## Royal Baking Powder Has no Equal.

The United States Official Report of the Government Baking Powder tests recently made, under authority of Congress, by the Department of Agriculture, Washington, D. C., furnishes the highest authoritative information as to which powder is the best. The Official Report shows the ROYAL superior to all others in leavening power; a cream of tartar powder of highest quality.

### The Canadian Tests:

"The strength of the Royal is shown to be 23 per cent. greater than any other.

"As a result of my investigations I find the Royal Baking Powder far superior to the others. It is pure, contains none but wholesome ingredients, and is of greatest strength.

### Truth and Beauty.

Lehnhoff signed the affidavit and the court's verdict gave it. But as it is not yet pronounced the news is not yet official.

Webb was to last one minute and is sorry he did not get it. The judge said it was a mistake. He says that a man named Eickhoff is strictly to it.

And Sherman, too. With the same good, but, he says that he began the trade 44.30 and slender. Against the expected, quietest man.

### Fremont to the Front.

Fremont held a rousing meeting the other evening to consider how a dozen manufacturing propositions that were the first fruits of the trip of the Nebraska advertising train—Kearney Hub.

THE HERALD congratulates Fremont upon her good fortune, and were our business men as public spirited and alive to their interests as those of Fremont, Plattsmouth would be a formidable competitor for these valuable industrial enterprises. We are a firm believer in the old adage, "The Lord helps those that help themselves," and if Fremont makes the necessary exertion to secure these industries, she should receive the benefits.

### Cases in the District Court.

Seth F. Winch vs. Sarah M. Winch. The plaintiff is a wealthy and retired speculator in Omaha who parted from his wife a good many years ago and who lives in Rhode Island. He brought suit for divorce in this county and got service of summons by publication when his wife appeared to defend and asked for temporary alimony. The court granted \$5,000. The plaintiff now seeks to dismiss his action but the court holds that having elected to make this county the forum for his suit he must stay and fight it out.

The First National Bank of Weeping Water made application for a receiver for the stock of goods of Reed Bros Co. at Weeping Water and was set for trial to Judge Hall, Lincoln, and was submitted to him several weeks ago since which time he had it under advisement and has now denied the application for a receiver. The suit was brought to recover \$6,000.

An honest Swede tells his story in plain but unmistakable language for the benefit of the public. One of my children took a severe cold and got the croup. I gave her a teaspoonful of Chamberlain's Cough Remedy, and in five minutes later I gave her one more. By this time she had to cough up the gathering in the throat. Then she went to sleep and slept good for fifteen minutes. Then she got up and vomited; then she went back to bed and slept good for the remainder of the night. She got the croup the second night and I gave her the same remedy with the same good results. I write this because I thought there might be some one in the same need and not know the true merits of this wonderful medicine. CHARLES A. THOMPSON, Des Moines, Iowa. 50 cent bottle for sale by F.
