FORT SCOTT, Kas., March 29.—The mayor and postmaster of Empire City have sent an appeal here for aid to nurse and care for fifty persons who are down with small-pox. This city is quarantined against all surrounding places, and the disease is said to be on the increase. Much distress prevails and money, provisions and medicine, particularly money to pay nurses, is needed badly.

THE BANKRUPT LUMBERMEN.

OSHKOSH, March 29.—Arrangements have been agreed upon between the hands of J. A. Paige & Paige, and the Sixmuth lumber company, and their creditors, by which Samuel L. Libbey and Leander Choate are to act as assignees to settle the affairs of the two companies. Sufficient money will be advanced by the banks to enable the assignees to close out their lumber and logging business without interruption, and so realize a greater amount upon the assets.

THE TEWKSBURY ALMSHOUSE.

BOSTON, March 29.—The legislative committee appointed to investigate the charges made against the officers of the Tewksbury almshouse for selling bodies, is in session today. The counsel for the officers denied the specific charges. Gov. Butler was present, and said this was a trial. He was not a public prosecutor, but was present to give evidence by witnesses who knew whereof they spoke, adding: "I have neither a whitewash brush nor a blacking brush to use as weapons. Dr. John Dixwell, graduate of Harvard medical school, testified that students had received a large number of infant bodies, which they bought from Wm. Andrews, the janitor, at from $3 to $5 each. Andrews said he obtained all the bodies from the almshouse. Andrews has since killed himself. The dissection showed that in many cases the infants had had no food for twenty-four hours before death. The witness said the bodies were dissected on the same table with animals, and the remains swept into the same receptacle. Adult bodies cost so much that the students had to chip in to obtain them. John H. Chase, employed at the almshouse in 1880 and was discharged for drunkenness, testified to driving a team containining a large number of bodies from the almshouse tho Harvard. He heard Marsh, assistant superintendent, say he received $100 for adult bodies. There were between 300 and 400 deaths a year. Some bodies were pickled in pork barrels and sent to Boston by Marsh. Sometimes funeral services were held over coffins filled with wood. Butler offered a letter alleging that Marsh had prevaricated about the disposition of bodies. Adjourned.

Grosvenor, Briggs Cunningham and W. P. Lippincott called upon the president this afternoon and urged upon him the importance of having his cabinet represented from Ohio. Representative Butterworth, of Ohio, also had an interview with the president.

STAR ROUTE TRIAL.

In the star route trial Dorsey was on the stand, and described the routes from Trinidad to Madison, and from Garland to Parrot City, and claimed that his action in regard to the latter route had resulted in the discontinuance of over 100 miles of service. Nothing sensational was developed. The direct examination of Dorsey by Merrill was closed today, and cross examination commenced but no new points developed.

Adjourned till tomorrow.

THE MOST SUCCESSFUL REMEDY ever discovered as it is certain in its effects and does not blister; Also excellent for human flesh. READ PROOF BELOW.

FROM COL. L. T. FOSTER

Youngstown, Ohio, May 10th, 1880.

B. J. Kendall & Co., Gents:—I had a very valuable trambletonian colt which I prized very highly, he had a large bone spavin in one joint and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons who failed to cure him. I was one day reading the advertisement o Kendall's Spavin Cure in the Chicago Express, I deteamined at once to try it, and our druggists here sent for it, they ordered three bottles, I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame, and the lumps had disappeared. I used but one bottle and the colts limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it.

Very Respectfully,
L. T. FOSTER.

Kendall's Spavin Cure
ON HUMAN FLESH.

Patten's Mills, N. Y., Feb. 21, 1878.

B. J. KENDALL & Co., Gents:—The particular case on which I used your Kendall's Spavin Cure was a malignant ankle sprain of sixteen months standing. I had tried many things, but in vain. Your Spavin Cure put the foot to the ground again, and for the first time since hurt, in a natural position. For a family liniment it excells anything we ever used.

Yours truly,
REV. M. P. BELL,
Pastor of M. E. Church, Pattens Mill, N. Y

Send address for Illustrated Circular, which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success, to our knowledge, for beast as well as man.
