BAD SKIN ERUPTION

Many Years. All Manner of Medicines and Doctors Fall. Cured in One Month by Cuticura.

In 1885 I had an eruption come out on my skin, and while at first it did not amount to much, it grew to be very aggrevating and at times unbear-able. The skin would get hard, inflamed, and peel able. The skin would get hard, inflamed, and peel off, leaving an entire new akin, acting same way for weeks at a time, always worse at nights. Mave tried all manner of medicines and had doctors prescribe to no effect. I bought a box of CUTICURA REMOTHER and used CUTICURA REMOTHER and of CUTICURA REMOTHER and of the standard had not been a most aggrevating skin disease, and now I am enjoying case and comfort. I have had untold benefits. Anyone trying CUTICURA REMOTES cannot help but derive benefit. Anyone writing me will receive an answer and my advice to give your REMEDIES a trial.

World's Fair Notes.

The main world fair buildings, exclusive of what will be necessary for their roofs and for their interior finishing, require 250,000 panes of glass and about 250 tons of paint. An expenditure of almost \$500,000 is necessary for these items. The great manufactures building requires 50 tons of paint and 30,000 panes of glass of 26 different sizes, the average size being 27x44 inches. In the transpartation building will be 112 circular sashes, 12 feet in diameter each containing 37 lights; and 68 semi-circurlar sashes, 22 feet in ciameter, having 60 lights each.

In the electricity building there will be 40,000 panes of glass. or more than in any other exposition structure. This building will be especially conspicuous at night as, owing to its extensive glass surface the brilliancy of its electrical exhibit will be strikingly visible from the outside.

The administrator building re quires only 4,500 lights of glass, yet it will present finer artistic effects in glazing than will any other structure. The climax of ornamental glazing will be seen in a great ceiling sash in the mammoth dome, 300 feet above the floor of the communa This will have 150 lights a different sizes and of beaua contrasted colors.

tt. Bridges Wrenked by feei NT, Neb., Feb.28.-The ice the Patte river is breaking up a usual destruction to midges. Three spans of the wagon bridge at this place have gone out and communication with Saunders county will be cut off for a few days. The bridge at North Bend has likewise been damaged so that no crossings can be made. Saunders county farmers who were in Fremont when the bridge went out drove to North Bend to cross there only to find that bridge gone also. They then returned to Fremont and shipped their teams and wagons to Cedar Bluffs, on the Elkhorn road, thence driving home.

Mixed his Liquors

H. A. Dugay, the good natured conductor on the Omaha Southern relates an amusing incident that came near proving serious at his home in Plattsmouth Tuesday evening. The two cans in which he keeps kerosene und gasoline are alike in their appearance, and the man who engineers the oil wagon reversed the operation and filled the kerosene can with gasoline. In the evening our triend Dugay proceded to fill the parlor lamp from the oil can, unintentionally using gasoline for a change. He discovered the mistake soon after lighting the lamp and was not long whistling for "down brakes." Luckily he succeeded in getting the flames extinguished, and the only damage was a broken lamp, a few burned fingers and a left handed blessing for the oil wagon.-Union Ledger.

Bitten by a Wolf.

FredClugey is carrying his left arm in a sling as the result of the vicious nature of one of his pets. Fred has a great liking for curiosities and in his collection has a pair of wolves. On Thursday morning he was fastening a collar on one of them when it seized him by the arm and it required the assistance of his wife with a club to make the animal release him. His arm was badly lacerated and Fred will not feel disposed to lavish his affections upon the little pet for some time. He came to town Thursday and Dr. Wallace dressed his wounds.-Union Ledger.

Phil Spencer, well known in this city, but now of Colorado, received notice through his agent, James Matthews, of this city, that he had been granted a pension of \$12 per month. Mr. Mathews is building up a good pension business, by the courteous manner applicants are treated at his hands, and a man does not have to wait a life time for his pension by placing the matter! in Mr. Mathews hands.

The proprietor of the Greenwood corn cob pipe factory has offered to remove his plant to York if he can sell some stock so as to increase his working capital. What's the matter of the board of trade looking after this proposition; there is no use of a manufacturing plant moving out of the county, if the proprietor has to move, why not move to Plattsmouth?

The young men around town are having a good laugh at the expense of one of their associates. A certain young man, no names metioned left last evening on the flyer for Pacific Junction for the purpose of meeting a lady friend expecting to catch the K. C. train and come back. But his anticipations were greater than his realizations. The flyer met the K. C, on the side track between here and Pacific Junction and he was carried on to the Junction. The young man had to wait in Pacific Junction two or three long and weary hours for No. 3 which was late. He finally arrived in Plattsmouth only to find another fellow had gone to church with his girl.

not "in it" in comparison with the "All Nation's" leap year party which occurred at the Safford mansion on Wintersteen hill last even ing in honor of Miss Margaret Safford. The different nations were well represented, some of the make-ups being equal to the genuine article. The English dudedoncher know-was there in the person of George Smith, and George done great credit to very that elegant personge. Morris Crismann represented the typical Dutchman, even to the wooden "goloshes." The "hay seed" was not forgotten, Bart Kirk ham appearing in that role, and Burt made a good farmer. Will Smith represented Africa in good style, his make-up being excellent. But space will not allows us to enumerate them all, suffice to say that they were all good, even the girls appearing in elegant costume. The evening was passed in amusements usual to such occasions. Refreshments of a very high order were served at midnight. We don't March 7. know the exact hour the guests departed, but Officer McGuire informs us that a large crowd of-but he was unable to describe them, marched up Main street about 3 o'clock this morning. But of course it wasn't them. All in all, it was the most pleasant, and the most novel, entertainment of the season.

THE LEAP YEAR BALL.

The Most Fashionable One This Season-A Big Crowd Present.

The leap year ball given by the young ladies of St. Agness Guild proved to be the most fashionable one this season. The ball they gave last night was far and away the gayest and finest ever given in Rockwood Hall. The gentlemen were for the most part in full dress. A decided freshness was given to the room by a number of girls in smiles and white dresses and all were as crisp and beguiling as could be; of other gowns worn they were of a degree of effectiveness and freshness that served to brighten the faces of the wearer and the walls and floor of Rockwood Hall.

The grand march was started at license to wed to John H. Spangler 8:36 and was led by Robt Crozier and Miss Tressa Hempel.
