A Few Facts.

Read this and govern yourself accordingly: We have as pure a stock of drugs as any in Cass county. Our wall paper and paint stock is the largest in the city. We buy wall paper from the eastern factories in car load lots and feel safe in saying we sell more than any other firm in the county. You wonder why? We can answer that by saying that we buy in large quantities and sell for a very low price. Call and see our line of drugs, paints, oils and wall paper. Yours Respectfully, BROWN & BARRETT.

Kearney is making a bid for a glove factory and proposes to send delegates to Gloversville, N. Y., for the purpose of inducing several of the hundred factories there to locate in that town. There is little doubt that Kearney will succeed, as the signs of the times indicate that the capitalists are becoming interested in the west.

An announcement appeared in this paper last week to the effect that a change in the ownership of THE HERALD was contemplated, and in view of the fact that subsequent developments have altered the original plans materially, we deem it expedient to state that THE HERALD will continue to be issued by its present management. The office, already acknowledged to be the best equipped establishment in the county, will be replenished by the addition of \$200 worth of the latest styles of type and other necessary appliances, which, unquestionably, will render our facilities for doing all kinds of printing work unsurpassed by any office in the county. It is our intention to keep THE HERALD in the front ranks as a local paper, and to the end that our desires may be fully realized, we earnestly and confidently invoke the hearty cooperation of our friends.

We appreciate the ability of Mr. Berge as a newspaper man and it is with regret that the originally contemplated change could not have been consummated. For his gentlemanly demeanor he has made many friends during his week's work in our midst, and whatever vacation he may choose to follow, the best wishes of all will follow him.

COURT MATTERS.

Cases on Trial in the District Court. The day has been consumed trying a case appealed from a decision rendered in the county court. Some time since the county court decided against the claim Judge Sullivan has against the city and the case is being appealed to the district court on a writ of error. It will probably not be disposed of to-day.

Police Court. A motion to dismiss an attachment was argued before Judge Archer to-day in the case Oswald Baer vs. Ira Armstrong. It appears that the defendant has been keeping boarders for the Vancourt Rock Co. and the plaintiff garnished the board bills with a view of collecting a bill to the amount of \$70.49 contracted by defendant for goods purchased the court overruled the motion.

A complaint was made against Claus Speck, proprietor of the Golden Gate saloon, for keeping his place open later than the lawful hour. He pleaded guilty and was fined \$5 and costs amounting to \$40.00. Upon the payment of the amount he was released.

Edward G. Vanatta vs. Plattsmouth Electric Light Co. Suit for \$1,000 damages for alleged breach of contract. Hearing on demurrer to second and fourth defenses to plaintiff's cause of action and on motion to make defendant's third defense more specific, definite and certain. Demurrer and motion sustained.

Painfully Injured. C. A. Stevens, an employee of the shops, met with a painful accident last Saturday evening. He was doing chisel work striking forcibly with heavy hammer and unfortunately just as the hammer was about to land on the chisel he missed his aim and dealt an exceptionally heavy blow upon his left hand, crushing it and rendering it to say the least, very painful. It is probable that he will be laid off for a period of several weeks.

It is unfortunate that Mr. Stevens did not avail himself of the opportunity of taking out accident insurance, a plan recently adopted by the B. & M., thereby, instead of losing his time in this period of misfortune, he would be drawing a fairly good salary.

Obituary. DIED—At the residence of Mark Bartlett, No. 355 Woodside avenue, Chicago, on Nov. 25, Mary A. Johnson, in her fifty-sixth year.

Our readers will remember Mrs. Johnson as an old and highly respected resident of this county, having resided in Salt Creek precinct thirteen years, and for twenty-two years preceding her death she lived in this city, on Winterstein Hill. The deceased had been ailing for some time and was recently sent to Chicago, where she might have the benefit of the best medical treatment to be obtained; but, notwithstanding all the material aid that human power could render was freely given, she had to succumb to the inevitable.

The interment took place at Chadron, Ohio, at the residence of her father. The deceased is a sister of H. Bestor, living near here.

Several teams have been employed a greater portion of the day transferring the heating apparatus from the M. P. depot to the court house.

A. C. O. T. Social.

The last but probably the most enjoyable A. C. O. T. party for the season, was given at the home of Mrs. Kate Oliver, in honor of the twentieth birthday of Miss Marguerite. The club is composed of about a dozen of our most highly respected young ladies and they with a few invited gentleman guests whittled away the hours in a highly satisfactory manner. At a reasonable hour refreshments were served, which our informant says were decidedly "out of sight." Before departing the guests presented Miss Oliver with a handsome silver fruit basket as a token of esteem in which she is held by the members of the club. At a reasonable hour the party disbanded regretting that this was to be the last party for the season, but finding comfort in the fact that the parties would be instituted again next season. The following were present: Mr. and Mrs. Sam Patterson, Mr. and Mrs. Linchenan, Misses Marguerite and Dora Oliver, Mamie and Frankie Styles, May Dutton, Lizzie Miller, Nettie Balance, Ida Boeck, Ella Clark, Nannie Moore, Miss Burke, Bert Wise, Miss McDougal and Messrs Phelps, H. McCand, J. Schultoff, Mathews, Chas. Sherman, Chas. Murphy, Henry Tartsch, Van Burke, Robt. Miller, Geo. Richertson, R. Rauens, Wm. Stadlerman.

State Teachers' Association. We are under obligations to Supt. Noble for the announcement and complete program of the twenty-sixth annual meeting of the Nebraska state teachers' association to be held at Lincoln, December 29, 30 and 31, 1921.

The program is quite lengthy. The subjects, covering nearly every department of educational work, are assigned to some of the foremost educators in the state. We notice that Supt. Noble prepares a paper on "School Supervision," the production to be delivered on the afternoon of December 30. Prof. George Hindley, of Weeping Water, opens the discussion on the subject, "The American College vs. the Old World Higher Educational Institutions."

Every progressive teacher should attend this meeting, as excellent opportunities will be offered to obtain ideas from educators of experience and prominence. Reduced rates will be offered at all the leading hotels and one and one-third fare for the round trip is offered on all railroads.

A Sudden Death. Our readers will doubtless be shocked to hear that Leonard Fornhoff, living on Fifteenth and Main streets, dropped dead last evening. It appears that he had been working all day and was apparently in perfect health. He had been in the room but a few moments when he appeared to recognize that he had but few moments to live and remarked to the members of the family that he would have to bid them good-bye. No sooner had he uttered these words than he expired.

The deceased had been a resident of this city for about fifteen years and was highly respected by all who knew him. He leaves a wife and several children and other relatives, all of whom have the sympathy of our people in their hour of bereavement.

The interment will take place from the German Presbyterian church to-morrow afternoon at 2 o'clock.

Bogus Coin. We notice from several of our exchanges that different parts of this and adjacent states are literally flooded with spurious coins. The coins are principally of fifty and ten cent pieces and from all outside appearances are genuine but by scrutinizing them carefully the difference can be detected. This nefarious work was begun in Kansas City, Mo, but recent developments indicate that it is being carried on extensively in this state. The latest detection of the crime was at Beatrice last Saturday which consummated in the arrest of several parties of whose guilt positive proof can be obtained. Four arrests were also made at Cut-off Island near Omaha the fore part of the week and their conviction is certain.

It has been figured out by secret service officers that not less than \$20,000 of this spurious coin is in circulation in this state. It may be well for our merchants to be on their guard.

Police Court. The attachment case of the Consolidated Coffee Co. vs. Rasmus Peterson was brought up in Judge Archers court to-day. Judgment for \$23 rendered in favor of plaintiff by default. Also a decision in the case National Cracker Co. vs. R. Peterson, for \$28.16 was rendered likewise.

Lloyd Wilson and wife returned last evening from Davenport, Ia, where they have been visiting for several weeks.

DESERVED OFFICIAL RECOGNITION.

The Government Examination of Baking Powders—Royal Officially Reported Pure.

The reports of the Government analysis, as made public from time to time in the official reports, form useful subjects for study. A great deal of attention is devoted to the examination of baking powders, and very properly so, for they are articles of general use, and many of them being so grossly adulterated all possible information should be given to enable consumers to distinguish between the good and the bad.

A large number of these articles have been analyzed, the samples being collected from dealers in all sections. The impurities found were principally alum and lime, both unwholesome. The alum is used in place of cream of tartar because of its low cost. The lime, both tartrate and sulphate being found, was present from the use of improperly refined cream of tartar.

The analysts found and reported the Royal Baking Powder to be pure, free from lime, alum and phosphoric acid, and of high leavening strength. A complete analysis would undoubtedly have shown no baking powder except the Royal entirely free from some one of these objectionable ingredients. This, we presume, accounts for the lack of leavening powder in the other powders, as sometimes complained of by the cook, and the bitter taste found in the biscuits so frequently complained of by ourselves.

The reasons for the chemical purity of the Royal Baking Powder were recently given in the New York Time, in an interesting description of a new method for refining argols, or crude cream of tartar. It seems that it is only under this process that cream of tartar can be freed from the lime natural to it and rendered chemically pure; that the patents and plant for this cost the Royal Baking Powder Company about half a million dollars, and that they maintain exclusive control of the rights.

This official recognition of the purity and value of the Royal Baking Powder by the Government will add to the already wide popularity of that article, and deservedly so.

A Fatal Mistake. Physicians make no more fatal mistake than when they inform patients that nervous heart troubles come from the stomach and are of little consequence. Dr. Franklin Miles, the noted Indiana specialist, has proven the contrary in his new book on "Heart Disease" which may be had free of F. G. Fricke & Co., who guarantee and recommend Dr. Miles' unequalled new Heart Cure, which has the largest sale of any heart remedy in the world. It cures nervous and organic heart disease, short breath, fluttering pain or tenderness in the side, arm or shoulder, irregular pulse, fainting, smothering, dropsy, etc. His Restorative Nervine cures headache, fits, etc.
