

KEARNEY'S TEAM SAFE.

The State League Only Played One Game Yesterday.

MATILDA IN THE LAWS CLUTCH.

She Was Arrested To-Day Charged With Running a Place of Prostitution.—After the Postoffice Robbers.—News of Interest.

The following dispatch from Kearney is taken from the Bee: "S. C. Comin, secretary of the state base ball league, was in Kearney last evening and addressed a meeting of base ball enthusiasts at the Midway hotel. He briefly stated the rules and regulations governing the league and the expense attending running a team for the season. A soliciting committee, consisting of E. E. Dodson, W. S. Clarke, Howard Bailey, Charles Scott and Frank Harrington, was chosen and another meeting will be called this evening to report what progress has been made. The opinion seems quite general here to-day that enough funds can be easily raised to cover all expense and guarantee all obligations.

State League.

The only game played in the state league yesterday was played at Beatrice, between Beatrice and Hastings. Beatrice defeated yesterday by all around playing and also by the aid of a combination of errors made by the visitors. The grounds were muddy and the air chilly, but the attendance was good. The features of the game were Gatewood's catch of a hard fly and a double play by Taylor and Gatewood. The score:

Beatrice..... 10 10 4 3 1 0-10
Hastings..... 2 10 2 0 0 0-3
Runs scored—Beatrice 7, Hastings 2.
Two base hits—Chiles, Holohan 2, Jones.
Sacrifice hit—Howe.
Bases stolen—Beatrice 2.
Double play—Gatewood to Taylor.
Bases on balls—Single 1, Packard 3, Johnson 1.
Struck out—Single 10, Packard 7, Johnson 3.
Passed balls—Jones 4, McFarland 2.
Umpire—Fulmer.

Standing of the Clubs.

Club	Played	Won	Lost	Per Ct.
Beatrice	4	4	0	100
Fremont	3	2	1	.67
Hastings	6	3	3	.50
Plattsmouth	5	2	3	.40
Lincoln	4	1	3	.25
Grand Island	4	1	3	.25

The Tent Pulled.

Matilda Rose lives in a tent, about 8 by 10 feet, down near the bridge. Complaints have frequently been made that she was of a rather loose character; that people who live near by have seen men going there at all times of the day and night. To-day complaint was made and she was arrested and brought before Judge Archer and had a preliminary hearing. The trial was set for 9 o'clock to-morrow morning. In default of the necessary bail she now languishes in jail.

Have They Got Him?

Postmaster Streight received a letter last night from the postmaster at Omaha, notifying him that a man had been arrested in Omaha, whose description corresponded with the postoffice robbers. Officer Patrick went to Omaha on the nine o'clock train to identify him if possible, and bring him here if he was the right man. Johnny telegraphed Chief of Police Fry to come to Omaha on the 2 o'clock freight. When they have got their man or not remains to be seen.

Sons of Veterans Inspected.

Division Inspector Reeves, of Omaha, inspected the H. E. Palmer camp, Sons of Veterans', last night and from reports the camp will pass a good examination, and will stand above the average throughout the state. The camp is now in a flourishing condition and under the guidance of E. B. Burris you may expect to still hear better reports.

The May Festival at Lincoln.

Campanini, who has sung all over the world with Patti and Nilsson, on equal terms with these great singers, will sing three evenings at the May festival. Mrs. Lawson, familiarly known as a soprano soloist in this country and in Europe, and Mrs. Fiske and Mr. Holmes, contralto and baritone, will scarcely fall below the great tenor in fame and power of pleasing. Besides this great quartette of singers the chorus of adults and misses will be stronger than ever. To give more scope for this great talent the festival will be held at the Lansing theatre and a round trip railroad rate of one and one-third fare has been secured from Nebraska points. All this will give lovers of music in all parts of the state an opportunity to hear the best music there is heard in Nebraska the year around. At the Lansing, May 16, 17 and 18. No extra price for seats; on sale May 9.—Lincoln Journal.

LADY MEMBERS OF THE BOARD.

Four From Omaha, Two From Lincoln and Nine to the State at Large.

Commissioner-General Garneau decided to appoint fifteen members of the woman's auxiliary board to the Nebraska Columbian commission, appointing four to Omaha, two to Lincoln and nine to the state at large. He settled upon the following for members: Mrs. J. S. Briggs, Mrs. M. Allan Back, Mrs. A. Patterson and Mrs. E. A. Eaton of Omaha, Mrs. J. H. Smith and Miss Elizabeth W. Erwin of Lincoln, Mrs. C. H. Van Wyck of Wyoming, Mrs. E. C. Langworthy of Seward, Mrs. C. B. Wells of Matson, Mrs. E. A. Stewart of Blair, Mrs. Alice D. Hume of Harvard, Mrs. J. H. Lynch of Hebron, Mrs. Juan Boyle of Kearney, Mrs. W. H. McDonald of North Platte, Miss Antoinette Wortham of Pawnee City.

Mr. Garneau has designated Mrs. Briggs as president of the board and Mrs. Van Wyck as chairman of the executive committee. The board has been called to meet at the Millard hotel in Omaha at 2 p. m. on May 24 to choose its secretary and committees and outline a plan of work. The president, the secretary and the chairman of the executive committee will be allowed \$3 per day and hotel expenses while in active service. The other members of the board will receive \$2 and hotel expenses.

To Suspend Freight.

The Chicago Burlington & Quincy railroad has just completed the schedules and arrangements for its special through train service, between Chicago and Denver, during the triennial conclave of Knights Templar, which will be held in Denver August 9, 10, 11 and 12. It promises to surpass not only anything that has previously been attempted by the C. B. & Q., but any effort made by any other western road, which has its terminal in Chicago. Every detail of the complex system which it has undertaken is completed. Thirty solid special trains loaded with Knights and their families from the eastern states, will leave the union depot in addition to the regular Denver trains, between noon of August 6 and the noon of the following day.

The entire traffic of the Omaha and Kansas City divisions will be subordinate to the special flyers, and during August 6 and 7, when the grand exodus for Denver is being made, all east bound fast merchandise, together with the grain and live stock traffic, will be side tracked at division points. The trains will be run in platoons, with sufficient time allowance between each group to provide for any unlooked for emergencies. Special relay engines will be awaiting at division points to lend assistance if required. The entire journey of 1,026 miles will be made in from twenty-nine to thirty hours, according to the divisions over which the specials will run.

The railroad has arranged to make Chicago the pivotal point of the journey, both going and returning, and all the bodies from the east will be given an opportunity to visit the world's fair grounds and other places of interest. The great feature of the undertaking will be that there will be no mixed trains. Each delegation of Knights will travel in its own special, and will return by it after the conclave is at an end.

Miss Frohman in "The Witch." Manager Young of the opera house is making a splendid valedictory for the season of 1892, and deserves the thanks of the theatre going public for the sterling attraction he has received for Tuesday, May 17. No play like "The Witch" has ever been in Plattsmouth. It stands unique among the plays of the century, possessing the virtues of a marked novelty in its absolute departure from the conventional methods of the stage. "The Witch" is not a farce comedy, nor a melodrama, nor yet a burlesque. It is first and last a legitimate production. It is totally unlike any other play, save in that it deals with human passion and human suffering. With a historic background of the witchcraft superstition in New England, it tells the story of a young girl, innocent as Eve, guileless as a child and beautiful as an angel, who is being persecuted as a witch. It reproduces as a living reality the scenes on the old Salem street, the Public Pillary, the Ducking of the Scold, the Trial for witchcraft, and other stirring events of that eventful time.

THE UNION PRINTERS' HOME.

The Only Institution of the Kind in the World Will be Dedicated To-morrow.

The Child-Drexel Home for Union Printers at Colorado Springs, the only institution of the kind in the world, will be formally dedicated to-morrow, the sixty-third birthday of George W. Childs, of the Philadelphia Ledger. There will be present Messrs. Childs and Drexel and about two hundred members of the editorial association, who will stop over there on their way to California. The program of exercises will include addresses of welcome by Governor Routt, on behalf of the state; Mayor Sprague, on behalf of Colorado Springs, and H. G. Hunt, on behalf of the chamber of commerce. Response by W. B. Prescott, president of the International Typographical union; history of the Childs-Drexel Home, August Donath, of Washington; oration, Senator J. H. Gallinger, of New Hampshire, and remarks by W. S. Capellar, president of the National Editorial association.

Gifts of \$5,000 each from Messrs. Childs and Drexel in 1886 were the nucleus of the fund with which the home was built, and the ground—eighty acres—was donated by F. F. Martin and A. A. McGivney, of Colorado Springs, the only condition being a guarantee that a building costing not less than \$30,000 should be erected on it. The building actually erected has cost about \$80,000.

The building is four stories in height, with basement. It has a frontage of 144 feet, by a depth of 44, with a wing in the rear of the north end 40 by 70 feet. At one end there is a round tower and at the other a square one, and there is another over the main entrance. There are porches around each end of the tower on the first and second stories. The main entrance is reached by a broad stairway, with a massive balustrade on each side. Some of the rooms on the first and second floors will be magnificently fitted up, notably the Childs and Drexel parlors, the San Francisco, Denver, St. Louis and Inter Ocean rooms. In the round tower room, mounted upon a carved oak pedestal, will be a splendid telescope of 180 diameters, which the union has purchased.
