THE EAGLE DID SCREAM.

Pataiotic Citizens Properly Observe The Day.

THE PROGRAMME AS EXECUTED

Races, Ball Games, Speech Making and Amusements of Every Description Constituted The Days Proceedings --Notes

The nation's birthday was appropriately observed by the citizens of Cass county yesterday. The principal celebration, however, was held in this city. The town was crowded with patriotic people, and from early morning until late in the evening throngs of people were coming and going to the grounds. The day passed with only two or three slight accidents and there was nothing occurred to disturb the proceedings of the day. Every train brought in large crowds of people, and with the large attendance from the country Plattsmouth had the largest crowd of the county.

At 10:30 the whole populace went out to the ground. The forenoon program was commenced by singing the doxology. Rev. H. B. Burgess offered a fervent prayer which was followed by "America," being sang by the choir. J. L. Root then made a few remarks appropriate for the occasion. The choir then sang the "Star Spangled Banner."

Hon. E. M. Bartlett was then introduced and made a short but to the point talk that was attentively listened to by a vast concourse of people. After another selection by the choir an adjornment was taken for dinner and a regular old fashioned basket dinner was indulged in.

After dinner the program was continued and the following were the winners:

Putting the shot, Geo. Wainscott won first prize, $2 and Sam Patterson the second prize, $1.

Tug of war between the farmers and the fire department was won by the farmers.

In the hurdle race Ves Green won first prize, $2 and Ed Todd secured $1.

The sack race was won by J. H. O'Neal, first prize fine hat and Ed Grace winning a sack of flour as second.

The fast mule race was won by C Tidd, first prize a set of single harness. The slow mule race was won by Guy McMaken, first prize $5 worth of hardware and Will Thrasher second, winning a lap robe.

The 300 yard foot race was won by Ves Green. The prize was a gold watch.

The 100 yard foot race was won by Ves Green and Sam Patterson. First prize a suit of clothes, second prize a sack of flour.

The greased pig was then turned loose and captured by Sam Lenderseu.

Wallace Thrasher won the prize for climbing the greased pole.

The crowd then adjourned to the ball park and witnessed the game between Plattsmouth and Council Bluffs.

In the evening the largest and best display of fire works ever witnessed in Cass county was exhibited on High school hill, and it lasted two hours and a half. Besides this there were numerous private exhibits, while all over the city the noise made by the cracker was so great that a person could hardly hear one speak.

At Weeping Water.

The citizens of Weeping Water also held a rousing celebration. Judge J. A. Mulcombe of Omaha was the principal speaker. The Avoca band furnished the music. In the afternoon a fine program was carried out. From reports the crowd at Weeping Water was the largest seen there for a long time.

At Rock Bluffs.

Rock Bluffs drew a large crowd yesterday at their barbecue. A good time was had by all. County Attorney Travis delivered the oration.

At Murray

Everything passed off quietly at Murray, and, although the crowd was not as large as expected, all enjoyed themselves.

Last Saturday evening while R. W. Hyers was driving about the city someone threw a large firecracker under his horse, causing it to run away, throwing Mr. Hyers out and breaking his leg. The buggy was badly demolished.

DIED AWAY FROM HOME.

The Sudden Death of a Prominent Cass County Man.

DEATH CAUSED BY HEART FAILURE

Hon. W. B. Shryock Died Saturday at the Murray Hotel, Omaha --Died in the Prime of Life.

The startling intelligence was brought to this city Saturday that Hon. W. B. Shryock was dead. He went to Omaha Friday to look on at the convention and when he went to bed Friday night at the Murray, he complained of not feeling well and sent the bell boy out after quinine.

Saturday morning the chamber maid went to his room to make the bed but found the door locked and went away, thinking very little about the occurrence. She went to the room again about five o'clock and it was still locked, then she gave the alarm at the office. A boy was put over the transom and the door unlocked. Laying in the bed with one arm under the cover and the other under his head was the dead body or W. B. Shyrock.

The corner was immediately notified and took charge of the body. Sunday a post mortem examination was held and the doctors say that he came to his death from the effects of heart failure.

W. B. Shryock was born in Winchester, Virginia, September 7, 1851, and spent his boyhood days in Baltimore. He came to Plattsmouth in 1864 with his parents, where they resided for twenty years and then moved to Louisville in 1885. He completed his education in the Plattsmouth schools. He served an apprenticeship of seven years on the Plattsmouth HERALD, after which he went to Leadville, Colorado, and held several responsible positions in the Union there. Afterwards he came back to Plattsmouth and was deputy county treasurer under J. M. Patterson from 1876 to 1878 and again from 1880 to 1882. In 1882 he was married to Miss Irwin. The deceased was elected to the legislature two years ago. A wife and two children are left behind to mourn his loss. The funeral occurred at 11 o'clock this morning at Louisville under the auspices of the Masonic order of which he was an honored member.

International Boat Racing.

It is possible that there will be an international rowing match arranged before the close of the rowing season of 1892. For some time past an informal correspondence has been carried on between the president of the Oxford University Boatclub and the rowing men of both Harvard and Yale colleges in the United States. The medium of communication was Mr. Chase Mellin, an old Brasenose oar, who is at present residing in the states. The idea was to bring Oxford against the winners of the Harvard-Yale match. Harvard has always expressed a willingness to ratify an international match if such a thing was possible, and the only hitches likely to occur were the locale and the time. In an interview with R. C. Lehmann, the coach of the Oxford crew, that gentleman says:

"The Oxford University Boatclub is very anxious to arrange a match with the winner of the Yale-Harvard match this year. Informal communications have, I believe, come from the other side of the Atlantic, and have been answered by Mr. Fletcher, who is now president of the O. U. B. C."

Mr. Lehmann thought that a race might be arranged on the river Thames, between Putney and Mortlake, in the month of September, and that Mr. Fletcher and his companions expect to get a favorable reply is an open secret. It is a well known fact that a joint committee of Harvard and Yale has favored this project for some years, and it was the intention of the Americans to invite a representative crew of English college rowers to Chicago next season to take part in the national regatta there. It is more than probable that the winners of the Harvard-Yale race will meet the English rowers on the river Thames this year, and then ask for a return contest next year at Chicago.—London Sporting Life.

Worth Twenty Thousand Dollars to Him.

I. N. Locke, of Wayne county, Ind., was formerly an active trader. In May, 1872, he was in Chicago and bought a lot for a small sum. He put the deed in an envelope and placed it in his pocket with other papers. A few days afterward he lost the envelope and all its contents. He advertised for it, but really cared only for the notes, thinking the lot of little value. John Ritchey, a victim of softening of the brain, was wandering aimlessly on the street the day Locke lost his papers. He found them and laid them away, and even after his death no notice was taken of the supposed worthless papers. A short time ago John Ritchey found the package and gave it to Mr. Locke, and through his attorney his claim has been established. Had the deed remained concealed a few days longer the twenty years would have expired and no claim allowable. It is a lot in the boulevard addition, and the parties occupying it have given Mr. Locke $20,000 for a quit claim.—Chicago Letter.

Money in Trust for a Cat.

In Paris there is a cat whose future welfare has become quite a question of public interest. The animal belonged to a Mme. Dubrat, and his mistress was so fond of him that she left a sum of money in trust to the mayor of the third arrondisement, in which she resided, for the use of the scholastic fund (Caisse des Ecoles) on condition that a certain amount shall go toward pussy's maintenance. A trusty person is to be nominated by the mayor, who will undertake to house the lucky cat and give him three meals a day, consisting of such delicacies as lights, liver and heart. It is estimated that after this charge has been met there will only be about 200 francs a year left for the fund, and the question now agitating public functionaries is whether that sum is worth the responsibility to be incurred. —Paris Letter.

Queer Antics of Clouds.

Tuesday afternoon, during the rain and hailstorm, a cloud was observed a few miles south of this place that acted very strangely, to say the least. It was quite near the ground and seemed to be violently agitated. Suddenly the cloud seemed to burst asunder, one part going to the northwest and only forty or fifty feet from the earth. One of the sections passed over or through the tops of some tall poplar trees and shaved them off as if a gigantic mowing machine had passed that way. A heavy hailstorm also passed over a narrow strip of country near there, and at Sand Slough there were piles of them still remaining in spots late Wednesday morning. Very little hail fell here, and it was so small as to be scarcely noticeable.—Lemoore (Cal.) Leader.

A Church Shed for Bicycles.

The Center church committee is going to set aside one of the horse sheds as a bicycle shed. Not a few persons who attend the Sunday and week night meetings ride to and from the church on bicycles. Now they have to leave their bicycles outside, where the small boys tamper with them and where, in case of a sudden shower, the machines would be injured. The shed will be inclosed and conveniently arranged for the storage of bicycles. So far as we can learn the Center church is the first in the country to provide a bicycle shed.—Manchester (Conn.) Herald.

Trouble in the St. Clair Tunnel.

Great trouble is being experienced in ventilating the St. Clair tunnel, which was opened last year. Owing to the steep grades very heavy engines are used for working the tunnel section and such quantities of smoke come from these engines that it is difficult to get men who are willing to run them. It is now proposed fitting smoke consumers to the engines with a view of mitigating the nuisance.—New York Times.

Mummy Paint.

Sunstroke Stops the Wedding of 75 and 25.

A marriage was interrupted Thursday night by the groom becoming suddenly overcome with the heat and he had to be taken to his hotel, where he has been confined to his bed ever since.

The groom in question is Mr. W. S. Fowler who boards at the Enterprise hotel. Until a short while ago he conducted a livery stable on East Market street, but retired about a year ago with a comfortable fortune. Mr. Fowler is a widower, seventy-five years old, and has several grown children. A short while ago he met Miss Lillie Townsend, a young woman twenty-five years of age, who is employed by J. Bacon & Sons at the glove counter.

The courtship did not last long till the engagement was announced. Mr. Fowler's children, it seems, objected strongly to the marriage and did everything in their power to break off the match. They were unsuccessful, however, and June 15, the day set for the marriage, arrived. The wedding was to take place where Miss Townsend has boarded for several years. Everything was in readiness at the time appointed—the guests, the minister and the happy couple.

Just before the time for the ceremony Mr. Fowler became very faint and would have fallen but for the support of one of the guests. He soon lost consciousness and was taken to the Enterprise hotel in a carriage, where he was put to bed and the doctor summoned. His condition was found not to be serious, but he was suffering from a slight case of sunstroke.—Louisville Courier-Journal.

An Imprisoned Genius.

Alberto Lopaz, who was taken to Yuma recently to serve a two years' term for burglary gave his personal effects to his friends about the jail. Deputy Barry was presented with a facsimile of the Episcopal church made out of pasteboard. Lopaz could see the church from one of the jail windows, and he reproduced it almost perfectly. He borrowed a knife from Deputy Sheridan with which he cut up the pasteboard, and then made paste from flour with which to stick the pieces together. It is a piece of workmanship to be proud of. The greatest production of Lopaz while confined in jail here is a reproduction of the magnificent Merchants' exchange building in Guadalajara. The entire affair is constructed of paper. On the inside of the building are the stairways, etc., each perfect in its construction. The prisoner must be possessed of a memory much stronger than most men are, to remember every detail of that large structure for a number of years. However much genius the man possessed, he has made bad use of it.—Phœnix Herald.

Troublesome Seals.

The salmon fishermen down the river and bay are having trouble this spring from the seals, as usual. These pests are multiplying rather than decreasing and are causing great losses to the weirs. While the seals of the arctic regions have the reputation of being slow, stupid animals, hunters killing them with clubs, those on the Maine coast are the sharpest game to be found. They will go in and out of the salmon weirs, either by force or strategy, and eat all the fish they want. They are very hard to get a shot at, and when hit sink to the bottom, the carcass thus being lost to the gunner. One fisherman remarked on a recent Saturday that there was a small fortune in store for the man who would invent a trap that would catch seals and hold them. The bounty upon them doesn't seem to do a bit of good.—Bangor (Me.) Commercial.

No Buyer for Raleigh's Youghall House.

Sir Walter Raleigh's Irish home in Youghall, County Cork, which belonged to the late Sir John Pope Hennessy, M. P., was put up for sale by Messrs. E. & H. Lumley, in the Auction mart, Tokenhouse yard. The house is a fine specimen of Elizabethan architecture. It was there that Sir Walter smoked the first pipe of tobacco in Ireland and received an unexpected bath from a faithful servant maid, who, on seeing the blue smoke emerging from her master's mouth and curling around his head, thought Sir Walter was falling a victim to spontaneous combustion and threw a pail of cold water over him to extinguish the conflagration. Only £1,250 was bid for the property, which was accordingly bought in by the auctioneer, who said he could not think of selling a historical mansion like it for such a figure. —London Telegraph.

Telephone from Paris to Bordeaux.

At 3 o'clock yesterday afternoon the new telephone line between Paris and Bordeaux was opened. Complimentary messages were exchanged between the presidents of the chambers of commerce of both cities, and the minister of commerce, and the mayor of Bordeaux. The telephone works exceedingly well, every word being clearly heard. Before concluding the Elysee telephone was hitched on and a complimentary message sent through from Bordeaux to President Carnot, to which he replied in suitable terms.—Galignani Messenger.

Snow in June, but None in Winter.

Persons returning from the hills report that a foot of snow fell Wednesday. It extended down within 2,000 feet of the plains. A shower of "round" snow fell in the vineyards between Fresno and the base of the Sierra Nevada mountains, where no snow fell at any time last winter.—Fresno Cor. San Francisco Chronicle.

ONE MASS OF SCALES

Afflicted 3 Years by Dreadful Skin and Blood Disease, with Intense Pain and Loss of Hair.

All Other Remedies Fail. Relieved Instantly and Cured in Four Weeks by the Cuticura Remedies.

I have a few words to say regarding the CUTICURA REMEDIES. They have cured me in four weeks' time from a Skin and Blood Disease which I have had for over three years. At certain times, my skin would be very sore, and always kept cracking and peeling off in white scales. In cold weather my face was one mass of scales. When in the cold air the pain was intense; it would almost bring tears to my eyes, and my blood also being in a poor condition, with a loss of hair. I have tried every known remedy that was recommended to me, but it was of no use, and gave me very little benefit. So, hearing of your CUTICURA REMEDIES, I concluded to give them a trial. The first application gave almost instant relief. In a few weeks' time I found myself cured, and I am thankful for what they have done for me. Your CUTICURA REMEDIES are a blessing to those who may have the opportunity to use them. I can recommend them to any one.

WANTS FRUIT CAKE OR NOTHING.

The republicans, according to Miss Willard, have nominated for president an honest man and a Christian gentleman. "It was a tribute," said Miss Willard, commenting on the Minneapolis convention, "to the clear record, the manliness, the remarkable ability and the pure home life of our chief magistrate." Now she wants to blow up the party which made such a nomination and the nominee with it. The trouble with the talented editor of the Union Signal is the disease which afflicts all her sisters and brethren; she is covetous. If she can't get fruit cake she wants to starve. If she can't wear angels' robes she insists on the garb of a Fiji Islander. In other words, if she can't get a prohibitionist for president she is going to do her best to defeat the man whose nomination is "a tribute to the clear record, the manliness, the remarkable ability and the pure home life of our chief magistrate." For that is all the vote for the prohibition candidate can accomplish. Every vote in favor of that candidate is a vote in favor of throwing the election for president into the house, where the result can be anticipated.—Minneapolis Tribune.
