

WHY, Royal Baking Powder is Best.

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the United States Government.

"I will go still further and state that because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation,

"the Royal Baking Powder is undoubtedly the Purest and most reliable baking powder offered to the public.

"HENRY A. MOTT, Ph. D."

Late United States Government Chemist.

Board of Trade.

At a meeting of the board of trade last evening it was found impossible to get a quorum. The following were selected however to attend the Beet Sugar convention at Lincoln: Julius Pepperberg, J. W. Johnson, J. M. Patterson, F. E. White and L. D. Bennett.

President Windham will interview the Omaha company to-day relative to the proposition to locate a plow factory here.

Off the Track

As an extra was entering the north end of the B. & M. yards at 5 o'clock this morning, the engine No. 322 experienced a mishap similar to that cronicled a few days since. As it struck the frog the front wheels started up the side track while the hind trucks adhered to the main track. The disturbance resulted in tearing up about seven rods of track and shaking the train men up considerably. It is fortunate that the speed was not great as the results might have been more disastrous.

Police Court.

Ed Ross was arraigned before Judge Archer this morning on a charge of drunkenness, to which he plead guilty. He was assessed the usual \$5 and costs after the payment of which he went on his way rejoicing. Mr. Ross, it will be remembered, some time since served a term of three years in the penitentiary for having engaged in a drunken fight in which a knife figured prominently as a weapon. Since serving his term he has conducted himself much better, and if it were not for an occasional over-indulgence in drink, he would make useful citizen.

The case of Philip Thierolf vs. Rodenbush, suit on attachment was settled by agreement and dismissed.

The case of Mathew Gering vs. J. W. Hawks suit for the recovery of attorney fees was likewise settled and dismissed.

A number of practicing physicians throughout the state are experiencing considerable difficulty in complying with the new law requiring them to present diplomas to the state board of health for examination. Thus far we believe but two physicians of Cass county have been relegated to the rear, and they took their medicine with the complacency of a defeated candidate.

It appears however that a physician in Beatrice was more desperate in his attempt to pass master. His was a new dodge but it proved unable to pass the scrutiny of the skillful board. He secured a diploma from the University of New York under date of 1844 and by the use of acids removed the name of the party to whom it had been lawfully granted, and inserted his own. Great must have been his mortification and chagrin upon having his little game detected.

This law is a step in the right direction and should receive the support of all good people to the end that cranks and quacks, may be relegated to the rear, the rights and safety of our people cared for and the profession protected.

The Aid Society, of the M. E. church, will meet to-morrow afternoon at 2 o'clock, with Mrs. Lela Pine, on Marble street between Fourth and Fifth streets. Sec.

The laws of health are taught in the schools; but not in a way to be of much practical benefit and are never illustrated by living examples which in many cases might easily be done. If some scholars, who had just contracted a cold, was brought before the school, so that all could hear the dry, loud cough and know its significance; see the thin white coating on the tongue and later, as the cold developed, see the profuse watery expectoration and thin watery discharge from the nose, not one of them would ever forget what the first symptoms of a cold were. The scholar should then be given Chamberlain's Cough Remedy free ly, that all might see that even a severe cold could be cured in one or two days or at least greatly mitigated, when properly treated as soon as the first symptoms appear. This remedy is famous for its cures of cough, colds and croup. It is made especially for these disease and is the most prompt and most reliable medicine known for the purpose. 50 cent bottle for sale by F. G. Fricke & Co., druggists.
