

An Unknown El Dorado.

How many Americans have heard of the state of Guerrero? It is one of the richest mining regions of Mexico, and it is said that its soil is a crust of silver and gold.

Qaxaca, just below it, is now being penetrated by the Mexican Southern railroad, and this will bring a vast gold bearing region into the market.

Coal brings about twenty-six dollars a ton in City of Mexico, and there are said to be fine iron deposits in near proximity to these coal fields.

This new railroad will, and does already, tap the mining regions of the state of Puebla, which contain both silver and gold, and one of the finest specimens of gold ever brought into Mexico City was shown to an American business man there by an Indian from this state about a month ago.

The Bishop of Derry.

The eloquent bishop of Derry has, I hear, accepted an invitation from the trustees of Columbia college to deliver in New York city during Lent, 1892, a course of lectures on "The Evidences of Christianity."

The bishop, by birth an Irishman, was graduated at Oxford, where he won many distinctions, and he was Bampton lecturer in 1876.

Care in Choosing Drinking Water. More and more as a knowledge of hygiene is spread will people be careful as to the water they drink, for an impure article will as surely injure as impure food.

For a long time the well has furnished the water for half a dozen families in the neighborhood. About all the members this summer partaking of the well water became ill, and their ailments soon developed into typhoid fever.

Didn't Risk Anything.

Unlimited assurance is possessed by a young man from Tennessee, who lately sought admission to West Point, and thus closed his application to the superintendent: "I want only to study military tactics. I want to stay three years. I want forty dollars per month. At the end of the term I want a position over some army of the United States. I want you to send me a round ticket there and back. I think I am both physically and mentally qualified to fill the position. I will not be out anything, but I want the position. Please answer this."—Yankee Blade.

The Eiffel Tower in a Graveyard.

A good grocer of Danvers, in the department of the Maine, has astonished his fellow townsmen by erecting in the local cemetery a family mausoleum of cut stone shaped like the Eiffel tower. This is certainly the first time the tower built for the exhibition has been copied for a churchyard monument.—Pall Mall Gazette.

Diets at Bonn.

Visitors to Bonn are, I hear, aghast at the untoward consequences of the German emperor's dining speech. So many barbaric encounters have taken place during the last three months that nearly every student one comes across has his face swollen and gashed in the most unsightly manner.—London World.

A Kodak Gem.

An amateur photographer caught a young lady who had been eating ice cream over at the Poland camp ground Sunday in the act of lifting the well nigh empty saucer to her rosy lips and draining the last drop of the melted cream which had cost her best young man a dime.—Auburn (Mass.) Gazette.

Attend the night school.

F. E. White is in Omaha today.

Low Moore is in Omaha to-day.

Sam Waugh is in Omaha on business today.

Mr. and Mrs. Frank Ward are visiting at the home of T. Kelly this week.

W. P. Ferguson, of Shenandoah, county attorney of Page county, is in the city today.

But few houses are building in Plattsmouth at present but it is almost impossible to find a house unoccupied.

Kearney has the location of a cotton mill there, cannot Plattsmouth induce capitalists to establish a starch factory at this place?

The night school is increasing in interest as it progresses. New students are being enrolled each evening. There is still room, however, for more.

BAKING POWDERS.

What the Minnesota State Authorities Know About Them.

If there is a doubt in anybody's mind as to the quality of the various baking powders of the market, it will be settled by the evidence given upon the subject by the State officials of Minnesota. The Dairy and Food Commission and the State Chemist are the highest official authorities upon such subjects in this State, and their evidence will be accepted as disinterested and unprejudiced.

At a recent examination by a Legislative committee to determine the qualities of the various baking powders sold in Minnesota, State Chemist and analyst to the Food and Dairy Commissioner, Dr. Benjamin F. Drew, gave the following evidence:

Ques.—Dr. Drew, I see by the report of the Dairy and Food Commission of this State that in making analysis of the various baking powders of this country you report as a result of your work that the Royal Baking Powder contains and gives off in baking a greater percent of carbonic acid gas (leavening gas) than any other baking powder made; is that true?

Ans.—Yes, sir, that is a fact. Ques.—Doctor, you also found from experience that the Royal Baking Powder will keep longer and retain its qualities better than any other powder made, did you not?

Ans.—Yes, sir, I think it does. Ques.—Now, the two most desirable qualities in baking powder are the amount of carbonic acid gas it contains and gives off and the length of time it will keep, are they not?

Ans.—Yes, sir. Ques.—Then the Royal Baking Powder, possessing the qualities, is the best powder made, is it not?

Ans.—Well, that would be the natural conclusion. Ques.—Well, that is the fact, is it not?

Ans.—Yes, I think it is. I consider it one of the best baking powders made.

During balance of picking season I will continue to pay the highest market price for good varieties of winter apples at canning factory. 28 ct ED SOMERS.

We have received a nice line of pattern hats and would be pleased to show them to the ladies of Plattsmouth and vicinity. We have secured Miss Hemple as trimmer. TUCKER SISTER.

"I'll do it." "While I think of it, I'll go down and pay that little bill I owe George Vass. It should have been paid a year ago. I understand he's out collecting. I owe him for repairing and also for jewelry." "Yes, your little account with me must be paid by the 15th of October, 1891—must be paid in full to date. If not, you and I will have trouble. Geo. W. Vass, Fifth-st. Jeweler."

A National Event. The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nerve by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuralgia, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottle and fine book on "Nervous and Heart Diseases," with unqualified testimonials free at F. G. Fricke & Co. It is warranted to contain no opium, morphine or dangerous drugs.

Rheumatism Cured in 4 Days. "Mystic Cure" for rheumatism and neuralgia radically cured in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75c Sold by F. G. Fricke, Druggist, wt

We have sold Ely's Cream Balm about three years, and have recommended its use in more than a hundred special cases of catarrh. The unanimous answer to our inquiries is, "It's the best remedy that I have ever used." Our experience is, that where parties continued its use, it never fails to cure.—J. H. Montgomery & Co., Druggists, Decorah, Iowa.

When I began using Ely's Cream Balm my catarrh was so bad I had headache the whole time and discharged a large amount of filthy matter. That has almost entirely disappeared and have not had headache since.—J. Sommers, Stephney, Conn.

Pronounced Hopeless, Yet Saved. From a letter written by Mrs. Ada E. Hurd of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. I gave it a trial, took in all eight bottles; it has cured me and thank God I am now a well and hearty woman." Trial bottles free at F. G. Fricke & Co.'s drug store, regular size, 50c. and \$1.00.

Ely's Cream Balm is especially adapted as a remedy for catarrh which is aggravated by alkaline dust and dry winds.—W. A. Hover, Druggist, Denver.

My catarrh was very bad. For thirty years I have been troubled with it have tried a number of remedies without relief. A druggist advised Ely's Cream Balm. I have used only one bottle and I can say I feel like a new man. I make this voluntary statement that others may know of the Balm.—J. W. Mathewson, (Lawyer), Paw-tucket, R. I.
