Board of trade tonight.

A whitewash in the police court to-day.

The band will be at the rink again to-night. A good time is promised.

One hundred and one voters, thus far, have registered in the First ward.

The boys who went to Omaha to hear the opera last night, say it was immense. They had front seats too.

A lot of boxes filled with new goods were unloaded at the Opera House Clothing Store this morning, branded "S. & C. Mayer."

Carefully glance over the advertisements in today's paper and inform yourself of what our business men are doing and what they have to do with.

The Nebraska State Teachers' Association is in session at Columbus. Our teachers don't indulge in column-buster but take their after dark over the front gate.

Eleven cars of cattle were shipped from Plattsmouth to Chicago yesterday. J. B. Holmes shipped five cars, T. S. Gore, and Gerran and Hugel and three cars each.

Frank White and U. V. Mathews are skimming around the Plat to today for feathers. Their plan is to scare the ducks until their feathers come out, then send the dogs after the feathers.

Judge Post, the new internal revenue collector, takes possession of the office and begins to draw his salary next Saturday. He doesn't regret taking the office, but it is drawing the salary that is the hard work.

The ladies who are conducting our art loan will publish a thirty page catalogue of the articles on exhibition. Business men are patronizing the catalogue liberally with their advertisements, and the HERALD prints them.

Let there be a general turnout at the Board of Trade meeting to-night. The question of railroads will be discussed, and it is a question of vital importance to the people of Plattsmouth. Talk is cheap but necessary, and is effective only when backed up by action.

George Calder cannot go on his good looks, nor on his being a Scotchman, nor even on his general good reputation and winning ways when Uncle Peter Merges can go in at a basket social, and after George has passed under the wish-bone, walk off with the wish-bone, basket, school ma'am and all.

A. W. White and Wiley Black started out on a field hunt for ducks south of town this afternoon. Farmers living six or eight miles out report fields alive with them, and Alf started out with the recollection of the time when he shot twenty-one ducks at one shot on a grain stack, and he expects to bag many birds.

Up at Sutton, a little town about one-sixth the size of Plattsmouth, they have organized a creamery association and have commenced the erection of buildings, etc. Why can't we have one here? Form a joint stock company and utilize in capital now lying idle. Enough cows run around on Main street every day to furnish milk for one of ordinary capacity.

Major Wheeler has been, the past few days, sending out crop circulars to be filled by parties over the county, giving statistics of all kinds of crops, the prices, the product of the last year, the amount on hand, and the prospects of the winter grain, etc. This is the first of a series of circulars that will be issued monthly, and the returns, as filled out, be forwarded to the department of agriculture, at Washington D. C.

The A. O. H. ball last evening was a complete success in every sense. Between sixty and seventy tickets were sold and the dancers just comfortably filled the hall. The supper at Murphy's popular restaurant was in keeping with the rest of the programme, and the dancing and eating were kept up until from sheer exhaustion they had to stop. The A. O. H. are to be congratulated upon the success of their first entertainment.

The Herald takes great pleasure in announcing Mrs. Simpson's Musical tonight, at her Music Rooms. Mrs. Simpson has worked long and faithfully in this city, and many indeed have received their musical instruction from her, which has always been a credit and pleasure to them. Every year Mrs. S. prepares her pupils for a Musical, similar to the one which they have had to-night, and which affords a pleasure and an opportunity for the pupils good opportunities for witnessing the progress made.

Personal.

George Hanson is spending the day in town.

Mayor Weckbach went to South Bend this morning.

Attorney Brown, of Ashland, passed through on No. 1 this morning on his way home.

M. T. Grassman returned this morning from Des Moines for a short visit with his parents.

Dr. Keller went to Omaha this morning to attend the commencement exercises and receive his diploma.

W. H. Baker, Plattsmouth, Nebraska, is treading the pavements at the Bluffs, and eating at the Ogden.—Omaha Bee.

Mark Palmer, of western Kansas, came in on No. 2 yesterday, for a few days visit with his sister Mrs. Geo. Clarke. He reports the west booming.

Walter Houseworth was down from Omaha last night to attend the basket social. Walter don't come down now as often as he used to. Wonder why?

Robert Wittke, private secretary of Gov. Hale, and a big stock man, from Wyoming, was a pleasant caller at the HERALD office today, in company with Henry McMaken.

Avoca Letter.

Avoca, March 26, 1883.

ED. HERALD:—Have been busy for the past two weeks getting Spring work done up early and wheat sown; however, I must spare time for a small budget of Avoca news this week.

Play an honest game, Dan, and look out for point.

E. F. Colby has returned from his business and pleasure trip in the S. sub, amongst his plans there, and reports having a pleasant time, and everything prosperous.

O. T. Rockwell has returned from his long visit in Michigan, bringing with him one of the fair daughters of that State, and with a Cupid and Hymen's Directory they are proposing to enjoy their honeymoon in a pleasure trip to the City of Mutual Affection, in the great State of Matrimony, with "H. N. C's" best congratulations and good wishes to go with them.

G. McAssey is threatened with an attack of inflammatory rheumatism; Dr. Packard in attendance.

Messrs. Grant & Houser sold out their grocery, dry goods and notion stock to H. C. Hennes, from Wis.

Our grain buyers cannot obtain facilities to ship more than one-third or one-half of the amount of corn they have chance to buy; they are short of cars all the time.

Gant & Houser propose erecting a new building this Spring, and stock it with implements and machinery.

I. Houser has moved into G. H. Sawyer's store room and house, and will use same as a residence.

J. E. Beatty has bought Al. Marshall's residence lot and commenced work on cellar at once. He will soon have a neat dwelling house erected.

Dr. Hildebrand has returned from his trip to Louisville.

Sawyer & Bennett are increasing their hardware, machinery, implement and furniture stock in volume and variety, ready for the Spring boom in trade.

Charley Spier remains for the present to assist H. C. Hennes.

Mr. Loomis, of Weeping Water, proposes to locate here in a few days as shoemaker. He is a good workman and deserves encouragement.

There is a report of a harness maker locating amongst us soon.

E. T. Smith has sold his residence to E. C. Marquardt. I. Marshall has bought Marshall's residence lot and intends building ere long.

We shall soon have four lines of telegraph over the Mo. Pacific; the work of erecting poles and cross-arms is being pushed rapidly forward.

THE JAPANESE TEA PARTY.

Many Attractions for the

The ladies of the Presbyterian church have all arrangements made for their entertainment. A leading feature of the occasion will be the Art Gallery and "Academy of designs," a magnificent collection which, while consisting chiefly of works of the modern school of art, embraces several of the Renaissance and a few originals from the old "masters." The music will be furnished that evening by the B. & M. band; and a supper of much magnitude will be spread for the guests. Everyone should attend.

Drs. Clutter & Marshall, dentists, Fitzgerald's block, have their beautiful suite of rooms fitted up in the finest style. They have all the latest improvements in the dental art, and are prepared to perform all operations in their line in the most complete and satisfactory manner. Both members of the firm are dentists of ability and experience. Dr. Clutter having an experience of sixteen years, and having enjoyed a most successful practice throughout this vicinity for the past five years. Dr. Marshall, the new member of the firm, comes among us with the highest recommendation from his former home at Burlington, Iowa.

The Basket Social.

The basket social last night was one of the most enjoyable gatherings that has assembled in Plattsmouth for some time, and unlike the average church social was not a bore. The most amusing feature was the sale of baskets. The amusing part of it to us was the fact that there were no baskets enough to go around, and it was aggravating, after fumbling our 25 cent piece in our hand until we had the eagle nearly worn off, to confidently wait up for a basket and discover that they were all gone. We weren't hungry, anyway, but just wanted to try our luck. And there was a married man who "got left" too, and he had to stand around and witness two young men loading up on the delicious viands his wife had prepared, and which he paid a couple of small boys a quarter to carry there. We know that man suffered, and we were glad, then, that we hadn't got that basket, and that we wasn't divided, ourselves, so as to have a better half.

Other young men, who had no families, but ought to have, were also disappointed in not getting baskets; they were hungry, too, and managed to get pretty close to the kitchen. Some of the young ladies (or old ones) must have known that more would be needed, and had an extra supply of good things in the kitchen so that there was some solace for the unfortunate after all. After supper music and a general good time were the order of exercises. All went home feeling that it had been good for them to be there, and all joined in pronouncing the basket social a most enjoyable occasion.

Remember the Board of Trade meeting tonight.

One hundred and fifty loaded cars were transferred over the Plattsmouth bridge yesterday. They were laden with grain, principally corn, from along the B. & M. west. The company have put on a number of extra trains, and yet the cry is for cars.

South Bend Letter.

One hardly knows these days whether he is in South Bend or Plattsmouth. Yesterday we had the pleasure of grasping the hand of J. M. Patterson, Joe Roberts, Croft Eikenberry, M. McElwain, M. A. Hartigan and a host of others. We understand they are here with a view of going into biz. So ere long you may expect to hear that we have a bank established by J. M. P., a paint shop by Mc, drug store by Joe, law office by Mike, and jail by Croft. We look for Jones and John Boone out in a day or two to start a livery stable and barber shop.

Our boys are having a picnic with the ducks and geese. Thad and Clarence Straight were out one morning and evening the first of the week and brought in ten geese and eight ducks.

Business with our merchants and grain men is dull this week.

Show in town last night, caught all the Platts boys, together with Billy Ruffner. More when I have more time.

SHAKRY.

River Report.

As furnished officially to the War Department.

The river at noon today, stood 7 ft. 4 in. above low water mark, showing a fall of 4 in. since noon yesterday.

A large flat boat floated past the city in the ice yesterday on its way down the river. The boat was about seventy-five long and very strongly built. Several attempts were made to capture it, but all were unsuccessful. It is supposed to have broken loose some where up the river near Plattsmouth. The ice was running so heavy at the time that no one, save some man who dared to have followed the boat in a skiff.—Neb. City News.

At the Japanese tea party to be given at Rockwood hall by the ladies of the Presbyterian church, many attractive features are being prepared to enliven the occasion; an art gallery will be among the features of note. A Japanese lady from a distance will be present. Supper will be served, and each one partaking will be presented with a Japanese cup and saucer. Supper, 35 cents; admission to hall, 10 cents; children, 5 cents.
