THE EIGHT HOUR LAW.

A Claim of \$2,049.50 for Twenty Hours' Labor.

A well known democrat of Lancaster county was recently defeated for the office of county commissioner, and he has now contrived a novel scheme for securing revenge for his defeat. He has submitted a bill for his services as clerk of election for an amount which he alleges due him under the provisions of the new law.

County Clerk Mart Howe, Esq., Lincoln, Neb.: As one of the clerks of the election held at West Lincoln the 3d day of November, 1891, I was employed from 8 o'clock in the morning of the 3d of November to 4 o'clock in the morning of the fourth of November; that is, twenty hours.

According to the eight hour law eight hours are a labor day. Section 3 of the eighth hour law reads as follows: "Any employer or corporation working their employes over the time specified in the act shall pay as extra compensation double the amount per hour as paid for previous hour."

According to this law my account will be: Eight hours at 25 cents per hour, or \$2 per day. The ninth hour, 50 cents. The tenth hour, 1.00. The eleventh hour, 2.00. The twelfth hour, 4.00. The thirteenth hour, 8.00. The fourteenth hour, 16.00. The fifteenth hour, 32.00. The sixteenth hour, 64.00. The seventeenth hour, 128.00. The eighteenth hour, 256.00. The nineteenth hour, 512.00. The twentieth hour, 1,024.00.

Total, \$2,049.50. Respy, F. SCHWEIZER, Postoffice, Woodlawn.

"LINCOLN, Nov. 9, 1891, COUNTY OF LANCASTER: In account with F. Schweizer, Dr. \$2,049.50 to bill attached. I, F. Schweizer, being duly sworn, do depose and say that the above amount is just and correct, and wholly unpaid.

F. SCHWEIZER, Subscribed in my presence, and sworn to before me, this 8th day of November, 1891. M. HOWE, Clerk. W. M. GILLESPIE, Deputy."

An M. P. Special. A special train composed of three elegant coaches and an containing several leading officials of the road made a short stop in the city, as they were passing through on a tour of inspection. They expressed themselves as well pleased with the condition of the new road and its constantly increasing traffic.

The Chicago Tribune in Monday's issue devoted several columns to a description of the beet sugar industry, taking the factory located at Norfolk as an illustration. The article cannot fail to attract attention in all parts of the Union, and as an advertisement for Nebraska it will be a success.

THE DEMOCRACY DIES HARD.

The Sinking Crew Vainly Attempts to Thwart the Will of the People. The democratic organ of this city, chagrined by the defeat of the candidate of its party for county treasurer still cherishes the fond and honorable (?) hope that the man whom the people have chosen as their servant shall be declared ineligible to the office and that the way may eventually be cleared for one whom the people have not chosen.

THE HERALD did not admit that Mr. Eickhoff is not a citizen as the Journal alleges. We stated that we could not state authoritatively in regard to the matter, not having had an opportunity to interview Mr. Eickhoff; but that the record of the courts will settle the matter beyond doubt. We granted all to be true that our contemporary claimed, by way of charity in order that the opposition might have something upon which to base its argument. And then, even, we plainly demonstrated, and the Journal admits, that there is no law, constitutional or statutory that can declare him ineligible.

"Persons of foreign birth who shall have declared their intention to become citizens conformably to the laws of the United States on the subject of naturalization thirty days prior to an election, are electors. In accordance with the above if L. C. Eickhoff may become an elector before first of January, 1892, and then we may say of him that he has the necessary qualification of an incumbent of an elective office inasmuch as he possesses "those of an elector."

The Fair Closes.

The Catholic fair that closed last evening was more successful in point of interest and attendance than any previous attempts of the kind ever made in the city. The hall was amply large, good order was maintained throughout and the evenings were apparently pleasantly spent by all.

A waltz contest was a part of the program last evening in which Chas. Sherman won the gentlemen's prize. Bertha Wise was the successful lady contestant. The former was awarded a fine whisk broom and holder; the latter an elegant lace drape. Perhaps the most exciting contest was that which should determine as to who should rightfully pose as the most popular young lady. In this contest, Katie McCarthy received, 2137. Mary Tighe, 1672 and Georgia Oliver 923 votes. Miss McCarthy having received the greatest number was declared the most popular young lady and accordingly was presented with the plush coat. The society received \$473.20 in the one transaction.

J. D. Graves, a recent graduate of the Dixon (Ill.) School of Penmanship, was in the city this morning exhibiting some very fine specimens of pen work. He departed on the M. P. for Weeping Water, where he will probably form a class.

THE DISTRICT REUNION.

Syracuse citizens are working a sly little game to have the Otoe county seat removed from Nebraska City to Syracuse. There may be lively times yet ere the matter is settled.

D. A. Dickson, of Cedar Rapids, says that his sugar beets yielding him about fifteen tons to the acre. After shipping them to Grand Island, paying the freight etc' they net him a sum of \$45 per acre. Zey L. Royce. It is not often that we have an opportunity of hearing many of the metropolitan attractions. Fortunately for us, we have coming next Thursday the greatest known comedian, Ray L. Royce.

The oat meal mill at Beatrice was destroyed by fire yesterday. The loss is estimated at \$20,000; insurance, \$3,000. Doubtless with the accustomed pluck of her citizens Beatrice will see that the mill is refitted and work resumed. Window glass at Brown & Barrett's.

A LITTLE PREMATURE.

The Great of Democracy Knows no Bounds and Descends to Abuse. In attempting to refute THE HERALD's statement that L. C. Eickhoff is the choice of a large majority of the electors of the county, the Journal of yesterday caps the climax in its absurd and wholly unauthorized attack upon the treasurer-elect and makes assertions so far from the truth and so akin to slander that it places the paper in an unenviable position, to say the least. The article in question charges Mr. Eickhoff with obtaining the nomination and subsequently the election by false pretensions. From misrepresentation he descends to abuse and uses the word "ignorant" freely and charges him with imposing upon the people. The whole article teems with abuse every word of which is absolutely false as Mr. Eickhoff will demonstrate to the satisfaction of his friends and the chagrin and mortification of his would be defamer. The Journal doubtless was led to charge the republican treasurer-elect with non-citizenship because it is a common characteristic of democratic candidates but it will not do to make such charges against a man whose integrity and sense of honor is above question and a man whom the people have called as their servant even after he had assured them that he declined to serve. In view of the fact that Mr. Eickhoff did not seek the nomination. The Journal cannot but see the blunder it makes in making these charges.

THE HERALD takes the liberty to advise the defeated democracy to remain silent henceforth concerning the matter of Mr. Eickhoff eligibility so that after he shall have been properly installed in the office, the drop which the opposition will experience will be the less hard to bear.

An Illinois Opinion.

From a half-column article in the Sterling Standard relating to the recent stop of "Nebraska on Wheels" made in that city we clip the following: "This train reached Sterling via the C. & N. W., enroute home, last Friday morning, arriving at 10:30 a. m. and departing at 1:30 p. m. A large crowd was in waiting for the train, for the Standard had heralded its coming for three weeks, and during the three hours that the train remained here a great throng of people from both city and country threaded their way through this great agricultural show on wheels.

"The exhibit consists of a display, by counties, of the grains, fruits, vegetables, manufactured articles, illustrations of water power, educational structures, and a "housand and one" interesting articles from this great commonwealth in the new west. The growth in the population of the state of 550,000 in ten years is understood and appreciated in the light of this exposition.

"The state of Nebraska made a great hit in sending out this train, and the cost is but 'bread cast upon the waters.' The productions of the state have been thoroughly advertised, and many of the people of six states now have optical proof of the fact that Nebraska can and does raise as good fruit as any state in the Union. Corn that even Illinois cannot excel; wheat and rye that neither the Keystone nor Buckeye states can equal, and 'murrhes' that would make a New Yorker green with envy. In short, the exhibition, taken in its entirety, probably could not be excelled, and in many points could not be equaled by any of the states through which the train passed."

Zey L. Royce.

It is not often that we have an opportunity of hearing many of the metropolitan attractions. Fortunately for us, we have coming next Thursday the greatest known comedian, Ray L. Royce. Mr. Royce is one of the few cultured gentlemen who has gained the top of the professional ladder by clean, honest, refined and artistic work together with untiring energy and a careful consideration to give the public a thoroughly enjoyable performance. The play in which Mr. Royce has scored his greatest success is "Tom's Vacation," which is as its name implies, a light, breezy, medley sketch, full of real genuine fun. In other words, it is a vehicle for the display of Mr. Royce's wonderful versatility and that of his charming company.

CHEATING IN HORSE BLANKETS.

Nearly every pattern of Horse Blanket is imitated in color and style. In most cases the imitation looks just as good as the genuine, but it hasn't the warp threads, and so lacks strength, and while it sells for only a little less than the genuine it isn't worth one-half as much. The fact that Horse Blankets are copied is strong evidence that they are THE STANDARD, and every buyer should see that the trade mark is sewed on the inside of the Blanket.
