha, Neb.—Dear Sir: After the most thorough and painstaking investigation and consideration of the case of Ed Neal, now under sentence of death in the county jail of Douglas county, I have arrived at the conclusion that it is not my duty to interfere with the execution of the sentence imposed by the court.
It will, therefore, become your painful duty to carry that sentence into effect on the day heretofore named. Respectfully yours,
JOHN M. THAYER,
Governor.

It had to come, of course. No sooner had Major McKinley finished the job of dipping a few plates of American steel into a pot of California tin at Piqua, O., than a correspondent for a democratic paper set himself to discredit the work by the manufacture of a job lot of falsehoods. His story was that the tin was not tin at all but lead, and that there was no tin plate mill within 500 miles of the town of Piqua. That bold lying has been repeated with many expressions of approval by the democratic press in all parts of the country.

What the democracy expects to gain by this babyish fighting it is hard to discover. It is so well known that tin plate is manufactured in this country in commercial quantities that the public is weary of the reiteration that the industry is a myth. In the case of the Piqua tin we have the statements backed by affidavits of reputable citizens including well known democrats, that the pig tin was brought from California, that the pig lead came from Missouri, that the iron ore came from the northwest, that the steel billets were rolled in Ohio and that all processes in the manufacture of tin were honestly carried out. Finally the tin itself made by Major Kinley is on exhibition and its genuineness and its high grade have been attested to by a number of experts. The democracy sprung this lie altogether too early in the campaign. They should have waited until a couple of days before election.—State Journal.

THE withdrawal of Judge Broady and the declination of the state central committee to nominate another candidate practically assures the election of Post. Besides the great number of democrats that will openly support Post, a greater number, rather than support Edger-ton, will not vote for a supreme judge at all, thus leaving the outlook bright for the republican candidate.

TIMOTHY CLARK,
Plattsmouth, Sept. 22, 1891.

Snyder, 75 cents per bottle, and I guarantee it will remove your pimples, freckles, blackheads, moth, tan and sunburn, and give you a lovely complexion.

Hot soda water at Brown & Barrett's.

WANTED—Some good cotton rags at this office.
District court convened at Nebraska City yesterday.

Ladies are expected at the night school as well as gentlemen.
The river is rising gradually, owing to the recent rains.

Since the rain has been declared off, genuine fall weather has prevailed.

The county commissioners will remain in session the remainder of the week.

The management of the night school is well pleased with the start made last evening.

The sharp frosts throughout this section have laid the gardens low. The corn crop is not damaged.
If you wish to vote, you must register. Tell every republican about it, but keep mum in the presence of democrats.

Rev. Dr. Britt of Hastings was presented with a gold headed cane by the Improved Order of Red Men.—Fremont Tribune.

Those who wish to learn to read and write English will have splendid opportunities at the night school. Come to-night at 7:30.

Agent Appar, of the M. P. station at this place, informs us that the business outlook is very encouraging for the M. P. road.

Harry Cole and family, living south of the city, are receiving a visit from their relatives, Mr. and Mrs. Richardson of Illinois.

Billy Weber and Byron Clark were passengers for Omaha this morning. They will join a hunting party there for a trip through the northwest.

Dr. Brendle of Murray, candidate for county coroner on the democratic ticket, was a pleasant caller at THE HERALD sanctum last evening. The doctor is a genial fellow, and doubtless if he were a republican he would make a very good officer.

A petition was presented to the board of county commissioners today with the required number of signatures, praying for permission to vote upon a township organization as provided for by a law passed by the last legislature. The prayer of the petitioners will be granted.

The Deaf will be Glad he is Coming.
It cannot fail to be of interest to many of our readers to know that Mr. H. A. Wales, of Bridgeport, Conn., has agreed to visit Omaha Oct. 8th, and will be at the Millard Hotel. Mr. Wales is the inventor of the Sound Discs, which has attracted such widespread attention throughout the civilized world, and to the use of which is largely credited the decrease in deafness shown in the late census.

If You Want
a cheap home, or a good investment, on good terms, attend the auction sale of all the real estate of the late J. V. Weckbach on Wednesday, Oct. 8, 1891, in front of the county judge's office.
F. R. GUTMAN, Adm'r.

The Night School Opens.
The first session of the night school held at the high school building last evening furnished ample evidence that a good school will be maintained. There was an enrollment of nearly thirty and there is little doubt that the number will be increased to fifty before the close of the week.

Supt. McClelland remarked that this was strikingly unlike the majority of schools owing to the fact that the young ladies were not represented. An invitation is extended to them to attend the school. A splendid opportunity is here offered for taking a course in book-keeping for those who cannot do so during the day session. All who come will be accommodated, as other teachers will be added to the list as necessity requires.

A Grand Opening
Mrs. J. N. Wise, of the firm of Wise & Root has recently returned from the east where she purchased one of the most complete lines of millinery good ever brought to Plattsmouth. Yesterday their parlors were beautifully decorated and the public given an opportunity to inspect the stock. A great many visitors called during the day and continued to come and go until 9 p. m. Great care has been exercised in selecting the stock to meet the wants of all classes of customers. The stock includes nearly every grade from plain goods to fine novelties imported directly from Paris.

CHAPMAN RENOMINATED.
The Only Candidate Before the Convention and his Election is Certain.

The republican judicial convention was held at the parlors of the Watson Hotel at Nebraska City last evening. Orlando Tefft was chosen permanent chairman and William Pflaeging secretary.

The report of the committee on credentials demonstrated that full delegations were present from Cass and Otoe counties.

Judge S. M. Chapman was declared the nominee of the convention by acclamation.

The district central committee was appointed as follows: Cass county: A. N. Sullivan and Dr. N. R. Hobbs; Otoe county: C. W. Seymour and Fred New. John C. Watson was made chairman of the committee.

Later in the evening a reception was given the nominee, during which speeches were delivered by prominent republicans.

It was expected that Judge Chapman would succeed himself as there is practically no opposition to him in the republican party.

PERSONAL

J. A. Basom of the Murray Banner was in the city last evening.

Obituary.
DIED—At his home, in Elmwood, Nebraska, on Sabbath, Oct. 4, 1891, Dr. A. L. Root after a lingering illness of about three months.
The funeral services took place at his home in Elmwood on Monday at 2 p. m.
It is with sadness we chronicle this, but we know "He doeth all things well" He was born in Ohio, moved from there to Michigan; thence to Cass county, of which place he has been a resident for about eighteen years. Thus has another pioneer passed away to join the innumerable throng from which no traveler ever returns.

"Uncle Doc" as he was familiarly called throughout the whole country, was one of the best physicians this section of the country has ever known.

It is with sorrow the many homes of Cass county receive the intelligence that he has passed away. We question why such lives must vanish and leave us only a memory.

No answer springs to meet the unspoken thought, but this we surely know, that all things are ordered, only for the best, and of every things, that forms the great design for good this seeming wrong will be no humble part.

The closing of this life is but the opening of another door, we may prate as learnedly as we will in denial of the grand old dream of immortality yet from his life we may learn a lesson.

The deceased leaves a wife and several children to mourn his loss. To the grief stricken family we extend our sympathy in their hour of trial.
