

The Plattsmouth Weekly Herald

VOL. XXVII. NO. 40.

PLATTSMOUTH, CASS COUNTY, NEBRASKA, THURSDAY DECEMBER 31, 1891.

\$1.50 A YEAR.

Established Facts:

That the ROYAL BAKING POWDER is the oldest and purest baking powder, and the greatest in leavening strength.

That it is free from every injurious substance.

That it makes lighter, sweeter, more nutritious and healthful food than any other.

The Royal Baking Powder Company refines its own cream of tartar in its own mammoth refinery, and thus insures its unvarying quality.

There is used in the manufacture of the Royal Baking Powder more than half of all the cream of tartar consumed in the United States for all purposes. This is required and must be chemically pure, and chemically pure cream of tartar could not be obtained in the markets of this country or Europe, which necessitated the building of special works, and the employment of special processes.

All other baking powders, when analyzed, show traces of lime and sulphuric acid, which arise from the impurities of the materials bought in the market, which their manufacturers use.

This is why the Royal Baking Powder is the only absolutely pure baking powder made.

Don't Ruffle the Eagle.
Chill, beware!
Our venerable Uncle Sam
Is slow to wrath, but when he starts
Out on the warpath
It takes a continent to hold him
Be careful how you get
His dander up.
'Tis quite a little trip around the Horn
To get in good position for a kick
At you, but if he undertakes the trip,
He'll get there!
And mark you, Chill,
These are a bird—a large, tough, healthy bird—
That has been known to fly
From Washington to Africa
And come back home with both his talons full
Of wool.
It wouldn't take him very long to make
A flying visit anywhere
In South America,
He's harmless if he's left alone, but don't
Throw stones at him
Or poke him with your cane, for then
He's dangerous. This tough old owl still
roosts
Upon the flag-pole's topmost end,
Below him wave the Stars and Stripes.
We call him, Chill,
The American
Eagle. And
You'd better
Not stir
Him
Up.

The End of 1891.

To the young the years speed not fast enough, to the old they are too short. The young employ the closing of one year in ambitious planning for the next, the aged muse over the events of the past and contemplate the mysteries of future. In the lives of some the year has proved a memorable one, while in those of others it is suggestive of no special events. The hopes of one have reached fruition, the aspirations of another have fallen short of success, and thus the last days of December brings alike pleasant and sad memories. Whatever the year 1891 has brought to us, there is a valuable lesson to be learned. If any undertaking upon which we have entered has proven unsuccessful, we can now, on looking back over the ground, see more clearly the cause of our failure. No lesson is so forcibly learned as that born of experience. A past failure oftentimes point to a future success, if we but profit by the lesson. No year is wasted which brings to us a clear realization of our individual worth, and its best employment. The experiences of the old year will make our successes during the new more assured, for we will have learned what shoals to avoid in the sea of life. If our bark have just ground over rocky reefs with but slight injury, let us feel thankful that we were not entirely wrecked. To be successful, the truth has been taught that the best success is that which is born with modesty and a humble exterior. It is a poor success that brings with it an outward self-consciousness of our talents on gifts. The most admired and beloved men and women are those who combine prosperity with modesty. And thus to all the year can be fruitful of good results, if we but extract from our individual experiences only that which will be the most profitable for us to remember. Then we shall be the better prepared to enter upon the new year with wisdom, zeal and energy.

EVERY Cash purchaser to the amount of \$30 entitles the purchaser to a set (6) of Rogers' Solid Nickel Table spoons or a set of Solid Nickel Forks, or a set of Tripple plated Knives, sold by Jewellers at \$4.00.

HERE is what the manufacturer says in regard to Solid Silver Metal goods and Solid Nickel Silverware: "There has been a growing demand for years for a grade of Spoons and Forks to take the place of Solid silver and plate ware. We have experimented for some time to attain this end, and are now able to offer the public our Rogers' Metal and Rogers' Solid Nickel Silver. We guarantee this metal superior to any Nickel Silver manufactured and have the greatest confidence in assuring our customers that this ware is inferior to service only to solid silver. It is a beautiful white color, is highly polished and can hardly be distinguished from pure silver. We recommend this ware especially for hotels, restaurants and boarding houses, as it will stand more hard usage than any other metal; is very tough and hard; will hold its color and will outwear any plateware ever manufactured." All our customers know Rogers' ware by reputation. This firm have manufactured plated ware since 1863, and their name is never put on goods that are not of a high grade, so our customer can rest assured that they are getting some very desirable goods when they get goods under their brand. Come in early and secure a share of these goods before it is too late.
