

CITY FATHERS' DOINGS.

The City Council Held a Windy Session Last Night.

THE MAYOR FAILED TO APPOINT.

The County Clerks of the State Meet in Lincoln and Organize --Doings of the District Court--Other News.

The city council met last night at the council chamber, with all the members present. The minutes of the last meeting were read and approved.

A petition was read from the property owners on Pearl street west of Seventh, asking that sidewalk be laid. Prayer of petition was granted.

A petition asking that a culvert be put in at the intersection of Short avenue and Cass street was granted.

A petition, asking the council to repair cut-off street between Sixth and Seventh streets and that the railroad grade be approached, was read. Petition was referred to the committee on streets, alleys and bridges.

Several different proposals were read from property owners regarding the opening of South Ninth street. The property owners agreed to leave the matter of damages to a committee of three—one to be appointed by the council, one by the property owners, and the third by the two already appointed, and that the property owners would abide by their decision. The proposals were accepted and placed on file.

D. C. Morgan was confirmed as secretary of the fire department.

Sealed bids were opened from J. C. Cummins & Son, F. M. Richey and H. C. Waterman & Son, relative to furnishing lumber to the city for the ensuing year. The bids were referred to the committee on streets, alleys and bridges with power to sign contract with lowest bidder.

The fire warden reported several buildings unsafe and also condemned a number of chimneys. He also reported that several hydrants were in such a condition that it would be impossible to get to them in case of fire. The report on the hydrants was referred to the fire and water committee.

The finance committee made an appropriation of \$25 for the purpose of repairing the cemetery for decoration day.

A motion was made and carried that the mayor appoint a committee of three, including the city attorney, to confer with Haubens & Shelton and Mr. Boeck with a view in settling the matter, and that the committee make a report at the next meeting. The committee stands: Lake, Murphy and Steinkner.

County Clerks in Session.

The call for a meeting of the county clerks of the state drew about thirty-five members of the elect together yesterday to discuss matters in connection with their offices.

The meeting organized at 3 p. m. with O. M. Taggart of Otoe county, in the chair, and John Maher of Dawes as secretary.

F. J. Sackett, of Douglas was asked

by the chair to state the object of the meeting and said that it was a wise move, he thought, to meet and become acquainted with each other thus establishing closer relations that they might work in common for legislation which their common experience taught them was needed not only for the county clerks but for the public. He pointed out the defects of the present law regarding fees, salaries and expenses of county clerks, showing that in many counties, especially in those having register of deeds, the receipts were not sufficient to meet their running expenses. He didn't believe that the people desired their clerks to receive anything less than reasonable salaries, and certainly clerks were entitled to know just how much salary they may expect. The speaker took occasion to criticize the prevailing method of assessment, placing the value of the property of the state at about one-tenth its real value, damaging the state a great deal in its credit among eastern capitalists. A number of other defects in present laws were pointed out.

A motion then prevailed favoring a permanent organization and in pursuance thereof the chair appointed this committee: Clerks E. P. McCullom of Butler, F. J. Sackett of Douglas, Frank Dickson of Cass and W. G. Bradley of Nuckolls to prepare a constitution and by-laws and a list of permanent officers to submit when the clerks again assembled at 10:30 a. m. to-day.
