Wheeler & Co's office, to take steps to secure the diagonal road for Plattsmouth. The large attendance was in testimony to the fact that the business men of Plattsmouth are in dead carnest in this matter, and that the HERALD's work in bringing the diagonal before the people, is appreciated. The speeches made were

not numerous, but the assurance is out from every individual present that every man of them stands ready to do his part to secure the road. The meeting was called to order by President Carruth, who stated the object of the meeting under special call to be, to discuss ways and means of securing additional railroad facilities for Plattsmouth, and especially take immediate action toward secur-
