ANOTHER FATAL ACCIDENT.

Engineer Lou Pennington Killed and Fireman Al Perrine Slightly Injured.

No. 23, a freight train running between Omaha and Lincoln, pulled by engine No. 174, in charge of Engineer Pennington and Fireman Perrine, was wrecked near the Fremont, Elkhorn & Missouri Valley crossing, this side of Lincoln, at about 2 o'clock this morning.

A broken rail was the cause of the accident. The train was running about ten or twelve miles an hour, and when it struck the rail it threw the engine and several cars off the track.

Engineer Pennington was found under the engine, and it is supposed that he was killed instantly. Fireman Perrine escaped with only slight injuries.

The deceased was well known in this city, having lived here for a number of years. He leaves a wife and one child.

World's Fair Notes.

The national association of woolen manufacturers has decided to make a united exhibit at the fair.

Japan has appropriated \$630,765 for its representation at the exposition. A splendid Japanese exhibit is assured.

Nearly \$1,100,000 of insurance is now carried on the exposition buildings and electric plant. The amount will be increased from time to time as the construction proceeds.

On the three evenings during the exercises dedicatory of the exposition buildings, October 11, 12 and 13, fireworks to the value of \$25,000 will be displayed. The contract has already been let.

Chew Yu Ling, representing commercial parties in China, has arranged to conduct a tea pavilion on Midway Plaisance, has applied for 1,000 square feet of space in the manufactures building in which to exhibit Chinese silks, embroideries, etc.

Visitors to the exposition can, if they choose, drink Waukesha water on the fair grounds at one cent a glass. A company owning one of the principal springs at Waukesha has been awarded the contract for furnishing the water, which will be piped from that place to Chicago, about 100 miles, and be served at 300 places on the fair grounds. Plenty of Lake Michigan water will be obtainable free, of course.

The Wisconsin world's fair board has issued a circular to the farmers of Wisconsin asking them to exhibit the very best products of their farms at the county fairs and state fair of this year, as the exhibit for the world's fair will be selected to a large extent from the cereals and other farm products which are awarded premiums at those fairs.

Water for the exposition grounds will be supplied from two pumping stations having a combined capacity of 74,000,000 gallons a day. The largest of the two has a capacity of 40,000,000 and constitutes the exhibit of the Worthington pump company which puts in the entire plant, costing \$250,000, free of expense to the exposition.

A project has been inaugurated to have an international rifle shoot at Chicago at some time while the exposition is in progress. It is proposed that picked teams from the U. S. army and national guard compete with teams from other nations.

The world's fair board for Kansas is promoting a plan whereby it is expected that the expense of erecting the exposition building for that state will be borne by school pupils. The proposition is to have all of the schools in the state observe a "World's Fair Day," by holding an entertainment with music, recitations, tableaux, etc., to which a small entrance fee will be charged. The proceeds are expected to be sufficient to pay for the state building. Over the main entrance of the structure it is proposed to have the words: "Erected by the School Children of Kansas."

L. L. A. Debating Club.

Patrick Henry Club, L. L. A., held their regular semi-monthly meeting at the home of Gerald Drew last evening. After transacting such business as came before the club, a short literary program was carried out. The debate, "Resolved, that the government should own the telegraph system," brought out some strong arguments on both sides. Tom Chapman argued in the affirmative and Sam Escher in the negative. The judges decided in favor of the affirmative. Joseph Knotts read a well prepared essay and Morgan Brown favored the club with some select reading. Hilt Wescott executed several instrumental solos to an appreciative audience. The next meeting of the club will be held at the home of Tom Chapman.

"Below Zero."

Rentfrow's musical comedy company in "Below Zero" opened at Memphis last night to a good house. The play is a ridiculous conglomeration of funny business, musical specialties and dancing. There is more funny business than anything else and some of it is very funny. The music, especially that of the graduated glasses and Miss Della Jackson is good. Mr. Coleman is funny and there are at least two boxes of fun in Brown's cafe.—Memphis (Tenn.) Avalanche. At the Waterman opera house Saturday, February 6.
