

THE GREAT AUCTION SALE

OF REGISTERED HEREFORD CATTLE THURSDAY, NOVEMBER 12, 1891.

Will take place at the ranch of the Ashland Land and Live stock Co. four miles north and 1/4 mile east of

ASHLAND, NEB.

This stock is the get of the best families of Hereford cattle in England and America and is bred by the renowned and fashionable bulls, Romeo, Vendor, Leader, Lord Derby, Alexan or the Great, Earl of Shadland and Protector and dams in the noted and carefully selected herd of thoroughbred registered Hereford cows, formerly owned by the Harlem Cattle Company and which cost them the enormous sum of \$117,000.

30-Head Young Bulls-30

All fit for service and the finest specimen to America of their age.

30-Head of Cows-30

All of which are bred to some of the famous stock bulls named herein. Many of them have calves at side.

They are the easiest kept, quickest to mature and the best beef breeders in the world.

Free conveyance to and from B & M depot and Ashland to ranch. Free lunch at noon.

SPECIAL—We have about 125 head of grade and ordinary cattle to sell at private sale that can be bought at half their value. We want to get rid of them as we intend raising nothing but pure bred Hereford in the future.

Ashland is on the B. & M. railroad, 30 miles from Omaha and 25 miles from Lincoln. Four trains daily each way.

COL. F. M. WOODS, Auctioneer.

EDWARD LARKIN, President.

A Business Education.
The business course recently established in connection with our city schools has proved to be a decided success, and an accession that should have been made some time since. Thus far it has been attended, almost wholly, by residents of Plattsmouth, but it is the desire of the management that students may be induced to attend from surrounding towns, and there is no valid reason why such might not be the case. This is an age in which it behooves every citizen to have a business education, and this training may be received here as well as any place in this or adjacent states. Prof. Halsey made a trip to Murray last Saturday and he informs us that in the event arrangements may be made by which students can secure boarding and lodging at reasonable rates, quite a delegation from that section may be confidently expected. To the end that it may be as accurately ascertained as possible what the expense will be, Prof. Halsey desires to see all persons that can accommodate a club of from one-half dozen to twenty pupils. THE HERALD feels like commending the enterprise exhibited by Prof. Halsey in working up a greater degree of interest in this newly instituted department; and it appears to us that if the matter were to receive proper attention at the hands of our business men, the facilities for enlarging the sphere and scope of the work might be provided. A great many towns with by far less population and more limited resources than we possess maintain business colleges and they prove to be a great benefit to the town and community. We suggest that some of our public spirited business men take the matter in charge and provide means for the establishment of a thorough commercial school.

May Recover.

S. A. Davis made a trip to Union yesterday to visit Sim Upton, who was seriously injured by a ferocious bull recently. He reports that although his condition is serious there is strong probability of his recovery. The attending physician appears fearful that blood poisoning may yet take place, in the event of which death will very likely ensue.

Police Court.

Information was filed to-day by J. A. Hawks against J. A. Karns, charging him with assault and battery. It appears that Mr. Karns has been keeping company with the daughter of Mr. Hawks, to which the latter seriously objected. Hawks accosted Karns last evening whereupon the latter struck him. Judge Archer fixed the fine at \$1.

A Lively Race.

Last evening as Dr. Livingston was at the residence of Jack Minor, in South Park, his team was presumably untied, and started toward the business portion of the city. They galloped down high school hill through Main street at a very rapid rate, and according to the report of bystanders, after reaching the B. & M. railroad they galloped up the track as far as the switch house where they turned around and retraced their steps. They continued to run at a break-neck speed up Main street until they came to Jones & Fitzgerald's livery stable, where they were evidently well satisfied to halt. Aside from the breaking of four spokes in the wheel little damage was done.

That Nebraska is one of the greatest apple producing states in the Union is no longer questioned and that Cass produces more than any other county in Nebraska is equally evident. The finest of winter apples may be purchased at forty cents per bushel.

To Sue for Damages.

Mrs. Geo. Smith, wife of the colored man who was lynched in Omaha, has decided to bring suit against the county for the recovery of \$10,000 damages. The ground upon which she brings suit is that Smith was in the care of the county officials who, by neglect of duty, allowed to be taken by the mob

To Organize a Post.

Several prominent G. A. R. men of this place contemplate going to Louisville next Wednesday evening for the purpose of organizing a post at that place. The requisite number of names have been secured, a hall provided and preliminary arrangements all completed hence the organization is assured. It is hoped that a large delegation will go from Plattsmouth to assist in the exercises and help enthuse the veterans.

Ed Jeary, banker and prominent attorney of Elmwood, is in the city to-day.

J. A. Basom, of the Murray Banner, is in the city to-day.

County Court.

License to wed issued to Mr. Geo. Weyhied of Pierce county, Neb., and Miss Lizzie Schaefer of Cass county.

Empire Hardware Co. vs. R. D. McNurlin, constable. On motion to answer defendant. Trial to court and submitted.

State Bank of Elmwood vs. James Joyce. Suit on note. Brief of plaintiff placed on file.

Chas. Duerr vs. J. C. Spam. Action in forcible detention. Continued on application of plaintiff until November 7, at 10 a. m.

State Bank of Elmwood vs. Henry Hollenbeck. Suit on note. Brief of plaintiff placed on file.

District Court.

A case from Nebraska City was up in district court last evening and also this morning on a writ of habeas corpus.

It appears that Cyrus Randall is being held in jail at Nebraska City as he alleges, wrongfully. It is claimed that he is held pending the issuing of requisition papers that he may be tried in Iowa for perjury. The case was continued pending developments concerning the move meat on the Iowa side.

In case of Carpenter vs. McLaren, a decision was rendered in favor of the defendant.

In this case McLaren, of Louisville was pasturing cattle for D. D. Ramsey. The latter purchased grain of Carpenter but, as Carpenter alleges, did not make satisfactory settlement for the same, and he accordingly sued Mr. McLaren for the amount of the grain.

John Seibert came in from Pacific Junction this morning.

Diphtheria is raging at Nebraska City. Six new cases were reported yesterday.

Dr. E. W. Cook reports a girl baby at the home of Mr. and Mrs. D. C. Morgan this morning.

The political pot is boiling now as it will not again before the presidential election of 1892.

It appears to be an assured fact that the G. A. R. post of this city will erect a creditable building on their lot.

Halloween occurs next Saturday night. It might be well to increase the police force in consequence of the occasion.

Mr. and Mrs. T. J. Rhoden returned from Greenwood this morning, where they have been visiting Mrs. Rhoden's parents.

Take Off the Horns.

The undersigned is now ready with a good portable chute and tools to remove the useless weapons of horned cattle, at ten cents a head. A card or letter addressed to the undersigned at Rock Bluffs, Neb., will be promptly answered. W. S. L. FURLONG.

OFFICIAL FOOD TESTS

The United States and Canadian Governments Analyze the Baking Powders.

Comparative Strength and Purity of the Different Brands Officially Determined.

The public is always responsive to suggestion about the food it eats. Great interest has been taken in the investigations made by the United States and Canadian governments and by the different boards of health to show the purity or impurity of milk, baking powders, spices, and other articles of daily use in the culinary department of our households.

Just now the subject of baking powder is claiming public attention. We all desire pure and wholesome bread and this cannot be had with the use of impure or poisonous baking powder. There can be no longer any question that all the cheaper lower grades of baking powders contain either alum, lime or phosphatic acid.

The officials analyses by the United States and Canadian governments have therefore been studied with interest and have pretty clearly established the facts upon this subject. The United States government report gives the names of eighteen well-known powders, some of them advertised as pure cream of tartar baking powders, that contain alum.

The report shows that the Royal baking powder was found the highest in leavening strength, evolving 1006 cubic inches of gas per single ounce of powder. There were eight other brands of cream of tartar powders tested and their average strength was 111.5 cubic inches of gas per ounce of powder.

The Canadian government investigations were of a still larger number of powders. The Royal baking powder was here also shown the purest and highest in strength, containing 126.32 cubic inches of leavening gas per ounce of powder. Nine other cream of tartar powder ounce or powder were tested, their average strength being reported to be 89 cubic inches of gas per ounce.

These figures are very instructive to practical house-keeper. They indicate that the Royal baking powder goes more than 33 per cent, further in use than the others, or is one-third more economical. Still more important than this, however, they prove this popular article has been brought to the highest degree of purity—for its superlative purity this superiority in strength is due—and consequently that by its use we may be insured the purest and most wholesome food.

The powders of lower strength are found to leave large amounts of inert matters in the food. This fact is emphasized by the report of the Ohio State Food Commissioner, who, while finding the Royal practically pure, found no other powder to contain less than 10 per cent, of inert or foreign matter.

The public interest in this question has likewise caused to be made investigation by our local authorities. Prof. W. S. Haines, of Rush Medical College, consulting chemist of the Chicago Board of Health, has found resulting similar to those reported by the national and Canadian authorities. Dr. Haines says:

RUSH MED. COLLEGE, CHICAGO.

I have recently obtained samples Will you suffer with Dyspepsia and Liver Complaint? Shofar's Vitalizer is guaranteed to cure you.

of the chief baking powders in the market, and have subject them to careful chemical examination to determine their purity, wholesomeness and leavening power. As the results of my test I find the Royal baking powder superior to all the others in every respect. It is entirely free from all adulteration and unwholesome impurity, and in baking it gives off a greater volume of leavening gas than any other powder. It is, therefore, not only the purest, but also the strongest powder with which I am acquainted.

WALTER S. HAINES, M. D., Consulting Chemist, Chicago Board of Health.

The statistics show that there is used in the manufacture of the Royal baking powder more than half of all the cream of tartar consumed in the United States for all purposes. The wonderful sale thus indicated for the Royal baking powder—greater than that of all other baking powders combined—is perhaps even a higher evidence than that already quoted of the superiority of this article, and of its indispensableness to modern cookery.

The platform of a candidate for a judicial office should be the constitution, the law and the solemn oath of office that he takes. That oath of office implies the duty of administering the law truly and impartially between the rich and the poor, between the high and the low, between the poorest and the humblest citizens and the richest and wealthiest corporation.

—Judge A. M. Post in his speech of acceptance.

If we are to cling to the old parties we might as well tear down our school houses, burn our churches and write on the vault of heaven "Satan has triumphed over God" and turn all the imps of hell loose on our country.

—J. W. Edgerton in a speech at Kearney.

Legal Notice.

To George O'Neill and Lillie O'Neill, defendants.
You are hereby notified that on Saturday the 28th day of November, A. D. 1891, at 11 o'clock a. m. as soon thereafter as plaintiff can be heard, it will apply to the district court of Cass county, Nebraska, or to Hon. Samuel M. Chapman, judge of said court for the appointment of a receiver to take possession of the premises to-wit: Lots 1, 2, 3, 4, 5 and 6 in block 2 of O'Neill's addition to Plattsmouth, Cass county, Nebraska, upon the ground that the plaintiff, The Provident Savings, Loan and Building Association, of Omaha, have commenced action in the district court of Cass county, Nebraska, to foreclose a certain mortgage upon said real estate because of default in the payment of the mortgage. It is provided in said mortgage that in the event of any default on the part of the mortgagor to comply fully with the terms and conditions of said note and mortgage, the proper court or judge shall, upon application appoint a receiver to take possession, control and care of said premises and collect the rents thereof and apply the net proceeds of the same after paying all expenses to the payment of the debt secured by said mortgage. And in support of such application, plaintiff will file and read in open court the mortgage and affidavit of James Pettes and Chas. C. Knolly. Plaintiff proposes the name of Th. S. Pollock as receiver with G. H. Farwell and Samuel Wang as his sureties. Plaintiff also offers as his sureties J. M. Patterson and J. M. Roberts.
