A crowd of young people formed for the dancing party last evening, and it was a very pleasant time.

Pennsboro [W. Va.] Beacon Light. Grit. Vim. Soap. Push. Energy. Schools. Morality. Harmony. Cordiality. Advertising. Talk about it. Write about it. Speak well of it. Help to improve it. An editor out west wrote a ball room puff for a young lady, saying: "Her dainty feet were incased in shoes that might have been taken for fairy boots." But the blundering compositor made it read: "Her dirty feet were incased in shoes that might have been taken for ferry boats." He will return home if that young lady moves to some other state.—Delmar (Ia.) Journal.

One of the greatest errors of the human race is looking at labor as a curse. It is one of the blessings for which men and women cannot be too thankful. Activity of some kind is the law of growth and of being, and if it is not exercised in the law of production it is very apt to be turned to destruction. No boy or girl brought up in idleness can be kept out of mischief. The surplus vitality must be worked off on something. Rightly directed, every child enjoys useful work and is the better for it, at the time and for the reason that work, well done in a small way, is a preparation for work well done in a large way, as the cares of mature life come on.—Ex.

The Duke of Clarence and Avondale died at 9:15 a. m. yesterday. The duke was heir presumptive to the British throne and was in his twenty-eighth year. Cardinal Manning, who was at the head of the Roman Catholic church in England, died at 8 o'clock yesterday morning. Both Cardinals Manning and Simeoni lived to a ripe old age. Cardinal Serafino Vamucelli, papal secretary of memorials, will succeed Cardinal Simeoni.

Taken to the Asylum

Monday afternoon Sheriff Tighe took under his care, Jennie, wife of E. S. Gilbert of this city, who had been adjudged by the proper authorities to be insane. The M. P. train conveyed them to Lincoln where the sheriff deposited the lady at the asylum. It is a very distressing case, four children—two boys and two girls—being left without their natural protector. The mother's last pleading words before she left the station, was for the writer to take her home to her children, but that was impossible. The powers that be, who are supposed to have examined thoroughly into her mental condition, had adjudged her to be a proper candidate for the state to care for. Doubts have been expressed by many as to her real condition. Her actions have been very strange of late for a sane woman, and perhaps it is best for her and her family that she be removed for a while from them, in the hopes that good will result to all.—Weeping Water Eagle.

Bird Critchfield is in Elmwood to-day.

The case of Ellenbaum vs. Billstein has been continued until the 20th.

District court is in session to-day. The Petersen cases will be disposed of to-day and to-morrow, after which court will adjourn until the regular March term.

Judge Ramsey yesterday issued a license to wed to Benjamin F. Jaquette of this city and Miss Olive Varco Fisher of Nemaha county. To-day he issued a license to George Brunholber and Miss Mary Leutchens, both of this city.

To-morrow, at 10 o'clock a. m., the county court will consider claims against the estate of John G. Roberts, deceased. This is the case where the deceased left a will bequeathing a large amount of life insurance to a Miss Sadie Taylor of Iowa, and sought to disinherit his wife.

The merchant in Nebraska who follows the old and foolish custom of discontinuing his advertising with the advent of the new year, makes a serious mistake. There is plenty of money and collateral in the country for a good winter and spring business and the merchant who keeps his name before the people will reap the benefits.—Kearney Hub.

In stating the standing of the county officials, politically, the Weeping Water Eagle says, the commissioners stands, Tritsch, republican, Loder, independent, and Dutton democrat. The fact is the board stands Loder and Tritsch democrats and Dutton republican, although Commissioner Loder says THE HERALD can inform the Eagle that he is strictly alliance independent is not strong enough for Mr. Loder.

The Missouri Pacific bridge over the Platte is to be completed within sixty days and will be 120 feet over the B. & M. The Missouri Pacific will go into the Omaha Union depot over the Union Pacific tracks from Gilmore. As soon as the bridge is done and the cut off completed, the distance between Omaha and St. Louis will be reduced forty-eight miles, two fast trains each way will be run every day. One of the trains now run will be made a limited and the other a local, while the third will be a limited. These trains will have all modern conveniences and will be models of elegance. The present train only average twenty miles per hour, but the new ones will make forty miles. The new trains will not be put on until the road bed is thoroughly settled and numerous other improvements are made.

The Young Ladies Prove Their Ability as Leap Year Entertainers—A Pleasant Time Had by Those Present.

The young ladies of the O. D. C. gave the first leap year party of the season last night at Rockwood hall, and to say that it was a success would be stating it very mildly. The grand march started at 9 o'clock, with forty-seven couple. The floor was in first-class shape and the music fine.

The young ladies furnished hacks for the conveyance of their company to the hall. The party will be remembered by those present as the most enjoyable one this winter.

When it comes to giving an enjoyable and highly entertaining party, the young ladies are the ones that can do it. THE HERALD makes special mention of some of the costumes worn, but could not obtain all of them. The music was furnished by the celebrated Italian orchestra of Omaha.

A Broken Leg.

Yesterday afternoon while Willie Baird, son of Rev. Baird, was coasting on Rock street in company with several other boys, he met with a serious accident. In the way down the hill he ran off the track and fell down an embankment about five feet, breaking his right leg just above the knee joint. Drs. Livingston and Cummings were called and set his leg. He is getting along as well as could be expected and is resting easy.

Closs of the Reunion.

Thursday was the last day of the Nebraska soldiers' reunion held at Nebraska City. A business meeting was held at 9 o'clock, but aside from appointing a few committees and preparing for the next meeting there was very little done.

A motion was introduced authorizing the appointment of a committee of three to prepare a history of the association, to be read before the members at their next meeting, prepared by the association.

J. Q. Goss, of Bellevue, was made chairman of the committee. The other members are H. C. McMaken, of this city, and Geo. C. Hall, of Lincoln. Chairman Goss was made historian of the association and will prepare short sketches of the lives of all the members of the association.

The veterans then marched to the institute for the blind, where they were entertained for a short time.

From reports from those present, the reunion was a success and a pleasant time was enjoyed by those present.
